What It Is

P***

THE Pocket Testament League is a world-wide interdenominational Movement of those who have agreed to comply with the conditions of membership as set forth by the League's Pledge. The object of the League is to create an interest in, a love and respect for, and a knowledge of God's Word. To create for His Word a larger place in our individual and national life.

The League is now at work in many lands, including Great Britain, United States, Australia, China, Korea, Japan, Philippine and South Sea Islands, Holland, Norway, Germany, South Africa, Denmark, Siberia, Italy and Canada.

Early in 1911 the Movement was introduced into Canada, with Headquarters at Toronto.
