GOOD FAITH.—To carry a full stock of parts for all the lines of Machines and Implements indicated above, which may or may not be sold, requires an enormous lock-up of capital, but it is a pledge of good faith on the part of MASSEY-HARRIS Co., Ltd. to the old customers of the Companies now composing it.

PROMPT SERVICE.—No system could be more complete than the MASSEY-HARRIS method of entering and executing orders for Repair Parts, by which thousands upon thousands of pieces are shipped annually with marvellous despatch and accuracy.

CAUTION.—Do not buy inferior repair parts made by parties who have no interest whatever in the reputation and successful working of MASSEY-HARRIS MACHINES. The knives, sections, ledger plates, teeth, springs, guards and other parts furnished by us are all of the same quality as those put upon our latest machines.
