## COE'S SUPER-PHOSPHATE OF LIME,

AS A

## MANURE FOR WHEAT.

(Letter from Mr. Albert Knight, M.P.P., of St. Lawrence, C.E.)

PARLIAMENT HOUSE,  
Quebec, Feb. 8, 1865.

Dear Sir,—I used some of Coe's Super-phosphate of Lime last year, by way of experiment, upon my farm in St. Lawrence on different crops.

I am able to give you the result only upon Wheat, and on this crop it was very successful.

On a field which had been well manured the previous year, and planted in Potatoes and Turnips, I sowed Spring Wheat ("Scotch Fife"), and applied Phosphate at the rate of about one barrel per acre, and harvested in with the seed. The crop grew remarkably well; the stalks were even, tall and strong, and stood erect until the grain was ripe. I do not think there has been a field of wheat raised in the County for many years that presented so fine an appearance as this field did before harvest. It was seen by, I suppose, more than a hundred farmers, who stated that it was the best looking field they had ever seen. The yield was 70 bushels and 39 lbs, weighing 60 lbs to the bushel from 1½ acres of ground.

Similar ground, treated in a like manner, except the Phosphate, yielded only 12 bushels per acre.

My experience has convinced me that Super-phosphate is especially adapted to the growth of Wheat, as it imparts vigor and firmness to the stalk, and gives a large product of grain, by supplying the elements necessary to the complete filling out and ripening of the kernel.

I shall make a larger use of it the ensuing Spring, and my good success last year will induce many others also to use it.

I am, very respectfully yours,

A. KNIGHT.

To cure TOOTH ACHES.—Use Henry's Vermont Liniment. Saturate a bit of cotton and put in the cavity of the decayed tooth. If the cotton will not remain, take a teaspoonful of the Liniment in a little hot water, as warm as you can bear it in your mouth and hold it there against the tooth as long as possible. Two or three drops, dropped in the tooth, will give relief. The first application may not always stop the pain, but repeated trials will certainly bring about the desired end. The Liniment is good for pains of all kinds. See advertisement in another column.

## A GREAT TRIUMPH.

Read the following letter from one of our most respectable citizens:

Messrs. Devins & Bolton, Druggists, Notre Dame Street, Montreal:

Gentlemen,—Having suffered severely for four years from palpitation of the heart, and frequent attacks of fever and ague, with loss of appetite and great pain after eating, attended with weakness and gradual wasting away of body, I was induced to try BRISTOL'S SUGAR-COATED PILLS, and found from the first bottle considerable relief, and before I had finished the sixth, found my maladies completely removed, my appetite good, and my body vigorous and strong. I feel it my duty gratefully to acknowledge my cure, and to remark I had previously been under the first physicians in Toronto, Chicago, Cleveland, and Toledo, without receiving any permanent or even satisfactory relief.

Yours gratefully,  
ALFRED TUCK,  
Soap and Candle Maker,  
Craig Street, Montreal.

BETWEEN HEALTH and the GRAVE there is but a thin partition, and all who value life are willing, it is presumed, to do their best to prevent disease from breaking it down. Who so mad as to wait the final attack, when the first onset can be repelled with BRISTOL'S SUGAR-COATED PILLS, a preparation so genial and balsamic, so searching, yet so invigorating, that while it fights down the complaint, and expels its cause, it also builds up the strength and braces the constitution of the patient. Composed of antibilious and cathartic vegetable ingredients, of safe and searching, it is the only cure for disorders of the stomach, the liver, and the bowels, which can be relied upon under all circumstances, and in all climates. The idea of pain is justly associated with ordinary purgatives; but BRISTOL'S SUGAR-COATED PILLS do not create even an uneasy sensation, either in the stomach or the alimentary passages. Need it be said that they are the best household cathartic and alternative at present known. They are put up in glass vials, and will keep in any climate. In all cases arising from, or aggravated by impure blood, BRISTOL'S SUGAR-COATED PILLS should be used in connection with the Pills.

MURRAY & LANMAN'S FLORIDA WATER.—Tastes as various in relation to perfumes as to wines. All gourmets, however, admire the Claret Champagne; and ladies of taste and refined perceptions admit that the fragrance of Murray & Lanman's Florida Water surpasses that of every other floral essence. In South America it is the only perfume in use, and although recently introduced into this market, it is in equal favor with our fair countrywomen. It is prepared from fresh flowers, but as the aromatic vegetation of Florida is more odoriferous than that of Europe, the Florida Water (bearing the above trade mark) has decidedly a richer odor than any European extract. See that the names of "Murray & Lanman" are upon every wrapper, label, and bottle; without this none is genuine.

TURN OF LIFE.—You are on the eve of the 'turn of life,' a period when, both in male and female, the body requires bracing up, to enable it to round the point, not only with safety, but with freedom from disease after. HOOPLAND'S GERMAN BITTERS, the best tonic in the world, will strengthen your system, and give you vigor of frame, that will enable you to pass safely through all critical periods. These Bitters are for sale by all druggists and dealers in medicines.

A GOOD DEED.—All men should be proud of noble actions, and it is with pride we this day call the attention of our readers to the name of a man who has done much to alleviate the sufferings of his fellow men. That man is the Rev. N. H. Downs, the originator of "Downs' Vegetable Balsamic Elixir." This Elixir, which is composed of pure vegetable extracts and Balsams, is a sure cure for coughs and colds.

Through a trial of many years and through every nation of civilized men, AYER'S CHERRY PECTORAL has been found to afford more relief and to cure more cases of pulmonary disease than any other remedy known to mankind. Cases of apparently settled Consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of human aid have been restored to their friends and usefulness, to sound health and the enjoyments of life, by this all-powerful antidote to diseases of the lungs and throat. Here a cold had settled on the lungs. The dry, hacking cough, the glassy eye, and the pale, thin features of him who was lately lusty and strong, all pointed to all but Consumption. He tried every thing; but the disease was gnawing at his vitals, and shows its fatal symptoms more and more over all his frame. He is taking the CHERRY PECTORAL now: it has stopped his cough and made his breathing easy: his sleep is sound at night: his appetite returns, and with it his strength. The dart which pierced his side is broken. Scarcely any neighborhood can be found which has not some living trophy like this to shadow forth the virtues which have won for the CHERRY PECTORAL an imperishable renown. But its usefulness does not end here. Nay, it accomplishes more by prevention than cure. The countless colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of incurable disease. Influenza, Croup, Bronchitis, Hoarseness, Pleurisy, Whooping Cough, and all irritations of the throat and lungs are easily cured by the CHERRY PECTORAL if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep from many a flock, the darling lamb from many a home.

## WISTAR'S BALSAM

## WILD CHERRY

Has been used for nearly

## HALF A CENTURY,

With the most astonishing success in Curing

Coughs, Colds, Hoarseness, Sore Throat, Influenza, Whooping Cough, Croup, Liver Complaint, Bronchitis, Difficulty of Breathing, Asthma, and every affection of

## THE THROAT, LUNGS AND CHEST

Including even

## CONSUMPTION.

There is scarcely one individual in the community who wholly escapes, during a season, from some one, however slightly developed, of the above symptoms—a neglect of which might lead to the last named, and most to be dreaded disease in the whole catalogue. The power of the 'medicinal gum' of the Wild Cherry Tree over this class of complaints is well known; so great is the good it has performed, and so great the popularity it has acquired.

In this preparation, besides the virtues of the Cherry, there are commingled with it other ingredients of like value, thus increasing its value ten fold, and forming a Remedy whose power to soothe, to heal, to relieve, and to cure disease, exists in no other medicine yet discovered.

CERTIFICATE FROM L. J. RACINE, Esq., of the

Minerve:—

Montreal, C.E., Oct. 20, 1858.

S. W. Fowle & Co., Boston—Gentlemen,—Having experienced the most gratifying results from the use of Dr. Wistar's Balsam of Wild Cherry, I am induced to express the great confidence which I have in its efficacy. For nine months I was most cruelly afflicted with a severe and obstinate cough, accompanied with acute pain in the side, which did not leave me, summer or winter. In October the symptoms increased alarmingly, and so reduced was I that I could walk but a few steps without resting to recover from the pain and fatigue which so slight an exertion occasioned. At this juncture I commenced taking the Balsam, from which I found immediate relief, and after having used four bottles I was completely restored to health. I have used the Balsam in my family and administered it to my children with the happiest results. I am sure that such Canadians as use the Balsam can but speak in its favor. It is a preparation which has only to be tried to be acknowledged as the remedy par excellence.

Your obedient servant, L. J. RACINE.

## CURE FOR WHOOPING COUGH.

St. Hyacinthe, C.E., Aug. 21, 1856.  
Messrs. Seth W. Fowle & Co., Gentlemen.—Several months since a little daughter of mine ten years of age, was taken with Whooping Cough in a very aggravated form, and nothing we could do for her seemed in any way to relieve her suffering. We at length decided to try a bottle of your Dr. Wistar's Balsam of Wild Cherry. In three hours after she had commenced using it, she was greatly relieved, and in less than three days was entirely cured, and is now well. I have since recommended the Balsam to many of my neighbors, who have used it, and in no case have I known it fail of effecting a speedy cure.

You are at liberty to make any use of the above you think proper. If it shall induce any body to use your Balsam I shall be glad, for I have great confidence in it.—Yours,

P. GUITTE.

Messrs. S. W. Fowle & Co., Boston—Gentlemen.—Having experienced the beneficial results of Dr. Wistar's Balsam of Wild Cherry, in my own person and with other members of my family, in cases of severe coughs and colds, I unhesitatingly give you my testimony, believing it to be the remedy par excellence for all diseases of the throat and chest, and would sincerely recommend it as such.—Yours, &c.,

JOS. TANNER.

FROM A HIGHLY RESPECTED MERCHANT AT PRESOTT, C.W.

I with pleasure assert that Dr. Wistar's Balsam of Wild Cherry, is, in my belief, the best remedy before the public for coughs and pulmonary complaints.

Having tested the article with myself and family, in cases of severe coughs and colds, for years, with uniform and unexceptionable success, I unhesitatingly recommend it with full confidence in its merits.
