# BOTHA, FOR ENTIRE BOER FORCES, RE-OPENS NEGOTIATIONS WITH BRITISH FOR PEACE WITH DISUNION AMONG LEADERS OF ENEMY FINISH OF SOUTH AFRICAN WAR IS IN SIGHT

DEWET CRAZY, BOTHA TAKES COMMAND.

CALL TOWN, April 10.—General Botha has re-opened negotiations with the British for peace.

As explained here, this action was determined in part by General Botha's discovery, at a recent meeting, that General Dewet's intellect had weakened, and that his influence with his followers was diminishing, and that a continuance of the campaign, in view of General Dewet's irresponsibility, rested with General Botha alone.

It is understood here that altho General Dewet, at his recent interview with General Botha, refused to surrender, Gen. Botha, regarding him as irresponsible, undertakes to negotiate in behalf of the entire Boer forces The British authorities here consider that if Gen. Botha surrenders, Dewet's following can be easily taken, It will be recalled that Gen. Botha, after conference with the Boer leaders, refused Lord Kitchener's

peace terms on March 18. Dewet was considered the stumbling block on that occasion, and ever since reports of his tottering mind have come to the ears of the world. Now it is evident that Botha means business and that the end is in sight.]

Ottawa, April 10.-(Special.)-Hon. Mr. Dobell stated the other day that he could not conscientiously support the payment of \$80,000 by the Dominion for the Plains of Abraham as a national memorial. The reason is now coming out. The battlefield of the Plains of Abraham, just adjoining the walls of Quebec, is owned by the Ursulines. Adjoining the battlefield is the estate of the late Mr. Beckett, a former partnagnificent buildings on it, which cost a large amount of money. Some short time ago Mr. Dobell, as executor of trustee for the Becketts, now in Eng-land, sold the property for \$17,000 to two French-Canadians, all he could get for it, notwithstanding what was spent on the place. The Ursulines are now anxious to get the Beckett property for the seat of a new mother house for their sisterhood, and these two for tunate speculators, who are also some thing of politicians, are asking \$80, 000 for it. The sisters say they wil ment, and use the \$80,000 to buy the Beckett property. The two speculators thus stand to make Mr. Dobell thinks he cannot conscientiously support such a proposi-tion, when he sold the same property
