

Business of the House

March 31, 1950, was presented by Hon. Douglas Abbott (Minister of Finance), read by Mr. Speaker to the house, and referred to the committee of supply.

BUSINESS OF THE HOUSE

Mr. St. Laurent moved the adjournment of the house.

He said: As determined by a motion adopted earlier today, the business tomorrow will be the consideration of the speech from the throne. I imagine it might suit the convenience of hon. members to learn now whether we are to go beyond the speeches

of the mover and seconder. The usual practice has been to have the mover and seconder speak on Friday and then have the debate adjourned until the following Monday. If it were desired to follow that practice in this instance I think hon. members would be glad to be so advised, so they might make their plans accordingly. If that is agreeable to the leader of the opposition (Mr. Drew) I think hon. members might like to know.

Mr. Drew: Yes, Mr. Speaker; that procedure will be agreeable.

Motion agreed to and the house adjourned at 5.07 p.m.
