## CARD.

Halifax, N. S., Sept. 15th, 1854.

To HENRY PRYOR, Esq., Mayor of the City of Halifax.

SIR—The terms of office for which you were selected by the Suffrages of the Citizens of Halifax, to fill the Civic Chair, drawing to a close, we, the undersigned, the Citizen voters of the City, beg to solicit that your Worship will again allow yourself to be nominated, to refill the Chair you are now about, under our consultation, to resign. We, in common with the rest of our fellow Citizens, have witnessed your untiring zeal for the interest of the City during your incumbency, and the faithful and important manner in which you have discharged the various duties appertaining to your high and responsible office; and to the prompt and energetic measures taken by your Worship to ensure the health and cleanliness of the City, we feel that, under Providence, we are indebted for our escape from the visitation of that dire scourge, the Cholera, which has proved so fatal in the cities of the sister Provinces and neighbouring Republic.

Besides, the deep and stirring interest which you have taken in the erection of a City Prison, thereby supplying what has been felt to be a serious desideratum in our municipal institutions, renders it proper that, before you retire from office, you should complete the work that has been commenced under your guidance, and which owes its origin to your assiduity and forethought.

Judging from the past, we feel satisfied that to no better hand can we confide the various interests of our City for the Civic year now approaching, and we rejoice therefore, that the recent changes in the Law affords us the privilege of soliciting you to allow yourself to be nominated for the Election; and we pledge to you our warmest support, and the exercise of our best exertions to ensure your return.

GENTLEMEN.—The very complimentary manner in which you have thought proper to request me to allow myself to be again put in nomination for the Mayorship for the ensuing year, and the large number of influential names signed by all classes of my fellow citizens to the requisition just presented, leads me to the conclusion that you consider that my continuance in office may be the means of subserving the Public interests. I therefore feel that I have no alternative but to comply with your request.

I place myself in your hands, and should I again be honored with the high and responsible office I now hold, I trust that my future course of conduct may receive the same approval which you have so kindly accorded to my past.

I have the honor to be, gentlemen,  
Your most obedt. servant,

HENRY PRYOR.

To the gentlemen who have signed the foregoing Requisition.

There are two Terms per year, of Five Months each.—The next Quarter, or half term, will commence with October, and end 21st December. The Winter term will commence 1st January and end 5th June following. Pupils will also be received at any intermediate period, and charged only from the date of their arrival. There are five Pianos in the Establishment, and FORTY Music Teachers, and the pupils are under their immediate and constant supervision. No CHANGE is made to Boarders from the use of an Instrument, and it will be noticed that the number of Music, French and Drawing Lessons is far greater than is usual in other Schools.

The French department will continue under the care of Mademoiselle Louise Chouveau—a protestant French Lady from one of the principal Seminaries of the United States.—Daily conversation in French is insisted on, and it is believed, that there is no other School in the lower Provinces where the facilities for learning to speak French are so great, and where so thorough a knowledge of that language can be obtained. Five other Ladies are employed in the English department, Music, Drawing, French, &c. Every pains is taken to preserve the health of the Boarders by proper exercise, and those young Ladies whose parents may wish them to ride, are allowed the use of a quiet saddle horse. Amherst is a remarkably healthy locality, and possesses peculiar advantages for the education of delicate constitutions. The playground, which is large and enclosed with a high close board fence, is fitted up with a circular swing and other facilities for gymnastics, and the proprietor has recently erected in it, a covered shed, upwards of sixty feet in length, for exercise in wet weather.

The Seminary is situated quite near to the Telegraph Station and Post Office, and in five different places of public worship. Pupils remaining during the vacation will be charged Ten Shillings per week for board and washing. Any further information can be obtained on application, post paid, to
