 the Separation of Church and State in France.  
 Mrs. George Kerr gave a delightful account of her visits to missions in Paris, after which the election of officers took place, resulting as follows: Hon. president, Mrs. Duncan Clarke; president, Mrs. T. M. Harris; vice-presidents, Mrs. Laird, Mrs. G. M. Wrong, Miss Ingalls; treasurer, Mrs. Joseph Henderson; secretary, Miss Gordon; executive committee, Mrs. W. C. **PICTURES OF ITALY.**  
 Some interesting views of Italy from the brush of J. B. Spurr are to be seen at Mackenzie & Co.'s, 65 Yonge-street. Mr. Spurr has chosen the ceramic medium of working up his sketches, which consist of general views, ruined castles, fountains and temples, with antiquity has contributed pictures of queens. A street fountain in Assisi, in which every line and curve is a masterpiece of the Renaissance, makes a delightful picture. The glaze over three firings of paint gives great transparency to the shadows and lends a vivacious atmosphere so often found wanting in pictures painted with denser medium. There is another picture of Assisi showing the quaint medieval city and the distant Umbrian hills, with the fibers flowing at their feet. Mr. Spurr has chosen the neglected bits of Italy. Altho a visitor at Venice last year he has not a sketch from this artist's Mecca. This is the first time that the pictorial art has evolved itself in original work thru this medium in Toronto, which has many decorators in conventional and floral work. The works are novel and rare, as scenic painting is almost exclusively done in Dresden and copied and re-copied ad infinitum, except in special presentation work, when the piece is made to order and is exclusive. Lake Garda, Rome, Ranello and Sermona have been drawn upon for views, which, like the glazed ware of Babylon, will never fade and last to all eternity.

**2442—ONE OF THE NEW PLEATED SKIRTS.**  
 The separate skirt is to be very popular during the coming months, and its most fashionable guise is a multitude of pleats. Here is a skirt rather unique in style and yet not difficult to fashion. There are eleven rows, the extra fullness let in at founce depth being arranged in side pleats with inverted pleats at front and back. This ensures a perfect fitting upper portion and plenty of fullness at the lower edge. Checks and stripes are very smart for these odd skirts and either might be used here while one of the many plain materials would also prove pleasing. For the medium size 7 1/2 yards of 42-inch goods are needed. The price of this pattern is 10 cents.

**GROWING OLD WHILE YET YOUNG**  
 What a number of women there are who feel that these words exactly suit their case.  
 There are thousands of females all over our land, broken down in health and dragging out a miserable existence, overburdened with disease peculiar to their sex, apparently growing old while yet young. From early morn till late at night they have been on the go year after year, attending to the household duties. Is any wonder then that sooner or later there comes a general collapse? Palpitation of the heart, nervous prostration, smothering and sinking spells, weakness, dizziness, sleeplessness and many other troubles follow. What a woman wants is something to build up the system and for this purpose you need a household tonic.

**MILBURN'S HEART AND NERVE PILLS**  
 Mrs. W. J. Russell, Vasey, Ont., writes: "At one time I suffered greatly from my heart and nerves, and the shortness of breath was so bad I could scarcely do my household work. A friend of mine advised me to try Milburn's Heart and Nerve Pills, which I did and I only took them for a short time before I was better."  
 The price of Milburn's Heart and Nerve Pills 50 cent per box or 2 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**SMALLPOX IN BRUCE.**  
 Authorities Have Difficult Task in Sparingly Settled Country.  
 The Warton Echo reports that smallpox "is rampant in St. Edmunds, Lindsay, and we are informed through parts of Easton," and goes on to say that "information has been given us by a prominent resident of the township which has thrown a light upon the way that the whole thing has been handled and which calls, if true, for the most severe censure upon the local board of health. There has practically been no quarantine. Children from infected houses have attended the district school. Men stricken with this loathsome disease have kept on with their work and others from houses where it has been have gone into public places of every kind."  
 Dr. Hodgetts of the provincial board of health received last night a letter from the M. H. O. at Lion's Head, in response to an enquiry from Dr. Hodgetts. The letter says that the local authorities are doing all they can in the way of quarantine, but points out that the doctor has charge of three townships, over an extent of 50 miles, in a country which is sparsely settled. About 150 people have been vaccinated so far.

**EIGHT IN ONE WEEK.**  
 Renfrew's Leading Merchant Tailor Announces His Conversion.  
 Renfrew, Feb. 28.—A week ago Isaac E. Pedlow of this town announced that he was giving up "antiquated nineteenth century methods," and was going to "adopt the modern methods of tweeds and worsteds which he had used in his mercantile tailoring business for the past twenty years." He took orders for \$500 worth of Semi-ready tailoring, sending these to be made up in the tailoring shops in Montreal. "This was a complete stock of Semi-ready," said Mr. Pedlow, as he announced that he was going to give up his old class tailoring and start with a very large order and compete with such well-known firms as the Semi-ready agency in one week recently.

**LAI D AT REST.**  
 Funeral Services of A. B. Lee and Wm. Adamson.  
 The funeral of the late Major A. B. Lee which took place from his residence, 71 Water Street, Thursday afternoon, was attended by a very large gathering of representative citizens prominent in the military and commercial life of the city. The pallbearers were: William Houston, P. H. Fyfe, Joseph Fyfe, John Barker and some 30 members of the Queen's Own Rifles, W. K. George, R. H. Pearson, J. W. C. Crowther, Dr. J. Sterling Ryerson, Henry Gorderham, James R. Ross, James Bickel, R. C. and W. F. Lewis, were also present. A large gathering of the friends of the late Major Lee were assembled at the family residence to pay the last tribute. Rev. Mr. Fasken, pastor of St. Paul's Presbyterian Church, gave the short address. The services were taken to St. Paul's Church, where the pallbearers were: William Houston, P. H. Fyfe, Joseph Fyfe, John Barker, W. D. McInosh, William Munro and John Bain.

**COVERS TOO MUCH.**  
 Exception Taken to Wording of C.N.R. Application.  
 Ottawa, Feb. 28.—The Canadian Northern Ontario Railway Co. Bill, to give the company permission to build branch lines in Ontario, was considered in the common sense committee this morning.  
 It was discovered that the clause limiting the time for construction covered "the lines of railway which the company is hereby or has heretofore been authorized to construct." Mr. Emmerson pointed out that the addition of the words "or has heretofore been" would grant an extension of time for the construction of the line granted in previous years to the James Bay R.R. Co., such as the line from Toronto to Ottawa and from Toronto to Sudbury. Some of these branches might be outlived by now. Mr. Emmerson appeared to be a surprising attempt to renew characters. At the minister's suggestion the bill was referred to a sub-committee of five.

**CANADA TO HAVE SHORTEST TRANS-ATLANTIC SERVICE**  
 Newfoundland Legislature Considering Proposal of London and Paris Capitalists.  
 Halifax, Feb. 23.—In the Newfoundland legislative assembly last night, Premier Bond proposed the adoption of a contract between the Newfoundland government and the Messrs. Ochs, capitalists of London and Paris, proposing for the establishment of a short line of trans-Atlantic steamers between Killery, on the west coast of Ireland, and Green Bay, on the east coast of Newfoundland.  
 The plan provides for a two-hour railway trip across the colony to Port au Basque, where a twenty knot steamer is to convey mails and passengers to Gaspé, Quebec, in summer, and Sydney, C.B., in winter.  
 The promoters claim there would be a saving of thirty-two hours over any other trans-Atlantic route. The project must take shape within two years or all liability on the part of the colony will cease.  
 Should the capitalists carry out their announced plans, the Newfoundland government proposes to pay them \$75,000 annually for 25 years.  
 The Messrs. Ochs are given the right to construct a tunnel under the Strait of Belle Isle within eight years and establish railway connections between the proposed line thru Labrador and the Newfoundland Railway. The legislature will act on the contract within a few days.

**RELIEF OF THE KINGSTON SUFFERERS**  
 At the final meeting of the Jamaica relief committee the treasurer, D. A. McKillop, reported that \$445.80 had been received and disbursed as follows:  
 Amount sent to missionaries representing the various denominations in Kingston for the relief of the sufferers, \$42.13; expenses incurred by shipping, etc., \$5.18; leaving a small balance of \$13.54 still to be remitted. Seven cases of clothing have already been shipped, and the committee are hoping to be able to send another very shortly.  
 Letters of deepest gratitude have been received from those to whom these donations of clothing and cash relief had been sent. One lady tells her husband was amongst the killed, and now she is left with three young children, the youngest an invalid, with the problem of their combined support facing her. Another, a faithful missionary in the City of Kingston, writes that home, furniture and every worldly possession is lost, and to-day he and his family are without a bed or refuge in a small outbuilding, which without the earthquake.

**REAL SUCCESS IN LIFE.**  
 How a Man Manages His Private Affairs, So Will He Prosper.  
 The most abused word in the English language is the word "bargain." Very often the word is used in the shoe trade to get rid of shoes in which the virtue has gone out of the leather. Not long since a lot of shoes which had been through both fire and water were sold as "bargains." Soak a pair of shoes in the oven, and then take them in the open, and see how the leather cracks to pieces.  
 Success in business means good judgment in buying. The failures are caused by bad judgment. Success in life follows good judgment in not wasting money. You will see that every successful man buys boots and clothing of the highest quality. The steering clear of so-called bargains. The man who buys a Slater shoe knows that he is getting better value than when he buys cheap shoes. The Slater shoe is stamped price is cheaper than the unknown shoe reduced from its price originally put upon it by the dealer. The Slater Shoe Company makes the shoe, and makes the price, 100.

**LESSON IN KNOWING HOW.**  
 Scene: Corner of Nassau-street and Augusta-avenue.  
 Time: Yesterday afternoon.  
 Characters: A man and a horse that wouldn't go another man, bargaining.  
 First man: "I say, mate, lend us your whip. My horse has been standing here for half an hour and won't budge."  
 Second man: "No, I won't."  
 Dismounts and walks over to the hailing stand. Looks at the collar, puts its nose, takes the bridle and says, "click click. And the horse moves off."
