THE KING'S CLEMENCY.

London, May 2.—The chief feature of the military celebration of the coronation of King George V. and Queen Mary was the release of all military prisoners under sentence.

The decision to thus place on record the royal appreciation of the efforts of the army in South Africa, was extremely popular as well as humane. It is to affect all soldiers throughout the empire who are serving sentences up to two years with hard labor.

Of course, men sentenced to penal servitude are disqualified for service, and so will not participate.

Paine's Celery Compound

Thousands of Physicians, Men and Women of Note and Position, and People in Humble Circumstances Say it is Unequaled as a Spring Medicine.

A Startling Proof of Its Power Over Disease and Suffering.

It is by true merit and true merit alone that Paine's Celery Compound has won its wonderful popularity in every part of the civilized world. When all other medicines fail, when the best directed efforts of physicians accomplish but little for the banishing of desperate and dangerous diseases, Paine's Celery Compound saves life and restores health.

It is natural, therefore, that men and women rescued from the agonies of rheumatism and neuralgia, and from the deadly perils of kidney disease, liver complaint and blood diseases, should acquit their friends the sick and well of what was accomplished for them by Paine's Celery Compound. In this way the glad tidings of prompt and effectual cures have spread from day to day to the remotest towns and villages, and the blessed work of life-saving progresses in every direction.

One of the most remarkable cures of recent cures effected by Paine's Celery Compound is the case of Mr. R. G. Morris of Brockville, Ont. Neuralgia, with its sharp, darting and excruciating pains for two years, made life a misery for Mr. Morris. The skill of doctors and the use of common advertised medicines failed to give even a brief term of relief. It was only when Paine's Celery Compound was used that a blessed and happy change was wrought. Mr. Morris writes thus: "Having suffered with neuralgia in the head for two years, I tested the skill of doctors, and made use of many kinds of medicines as well as the electric battery, but got no relief from any of these sources. I decided to give Paine's Celery Compound a trial, as I noted by the press that it was highly recommended and it cured the neuralgia as well as the dyspepsia from which I suffered. Now I am happy to say the neuralgia has not troubled me for a year."

SHE PATIENTLY BORE DISGRACE

A Sad Letter From a Lady Whose Husband Was Dissipated.

How She Cured Him With a Secret Remedy.

"I had for years patiently borne the disgrace, suffering, misery and privations due to my husband's drinking habits. Hearing of your marvelous remedy for the cure of drunkenness, which I could give my husband secretly, I decided to try it. I procured a package and mixed it in his food and coffee, and, as the remedy was odorless and tasteless, he did not know what it was that so quickly relieved his craving for liquor. He soon began to pick up flesh, his appetite for solid food returned, he stuck to his work regularly, and we now have a happy home. After he was completely cured I told him what I had done, when he acknowledged that he had not the resolution to break off of his own accord. I heartily advise all women afflicted as I was to give your remedy a trial."

FREE SAMPLE and pamphlet giving full particulars, testimonials, and correspondence, sent confidentially. Address: THE SAMARIA REMEDY CO., 23 Jordan-street, Toronto, Canada. Also for sale at "Big" Sam's Drug Store, 100 Yonge-street.

WORK COUNTY AND SUBURBS

Wages Increased in C.P.R. Shops and on the Toronto Suburban Railway.

GOING TO SAULT STE. MARIE

John Venables, Civil Engineer, is Home From "Comes-to-Dead" Horse Comes to Life.

Toronto Junction, May 2.—The wages of workmen in the Canadian Pacific Railway shops have been raised. Those getting \$12.25 per day will now receive \$13.25. Those formerly getting \$13.25 will receive \$14.25. The Suburban Railway Company has also recognized that living is dearer than formerly, and will increase the pay of their employees \$3 a month.

TO WINDSOR MAY 24.
Arrangements for Kiltie's Trip Include Much Hard Work.

The officers of the 48th Highlanders met last night and arranged for the trip of the regiment this month to the City of Windsor. The trip will extend over three days, viz., Saturday, Sunday and Monday, May 24, 25 and 26.

The regiment will leave for Windsor on the evening of Friday, May 23, returning on the evening of Monday, May 26. The people of Windsor are doing everything to insure a hearty reception and an enjoyable outing for the regiment. The Kiltie, while on the trip, would undergo lots of hard work, but the parade and drill would be so arranged as not to interfere with the enjoyment of the men.

The parade state of the regiment last night numbered 440, including 23 recruits. Company and battalion drill were practised for two hours. The regiment will leave for Windsor on the evening of Friday, May 23, returning on the evening of Monday, May 26.
