## Government Report Bullish But Prices React When Issued TRADE STEADY, PRICE FIRM

Winter Wheat Percentage Lower Than May Cables for Wheat Last Week's Quotations Rule-High, Corn About Steady.

to Europe for Week, decrease, 25,000 tels.

A letter from Hutchinson, Kansas, says:
Reno County has the largest acreage of corn ever known, and the crop looks good. From assessors' report, Reno County has 2,000,000 old corn. Stafford County has 1,500,000 and 250,000 at Great Bend to be marketed. More corn is being offered at 64c than when the price was 71c. The western sheep feeding demand is over, and there seems to be no place to ship corn, except to Kansas City. Visible: Wheat, decrease, 2,250,000; corn, increase, 42,000; oats, increase, 35,-600.

000.
Visible totals: Wheat this week, 17,536,000; last week, 19,786,000; last year, 17,730,000. Corn this week, 2,883,000; last week,

Rosario, Argentine, cables: "Slight rain; weather severe, with frost."

LIVERPOOL, June 3,—Foreign crop conditions: United Kingdom and France.—Crop prospects are favorable. Germany—The weather continues dry; rain is badly wanted. The growth is very backward, This country has commenced to buy foreign wheat, as stocks are practically nil. Russia—In the southeast and east the outlook is favorable, but holders are very firm. In the southwest the weather is too dry, and rain is wanted? Roumania—Beneficial rains have fallen, and more is expected. Supplies are very small. Bulgaria and Turkey—Drought continues in all parts. Asia Minor—A moderate yield is expected. Hungary—The recent rains effected only a small improvement, and more is wanted. Italy and North Africa—The outlook for the crop is mostly favorable. Spain—The outlook for the crop. It is not expected that this country will import any wheat during this crop season. Australia—Further rains have fallen, which is beneficial for seeding, and also for the growing crop. Argentine—Drought continues and rain is badly needed. Under these conditions the outlook for the wheat crop will soon become serious.

Government Crop Report.

WASHINGTON, June 8.—Spring wheat condition, average, 95.2 per cent.; winter wheat, 80.7; acreage sown to spring wheat, 18,381,000; rye condition, 89.6; oats, 88.7, and barley, 90.6.

This, summarized, was the report of the department of agriculture on crop conditions on June 1, issued to-day.

The spring wheat condition is compared with 95 per cent. a year ago, and tenyear average of 92.6. Winter wheat average is against 83.5 a month ago, 86 a year ago, and a ten-year average of 80.5. The spring wheat acreage is 6.9 per cent. more than sown last year.

For important spring wheat states, the For important spring wheat states, the

For important spring wheat states, the June 1 condition this year and the average June 1 condition for ten years, respectively, follow:

Minnesota, 96 and 92; North Dakota, 98, and 93; South Dakota, 94 and 94, and Washington, 93 and 94.

unable to sive a detailed statement or receipts, but there were in the neighborhood of 100 carloads. The bulk, as usual, consisted of cattle the quality of which was the best seen on the market this season.

There was g fair trade at steady prices in all the different classes of live stock, excepting hogs. The packers are quoting lower prices, but not getting a very large number of them.

Geo. Rowntree was the only buyer of exporters that we heard of operating. Mr. Rowntree bought 730 cattle for the Harris Abattoir Company. Amongst the lot were 23 exporters, for which Mr. Rowntree paid \$5.5 to \$6.40. The latter price was paid for an extra choice load of cattle brought in by John Vance of Tavistock, weighing 1650 bs. The quality of these cattle has not been surpassed by any sold this season on either market. They were of the shorthorn breed, and fed by Adam Moore of Tavistock, a farmer who knows how, and feeds cattle. They were of the shorthorn breed, and fed by Adam Moore of Tavistock, a farmer who knows how, and feeds cattle.

Geo. Rowntree bought about 500 butchers the Harris Abattoir Company at \$5 to \$5.75; cows at \$4.50 to \$5.37, and bulls at \$4.50 to \$5

It has been established beyond any possibility of refutation by the world's mest foremost physicians, scientists and philosophers, that all living beings are endowed with an inherent constitutional electricity distributed throughout their entire nervous and muscular systems.

It has been demonstrated beyond the shadow of a doubt that in the nerves and in the muscules, and in the blood, currents of electricity are constantly circulating, and by this circulation the functions of life are carried on and maintained, movement and sensation are produced and the vital heat generated and diffused throughout the body

Therefore, it must be clear to any man who is able to think, that overwork or anything that abstracts part of this native electricity from the body will affect the health of the individual by depriving the vital organs of their rightful amount of operative power.

Consequently, it is but natural and logical to suppose that all those constants which are due to lost vitality or exhaustion of nerve power, allments which are due to lost vitality or exhaustion of nerve power, allments which are due to lost vitality or exhaustion of nerve power, allments which are due to lost vitality or exhaustion for nerve power, allments which are due to lost vitality or exhaustion of nerve power, allments which are due to lost vitality or exhaustion of nerve power, allments which are due to lost vitality or exhaustion for nerve power, allments which are due to lost vitality or exhaustion for nerve power, allments which are due to lost vitality or exhaustion for nerve power, allments which are due to lost vitality or exhaustion for nerve power, all those or weak Back, Kidney Complaint, etc., etc., and the body of the proper application of the galvanic current.
