The sale of Mr. Cummings' interests in the Slater Shoe Stores in Toronto and Hamilton was rather unexpectedly precipitated, and finds the stocks most complete and seasonable, and in all the newest footwear fashions, and for the very reason makes such a sale as this \$100,000 stock will afford one of more than ordinary importance to the public. A fact worth special emphasis is the saving to you of from one dollar to one-fifty on Slater Branded Footwear for men and women. The sincerity of the sale is in the circumstance that has forced it on—and the charm of it will be in being able to buy goods of such standard of merit at such prices.
