DRAMA SUPPORTERS DECIDE TO FORM A DRAMA LEAGUE

Dramatic history for the city of Lonon was in the making last night, when it was decided to organize a London Drama League at a most enthusiastic and well-attended meeting of better-drama supporters, held at the Institute of Musical Art. Dr. W. F. Tamblyn, head of the English department at the

Western University, was the man chosen as president for the coming year. He has a strong executive back-ing him in the persons of S. C. Stevens, vice-president; Miss Jennie Fidlar, secretary; Miss Margaret Glass, treasurer; Rev. G. Q. Warner, Robert Hamnah, Stanley Meredith, Dr. Crane, Dr. at Loew's Theatre for the balance of Cronyn, Miss Grace Blackburn and Miss Jean Walker.

After a very fine dramatic reading of and makes "the juice" do all sorts of

Galsworthy's tragic drama "Justice," runny pranks, such as passing the curby Sydney C. Stevens and Mrs. Arthur rent through man's body and coolly Brickenden, truly setting the pace for lighting a cigarette from the end of ms future drama league meetings in nose, and a hundred and one other quality of program, the meeting was thrown open for discussion by Dr. Tamblyn, who occupied the chair.

The Hydro-Electric will have a spe-

ganization be a very loose one, permitting various study and producing groups, yet as a league advising and inducing the people of London to support better plays and encourage their visits to the city. The meeting was called last night by the Women's Press Club

Three notable screen stars in three of the greatest photoplay successes will comprise the big film program showing pointed out that the men were to receive the profits of the road as remuneration for their service. As this was the case the council believed that the people of London should ride as often as possible to reward the men for their actions.

Considerable indignation was expressed by several speakers concerning the passing of the "City of London bill" through the private bills committee of the Provincial House. William to the provincial House.

By a unanimous vote it was decided to send a letter of protest to the prorincial attorney-general concerning the

Plans are under way for the erection of a \$100,000 labor temple in this city. A charter is to be applied for under the name of the London Labor Memorial Temple, Limited. Stock valued at \$100,000 divided into \$1 shares will be sold. Only bona fide labor men will be allowed on the board of directors.

"SEVENTEEN" AT THE GRAND TOMORROW AND SATURDAY.

When one hears that Thomas Kelly made his first theatrical appearance with Virginia Harned and E. H. Sothern in "The Light That Lies in Woman's Eyes," one wonders how he can play and look Willie Baxter in "Seventeen," which comes to the Grand tomorrow and Saturday evenings at \$15 A. Mould, who was a member of the and Saturday matinee at 2:30. morrow and Saturday evenings at 8:15 and Saturday matinee at 2:30. But it

the charter would be secured in as many weeks as it took years to secure the old charter.

Considerable controversy arose over the question of granting money to Organizer H. Wray, to cover expenses incurred in organizing locals throughout the city. Mr. Wray complained that he had been forced to bear a great deal of the expense out of his own pocket. It had been the pian of the council to secure special grants of \$5 from all the locals to cover the cost, but only two replies were received to the fifty letters sent out.

Difficult Work.

The majority of the members believed that some arrangement should be made to reimburse Mr. Wray.
William Tite said that there were other costs besides the first meetings, especially in organizing the girl workers. He reported that there was great difficulty in securing women speakers to help in the work. When one prominent woman's organization was approached on the matter and information was laid before its members showing the low wages for which girls worked in this city, the answer had been: "Well, perhaps they don't earn more."

A committee is to be appointed from the council at its next meeting to take up the work of the Union Labelling

thrown open for discussion by Dr. Tamblyn, who occupied the chair.

A thorough explanation of what a drama league might mean to a community was given by Mr. Stevens, who quoted from the constitution of the Drama League of America, which states that the function of a drama league is to promote the study of plays and playwrites and encourage the attendance on good plays, giving the box office of local theatres enough support to enable them to bring the best productions to the city. The actual production of plays is merely a side line in connection with the work of the drama league.

The Rev. G. Quintin Warner was of the opinion that the league should work quietly at first and above all have unity in its membership. He cited the drama league of Montreal as an instance of an organization which failed because it did not have the co-operation of the various drama producing bodies in the city. He hoped that London would pull together for the sake of better drama here.

Dr. Cronyn suggested that the organization be a very loose one, permitting various study and producing works a large of the city and producing the secure of the suggested that the organization be a very loose one, permitting various study and producing works a large of the sake of better drama here.
