Hamilton, May 1 .- (Special.) - The City Council held a special meeting to consider the bylaw for raising \$150,000 for good and Army and Navy veterans society.

The Board of Works in its report recommended the passing of a bylaw to raise that amount. Aid, Hobson spoke against the recommendation, Aid, Findlay against the recommendation, Aid, Findlay and Aid, Nelligan supported it, and the but he declares his company will come out on too.

the amount be \$75,000, but he could get no seconder. A long discussion ensued. Several of the aldermen wanted it to be plainly stated what streets were to be paved and what material would be used. Ald. Findlay and others contended this was not the time to determine these matters; they should be left to the good sense of the fity Engineer and the Council, if the ratepayers decide to pass the bylaw. Ald. Stewart wanted one half of the amount to be spent in the east end and one half in the west end, but his proposal met with no favor.

Ald. Reid moved that \$50,000 be expended each year for three years, instead of \$75,000 for two years, as proposed, but only he and Ald. Hobson supported the amendment.

Because their employers refused to again sign the agreement for 43c per hour, 60 stonecutters have gone out on strike. The men, however, are still negotiating with the employers, and expect to effect an amicable settlement at any moment.

There is no difference of opinion as far as wages are concerned—the men are receiving the 43c an hour—but they strongly lasist that a signed agreement must be entered into.

The employers have not as yet met to consider the matter, but it is understood that the strike will not seriously effect their trade just now, as building material is very scarce in the city.

The cigarmakers' alleged strike is looked upon as a holiday to allow the employers to consider grievances.

Yesterday 120 men met in Richmond Hall. Out of seven cigar factories in Toronto, six nave acceded to the men's request to pay a better price for the manufacture of cigars from imported leaf.

If the men's demands are not met, a general strike will be declared. The International body will aid the strikers.

Coroner Orr's jury in the Malone enquiry returned the following verdict at half-past 1 o'clock this morning:

"We find from the evidence adduced that William Malone came to his death at the Lansdowne avenue railway crossing on the 30th day of March last by express train No. 6 of the C.P.R. Company, arriving at Parkdale Station at 9.03 p.m., as per conductor's register. We also find that the C.P.R. Company and G.T.R. Company are liable for culpable negligence in allowing the fence to remain in an improper state of repair, so as to allow the public tokenter upon and cross the said railway property, where proper protection was not provided.

"We strongly recommend a proper crossing at this point, as the necessity for such has been clearly established by the evidence adduced." Montreal, May 1.-The Grand Trunk forger, Herbert C. Eaton, was caught by Deger, Herbert C. Eaton, was caught by Detective O'Keefe in Albany, N.Y., and returned to this city.

Before the Police Magistrate to-day he pleaded guilty to no less than seven charges of forgery, of the names of Thomas Young, A. C. Stranger, T. Young, J. Clark, J. Conrad, J. Acroff and D. Sheehan. Eaton became possessed of the cheques from a messenger of the Central Vermont line, and forging the names of the men for whom they were intended, cashed one and skipped with the others. The cheques had a face value of about \$250. He has already served two months in fail for theft.
