Wheat—Market to-day ruled nervous at the close of the market to-day ruled nervous the first stages of Hay Feyer which Wheat—Market to-day ruled nervous and generally lower, prices off about %c early, from which there has been a fair reaction. Local crowd sold rather freely early, but have been covering later. There has been some fairly good buying by cash interests on decline to-day, one house taking about three-quarters of a little wheat. Continuation of telegraph troubles, lower cables, favorable weather weaker markets northwest, larger world's will be made in a day or two.

11,000 farm hands, Saskatchewan 7000, and headaches. These are the first contingent is required to reach winches as son size and headaches. These are the first stages of Hay Fever, which increase in severity till frost comes. The first contingent is required to reach Winnipeg by Aug. 25, and the others as soon after as possible. The Canadian Pacific Railway is preparing to run a series of farm laboration of telegraph the dates leaving the various sections will be made in a day or two.

## TRADING BEGOMES SMALL PRICES FAIRLY STEADY

Cobalt Mines Hold Comparatively Firm Considering Weakness in Other Securities.

World Office, Monday Evening, Aug. 12. The same feeling of depression which overhung the New York stock market was prevalent in the local mining markets to-day. The only cause for congratulation in the day's business was that it appeared difficult to force out stock, the volume of transactions plainly stock, the volume of transactions plainly showing that to a large extent holders were not inclined to sacrifice their stock. Nipissing broke to a lower level on the New York curb, and locally such shares as Foster and Trethewey were marked down a couple of points. The Cobalt issues were not helped by the day's news, the shipments from the camp last week being comparatively small. The best evidence that the market presented super-

have shown values averaging eight dorlars in gold to the ton.

M. E. Coxon, the well-known mining engineer, left Cobalt to-day to inspect and report on some Larder properties, and took with him an assayer and an assistant. He will spend ten days at Larder, and will proceed immediately to England to report to his principals.

Mr. Coxon was not handing out any information, but it is believed here that he went north to inspect the properties owned by the Larder Lake Proprietary Mines Company. Many people here believe that Larder is on the eve of a bla boom.

Messrs. Low, Brodie, Haight and McCrossen have sold to a Buffalo syndicate their properties bordering on the Reddick and Calverley lots. They also adjoin the Parnard Point Company's claims. A gang Charles Head & Co. report the following closing transactions and sales on the New York curb:

TO WALK 1000 MILES. 63 Years Old Cincinnati Man Will

Make Attempt. CINCINNATI, Aug. 12.-For the benefit of science, Dan O'Leary, 63 years old, pedestrian, who has walked a total of 98,000 miles during his lifetime, will attempt to walk a thousand miles in 1900 consecutive hours

on a local track. The track will be well padded with tanbark, and in the centre will be a tent with provisions, where O'Leary will rest each hour after he completes

the mile. Each day physical examinations will be made and a record kept. Local physicians declare it impossible for a man to accomplish the feat, but O'Leary says he will do it.
The start will be made next week.

LORD SEFTON RESIGNS.

LONDON, Aug. 12.-Lord Sefton, who was appointed master of the horse when Sir Henry Campbell-Bannerman first framed his ministry, has resigned as a protest against the land legislation inaugurated by the Liberals.

In officially announcing his retirement, his lordship says it was due to "not being in accord with the extreme measures of the government."
This is the first defection from the Campbell-Bannerman ministry.
