CANADA'S GREAT FAIR

Garrison Common to the city for the purposes of a public park." At this stage Mayor Coatsworth pricked his ears. "I was assured if the request was Mulock, and it was said that the lettors were better delivered when he was post-master-general than at present, since several invitations had gone astray, among them one to R. L. Borden, M.P. Mr. George deeply regretted the cir-cumstances that had placed him in the chair, and he felt sure he was joined by all the officials of the fair and the citizens generally, in sympathizing with President McGillivray in his serious illness. The royal toast was then drunk with musical honors and cheers. Donald Mc-Gregor sang a patriotic diffy Continued From Page 1.

The royal toast was then drunk with musical honors and cheers. Donald Mc-Gregor sang a patriotic ditty. Paying him a fine compliment for his practical efficiency as postmaster-general, President George introduced Sir William Mulock as one always ready to devote his time and energy to the advancement of Toronto. Thru him it had been possible to purchase the advancement of a plece of park work would have a

it had been possible to purchase the landscape and a piece of park not to be garrison common addition to the fair surpassed in beauty in Canada, or, pergarrison common addition to the fair grounds. The toast of Sir William's health was drunk with cheers. Don't Need the Soldiers.

As Others Saw Him.

"This Canada is in fact the only country in the world worth living in which is not burdened by some huge military debt handed down by ances-tors," ne continued, reverting to the Sir William acknowledged the compliments he had received, but said he could not have recognized himself from Mr. George's account. He could truth-tuily say from the bottom of his heart tors," ne continued, reverting to the previous theme. "Our energies are INTERCOLONIAL RY. EXHIBIT. NATURAL HISTORY BUILDING MAIN ENTRANOB-LEFT. Representative -MR, LYNDSAY. Hain say from the bottom of his heart that he could recall no banquets which gave him such satisfaction as the dn-nual banquets of the exhibition. Froud of her past, confident of her future, To-ronto might well appreciate the growth of the fair, at first thought to be epne-meral, but now grown into the percent man may come and not pay tribute for the mistakes of his ancestors." Sir William then turned to the matnent Canadian National Exhibition.

It was a pleasure to see the strong and able men of Canada, Irrespective of politics—and he did not know what Mr. George's affiliations were—taking part in public work of this nature, and he could only wish that Mr. George would take part in the public interesting Sir William then turned to the mat-ter in hand and with a dramatic ges-ture and a playful sentence or two "touched the button." The horns at the machinery building immediately raised their clamor, the wheels started, the band played the National Anthem, everybody cheered and the exhibition would take part in the public interests everybody of the country. of 1906 was in full swing. He welcomed those from abroad, from
