

BILL TO MAKE THE INSURANCE COMPANY BEAR RESPONSIBILITY

Measure Introduced by C. R. McKeown of Dufferin to Safeguard Beneficiaries of Wills, Where Proof of Age Was Not Required, Is Sent to a Special Committee of Legislature.

Everything should be settled when the policy was taken out. Mr. Donovan repeated his objections to the bill, so it was decided to refer it to a special committee to be dealt with.

Thousands Disfranchised. William McDonald (Centre Bruce) brought in a bill to amend the Ontario Election Act so as to allow the names of men living in the county districts, who were in their twenty-first year, to be placed on the voters' list by the assessors when they made their rounds in the spring.

Some Opposition. A. E. Donovan, Conservative, of Brockville, who is an insurance man, stated that in his experience he had never heard of a case like the one narrated by Mr. McKeown.

Dr. Forbes, Godfrey, Conservative, of West York, said that he had experience of examining applicants for insurance he had never found one performed that an age certificate was necessary to the policy.

EAR-JARRING MOTOR CAR NOISES MAY BE PREVENTED

George H. Gooderham Introduces Amendment to Motor Vehicles Act to Prohibit Use of Objectionable Signal Devices and Headlights in All Cities—To Safeguard the Public.

If the bill introduced in the legislature by George H. Gooderham, Conservative member for South Toronto, is passed, motor cars will not carry glaring headlights and drivers will not be able to make unearthly noises in cities.

One of the clauses reads: "When a motor vehicle meets or overtakes a street car, which is stationary, for the purpose of taking on or discharging passengers, the motor vehicle shall not pass the car on the side on which the passengers are getting on or off."

Another clause reads: "When a motor vehicle meets or overtakes a street car, which is stationary, for the purpose of taking on or discharging passengers, the motor vehicle shall not pass the car on the side on which the passengers are getting on or off."

Still another clause reads: "A police magistrate or justice of the peace, before whom a person is convicted of...

BANKS UNFAIR TO DEPOSITORS CHARGES ARE MADE IN SENATE

Senator Power Urges That Government Set Example by Increasing Rate of Interest on Deposits in Postoffice and Other Government Savings Banks—Emphasis Laid on Huge Banking Profits.

OTTAWA, March 7.—(Can. Press).—The banks were criticized in the senate today, and that body then adjourned until the end of the month.

Senator Power called attention to the liberal way in which depositors in Canadian banks are dealt with, and asked "whether it is the intention of the government to increase the rate of interest on deposits in the postoffice and other government savings banks."

In support of his statement Senator Power said he thought it was generally recognized as desirable that there should be a general distribution of wealth or prosperity in the hands of any class. The general distribution of wealth and the general distribution of comfort were necessary for the best interest of society.

"That being the case, it is the duty of every public spirited man to prevent anything like a monopoly of wealth and prosperity and to encourage as far as is consistent with his duty to his own family the general distribution of wealth and prosperity."

Banks and the People. "That being the case, it is the duty of every public spirited man to prevent anything like a monopoly of wealth and prosperity and to encourage as far as is consistent with his duty to his own family the general distribution of wealth and prosperity."

OTTAWA, March 7.—(Can. Press).—That the Roman Catholic Church in the last ten years has made the largest percentage of increases as compared with other denominations is indicated in figures just issued by the census department.

Roman Catholics are now 41.43 per cent. of the total population; Anglicans 33.85 per cent.; Methodists 17.11 per cent.; Presbyterians 15.64 per cent., and Baptists 3.52 per cent.

Then, too, the banks held real estate of great value. While he did not object to the banks being prosperous he thought they could afford to be a little more generous with their depositors.

them only as in his opinion they should be treated. Senator Power adjourned the debate.

A government bill amending the Grain Act was given second reading. Hon. Mr. Loughheed said that the amendments which he made to the Grain Act provided chiefly for details of administration.

The bill embodied no question of policy. The most important change was a provision enabling the government to appoint weighmasters at mills, elevators or other points where marketing points might be established.

There was no provision in the present act which would enable the government to do this. The government would appoint a weighmaster at a point where a marketing point was made and guarantee him the allowance of the person appointed.
