MAN ON STAMPS  
DRAISES WHITE  
"Rather Liked To Be Good  
Than Otherwise," He Says,  
But Justifies Own  
Conduct.

WHITE PLAINS, N.Y., Aug. 5.—More stories similar to that which was related first by a witness called by Harry K. Thaw's behalf and then by Thaw himself, who took the stand hoping to show that the things he managed against White were not "delusions," as the state contends.  
The attorneys will start up on Saturday and Justice Mills hopes to render a decision next week.  
Charles Morchauer, Thaw's attorney started and called David Carvalho, a handwriting expert, who told of some connecting White with two young women, whom it is alleged, he tried to ruin. One was Miss McKenzie, an actress, the other name was given as "Sue Parker."  
From Miss McKenzie, Thaw's attorney had obtained a note in which Miss McKenzie had said, according to Thaw, that her father would kill both her and White if he had seen the contents.  
Instead of a name she described as "signed" with what looked like a porcupine quill extending from it, Jerome explained that "Sue" was the name of his friends. The letter read:  
"I am the most awfullest letter you can use. I have what Peter Dooling calls 'whitephobia,' and a bad case of that. I am glad you are having such a good time. A dose of hope after all you can take. Whatever you do, however, do not come back prettier or more alluring than you were, for under those circumstances I could not be responsible for my actions, and there would be real trouble and... that fall boat... By the way, when that fall boat opened and is really quite good... seriously, when are you coming back?"  
Lovinly."  
Thaw Takes the Stand.  
Mr. Carvalho testified as to an affidavit which he said was signed by White to ruin her when she first came to New York as a young chorus girl. He presented in evidence a number of letters, said to have been written by White to Miss Parker, which she sold to Thaw's attorneys before the first trial for \$500. She was to have received \$500 more if the letters were used at the trial.  
When Mr. Carvalho began his testimony about White, District Attorney Jerome was reluctant to admit it, he expressing regret that evidence of this kind should come more mark.  
When Thaw himself took the stand, however, Jerome seemed anxious to let him tell all he knew, evidently with the idea that the witness would show him to be insane on the subject. The words fairly tripped over each other as he ran on.  
"This thing I am going to tell you now," he said, prefacing one of his narratives, "affected me very seriously by the time."  
Continuing, he described in detail the alleged experience of a girl whom he said White tried to wrong when she was but sixteen. The girl came thru a lucky chance, he said, and later obtained a large sum of money from White under threat of a suit.  
"During the fall of a certain year, a girl came to New York from Boston," he said. "She was young and unsophisticated."  
Good Word for White.  
He gave the location of four places he said White maintained for immoral purposes. One was near Baltimore, called "The Blind." The others in New York.  
Only once did the speaker say a word in White's favor. "I believe," he said finally, "that White really was kind at times. He rather liked to be good than otherwise."  
This aged Mrs. Thaw's appearance on the stand was pathetic. Before she had spoken two minutes her feelings overcame her. A few minutes later she put her palm to her forehead and bowed her head. Thaw springing to his feet, ran to the witness stand, put his arms about his mother's shoulders, patted her hair and whispered to her.  
She said that Delphin M. Delmas was engaged mainly for the summing up in the first trial. He was to have received \$25,000, but he got \$50,000, she added, because Mr. Gleason told her that Mr. Delmas had done the case. He was not paid more.  
Mrs. Thaw related her son's early life history which she illustrated by the baby photographs. She said that his speech, instead of being nearly unintelligible, as former witnesses had testified, was defective only in the pronunciation of two letters.  
Runs From Courtroom.  
Apparently forgetting for the moment that he was not a free man, Thaw suddenly left the courtroom today. He carried a sheet of paper in his hand and as he rushed out of the door two court officers hurried after him and escorted him into a small telephone room near the courtroom. Thaw wanted his private detective O. Mara.

Payne Tariff Bill  
Becomes Law To-Day  
Signed by President Taft During Heavy Thunderstorm at 5:05 p.m., Aug. 5, as He Himself Notes.

WASHINGTON, D.C., Aug. 5.—In the midst of a heavy thunderstorm, President Taft late this afternoon signed the Payne tariff bill, adding to his signature, "signed 5 minutes after 5 o'clock, Aug. 5, 1909. W. H. T." He used a pearl pen sent from the Philippines for the purpose, and which he presented to Congressman Payne.  
The president joked merrily with those who were present.  
The new tariff becomes law to-morrow. The president issued a statement to-night declaring that while the measure is not by any means perfect, it is a sincere and honest effort to carry out platform pledges and embody a real revision downward.  
The president says: "This is not a free trade bill. It was not intended to make a free trade bill."  
The Republican party did not promise to make a free trade bill.  
"It promised to make the rates protective, but to reduce them when they exceeded the differences between the duties abroad and here, making allowance for the greater normal profit on active investments here. I believe that while this excess has not been reduced in a number of cases, in a great majority the rates are such as are necessary to protect American industries, and are low enough, in case of abnormal increase of demand and raising of prices, the possibility of the importation of foreign articles, and thus to prevent excessive prices."

Authentic Account  
OF THE REVOLUTION  
IN BARCELONA CITY  
Dead Number Some 300, But  
List of Wounded is Great—  
Disorder Followed Peace-  
ful Intentions

NEW YORK, Aug. 5.—The Herald publishes to-day the Barcelona rioting as told by its own correspondent in that city. He says:  
The troubles here have been the most serious in 70 years. Conservative estimates of the killed number 200 to 300. The hospitals are filled with wounded, many include women and children. The military losses are slight. Red Cross volunteers, who behaved heroically, were not respected by the anarchists, three being killed and 20 wounded. Some priests were murdered, but you may discredit the killing of religious persons, who were allowed to escape before the burning of their houses.  
Early on Monday a general strike was inaugurated. The intention was to have a peaceful manifestation. All the demonstrators were in sympathy with it to the point of armed resistance after interference of the civil guards. The 900 regular soldiers who formed the sole garrison were cheered by the populace, whom they did not prevent from beginning to erect barricades. At noon the civil governor resigned. The captain-general was replaced by a military officer. The 900 regular soldiers who formed the sole garrison were cheered by the populace, whom they did not prevent from beginning to erect barricades. At noon the civil governor resigned. 4500 MEN AT WORK  
Dominion Coal Co. is Increasing Its Output, Too.

SYDNEY, N. S., Aug. 5.—(Special.)—The general situation at the collieries of the Dominion Coal Co. is considered satisfactory by the company, which has now 4500 men at work, all told. These 4500 are at work in the collieries, 2200 being underground. The output yesterday was 9400 tons, an actual increase in the quantity taken from the collieries. The falling off in the amount of coal taken is due to the fact that the heaviest rain of several seasons fell here this afternoon, preceded by hail.

TORONTO LABOR COUNCIL  
AGAINST CHERRY ST. SALE  
To Cawthra Mulock "or Other  
Pensons of Capitalistic  
Proclivities"

Public ownership of the unclaimed land of the city was strongly advocated at the meeting of the Trades and Labor Council last night. The sale of the Cherry-street site to the National Iron Works was under discussion. The resolution adopted is as follows: "That this meeting of the Trades and Labor Council regret that the board of control and the city council should have adopted a short-sighted policy in reference to the exploitation of the waterfront and Ashbridge's Bay. We think it will be in the best interests of the city that the work of reclamation of Ashbridge's Bay should be done by the city, and that the land so reclaimed and all other land owned by the city or near the bay should not be sold under any circumstances, but should be leased for commercial purposes, so that the citizens may benefit by the appreciation in the value of the property."  
"And, further, we strongly condemn the proposed sale of the site to Mr. Cawthra Mulock or any other persons of capitalistic proclivities."  
EARL GREY SAILS FOR YUKON.  
VANCOUVER, B.C., Aug. 5.—(Special.)—Earl Grey sailed this afternoon for Dawson City, Yukon Territory. He expects to return to Vancouver about August 30th, and remain on the coast a week or ten days, after which he will go to camp in the valley of Upper Columbia River, East Kootenay, where he will be joined by Lady Grey.

EXPRESS DITCHED  
TWO TRAINS ARE KILLED  
Four Coaches Over Six-Foot Embankment West of North Bay—Injuries Reported Slight.

NORTH BAY, Aug. 5.—(Special.)—The C.P.R. Atlantic Express, due at North Bay at 8:55 to-night, was ditched at North Bay, two hundred miles west of here, at two o'clock this afternoon.  
Details are meagre as yet, but it is known that the express was speeding along at good rate when, without warning, the passengers were startled by terrible shocks and the crash of smashed timbers as the car left the rails, buckled and reared, and then rolled down a six foot embankment.  
Two Pullman, one observation car and a first-class car were piled up in the ditch and investigation revealed a number of passengers injured, but none seriously as far as is ascertained.  
The names of the injured passengers cannot be obtained yet.  
The cause of the accident is unknown here. Traffic will be delayed from five to ten hours.

DEVASTATION BY HAIL  
Storms, Traveling Erratically, Do Damage in West.

WINNIPEG, Aug. 5.—(Special.)—The present are anxious days with the western farmer. Mid-August frequently sees night frosts, which occasionally do great damage, but so far the lowest temperatures have been well up in the forties. However, a danger peculiar to extremely high temperatures is violent rain, which is not infrequently preceded by hail. Manitoba and Saskatchewan are being daily visited by these storms, traveling erratically. The areas affected usually are small and individuals are sufferers rather than communities, and the aggregate will not materially suffer from this cause. The heaviest rain of several seasons fell here this afternoon, preceded by hail.

SEIZED CARLOAD OF BEER  
Was Intended For Sale in Prohibited District.

PORT ARTHUR, Aug. 5.—(Special.)—Dominion Police Commissioner Quibb has issued a new regulation that if he suspected that a carload of beer, intended for sale within the prohibited territory of the transcontinental railway, was being transported, he would seize it.  
Quibb was at Superior Junction on routine business when he learned of the car, the contents of which were valued at about a dozen parties.  
Smaller seizures and convictions for keeping and selling illicitly are frequent, but the profits are so enticing that business since July 25 is giving his friends some concern. They fear that as he was subject to epileptic seizures, he may have fallen into the bay. When last seen, he was on his way to work. He wore a black coat and vest and a straw hat. He was staying at 63 Walpole street, Chicago, one day in Toronto, when he cashed the cheque, Detroit, St. Paul, Denver, Seattle, Victoria, and finally Vancouver. He was served to pass a \$100 cheque when he caught.  
His success was due, he told Detective Murray, to two rubber stamps, "Fred Arnold" and "Marked" which he had made in the States.  
In the police court this morning, his counsel, T. C. Robinson, K.C., will represent him. He is charged with a week's remand. He appears in good spirits and in splendid health.

PROPOSE GOOD  
MORE SERVICE  
Government System in North Land To Be Extended To Mines and Old Line Rebuilt.

Great improvements are being made in the telephone line which is operated by the Temiskaming and Northern Ontario Railway Commission.  
Two gangs of men are engaged on the reconstruction of the entire line from North Bay to New Liskeard, and when this is completed, in a couple of months, the service will be of the most up-to-date character to be found anywhere in the province.  
In connection with the new passenger depot which is being erected at Cobalt, the commission will install a complete switchboard, which will give a thoroughly adequate service to the mines in the vicinity.  
The telephone line is also being extended and a switchboard will be installed in the new Kerr Lake station, for the more convenient connection of the mines in that district.  
It is hoped ultimately to extend the telephone service the whole way to Cochrane at the junction of the government line and the T.N.O.  
When questioned by The World as to the report of negotiations with the Bell Telephone Co. regarding the purchase or lease of the government line by the latter company, Mr. Englehart stated that no advances had been made to the commission, nor had permission been given to the Bell to parallel the provincial line.  
The line to Elk Lake and Gowganda, as well as the present lines in Cobalt and Havelock, are owned by a private corporation, the Temiskaming Telephone Co., and it is about this that complaints have been made of unsatisfactory service. Mr. Englehart stated that the commission had no power under their charter to purchase these. They were limited to the construction of their own lines and those were of the most modern description.

SEIZED CARLOAD OF BEER  
Was Intended For Sale in Prohibited District.

PORT ARTHUR, Aug. 5.—(Special.)—Dominion Police Commissioner Quibb has issued a new regulation that if he suspected that a carload of beer, intended for sale within the prohibited territory of the transcontinental railway, was being transported, he would seize it.  
Quibb was at Superior Junction on routine business when he learned of the car, the contents of which were valued at about a dozen parties.  
Smaller seizures and convictions for keeping and selling illicitly are frequent, but the profits are so enticing that business since July 25 is giving his friends some concern. STOCKHOLM, A FAMINE CITY  
Strikers Are Living on Fish—Military Escort Funerals.

STOCKHOLM, Aug. 5.—Stockholm today is suffering seriously from a shortage of food, a result of the labor contract. Bread is held at terms practically prohibitive, the restaurant prices for meals are very high.  
The strikers themselves are living practically on fish. Thousands of them are camping out and spend their time in angling.  
Delegates are distributing milk in limited quantities and supervising the sale from milk cars at the railroad stations. Deliveries of ice have ceased.  
Paupers from the state poor houses have been enlisted to replace the striking grave diggers and undertakers, and instead of hearse, stretchers are being used to carry corpses thru the streets to the cemeteries under military escort.  
C.P.R. EMPLOYES ORGANIZE  
AMATEUR ATHLETIC ASS'N.  
MONTREAL, Aug. 5.—(Special.)—Delegates from sixty departments of the C. P. R. have decided to form an athletic association. The movement has the support of the heads of the company, and it is expected that the association will extend to every center.  
Found an Infernal Machine.  
VICTORIA, B.C., Aug. 5.—A sensation was caused at the Victoria machinery depot to-day by the discovery of an infernal machine in the tool box where the boiler-makers store their tools. In a yeast tin, powder, rivet heads and iron filings were placed, with matches arranged with the heads so that they would be set off by the explosion of the powder and scatter the missiles.  
Ottawa Boy Drowns.  
OTTAWA, Aug. 5.—(Special.)—Edmund Normoye, aged 11, son of Patrick Normoye, Cumberland-street, was drowned in the Rideau Canal this evening. He took cramps. His little brother and two other youngsters saw his drown.

FORGER ANDERSON BACK  
TELLS HOW HE PLAYED IT  
Toughest Proposition Was a Jew, Who Demanded 10 Per Cent. On Poney Check

John E. G. Anderson, the young bank of Montreal clerk, who was arrested in Vancouver, B. C., charged with forging cheques in various parts of the world, was brought back to Toronto last evening by Detective Alex Murray. To Murray he has admitted having forged two cheques cashed by the T. Eaton Company for \$50 and \$75.  
Anderson was the toughest proposition he ran up against was a pawnbroker in Chicago. He was pawing some articles and suggested that if he could only find a bank open he'd be all right, as he had a marked cheque for \$200. The markings and other endorsements satisfied the broker and he said he'd cash it, but insisted on a 10 per cent. discount. After considerable parley, Anderson got \$180 for the paper and bought the broker a cigar in the bargain.  
He says he had a good time in his various rambles, and met City Treasurer Coody at the Hotel Cecil, London. His itinerary included Buffalo, New York, Liverpool, London, Paris, back to New York, to Denver, Los Angeles, San Francisco, Chicago, one day in Toronto, when he cashed the cheque, Detroit, St. Paul, Denver, Seattle, Victoria, and finally Vancouver. He was served to pass a \$100 cheque when he caught.  
His success was due, he told Detective Murray, to two rubber stamps, "Fred Arnold" and "Marked" which he had made in the States.  
In the police court this morning, his counsel, T. C. Robinson, K.C., will represent him. He is charged with a week's remand. He appears in good spirits and in splendid health.

JEW'S DRAW REVOLVER  
ON TANTALIZING BOYS  
Threatened With Destruction of Load of Hay Retained—Case Reserved

WESTON, Aug. 5.—(Special.)—It is a long time since the Village of Weston had as much genuine interest aroused as that furnished here to-night in the trial of two Hebrews for carrying firearms.  
On Tuesday evening the Jews were driving thru the village, the wagon of one being loaded with hay and the other with oats. They were followed by a number of village youths, who from time to time annoyed the travellers by throwing stones and gravel. It is stated that an attempt was made by the boys to set fire to the load of hay.  
One of the Jews retaliated by striking one boy with a whip, and later drew a revolver. This was the signal for a general stampede and the town constable was brought to the scene of conflict. The two men were arrested and later brought before Magistrate Cruikshank, charged with carrying concealed weapons. The case was, however, postponed until Wednesday morning, the horses and rigs being retained by the authorities.  
From Wednesday morning a still further adjournment was made until to-night, when Magistrates Cruikshank and Rowntree were the presiding judges, the council-room being crowded to the doors.  
One of the men charged was acquittive and the other pleaded guilty, the magistrates reserved decision. When first taken to the lock-up one of the men was carrying a loaded revolver.  
EXPULSED FROM SOCIETY  
G. Langlois and Secretary Beaulieu Didn't Suit the Executive.

FIRE IN FOREST RESERVE  
Timber on Burnt-Over District Will Be Sold by Auction.

Considerable damage has been done by fire in the Mississauga forest reserve, according to the reports of rangers sent out a short time ago by the provincial department of lands, forests and mines.  
An area equal to that of four townships, or 14 square miles, has been more or less burned over, and a large quantity of the timber so damaged that it will be necessary to dispose of it immediately.  
The timber in the territory is, therefore, being advertised for sale on September 15, at the same time as the other timber sale. Purchasers will have to make roads, improve rivers and get in supplies for their men immediately, or they will not be able to cut the timber this winter.  
The sale is by public tender, and parties tendering are asked to bid so much per M board measure, in addition to the usual dues, so that the department may obtain a return for whatever quantity is cut.  
Every effort has been made to ascertain the origin of the fire, as there are no settlers or miners in the region, but so far without success.  
EARTHQUAKE IN FRANCE.  
PARIS, Aug. 5.—An earthquake has been reported from Brest and the vicinity of that city. A number of buildings were rocked by the quake.

\$100 DOWN  
secure desirable suburban home, detached seven rooms, furnace, concrete, ad. 32 x 170, near cars in East Toronto. Payments easy; price only \$1100.  
H. H. WILLIAMS & CO.  
28 Victoria Street, Toronto.

PEOPLE'S MINE  
TO HIGHEST  
BIDDEN  
Ontario Government Will Sell Thirty Acres, With Remaining Portions of Gillies Limit—Royalty to Province.

The sale of the provincial mine on the Gillies limit, which comprises some 30 acres immediately south of the Nipissing mine and Cart Lake, has been decided on by the Ontario Government.  
The other portions of the limit, which have not been previously disposed of, about 150 acres in extent, will also be offered for sale at the same time. These have been divided into 20 parcels. Surface prospecting has been done on these areas.  
Public tenders will be received for the purchase of the properties up till September 12.  
The conditions of sale include the payment of 10 per cent. royalty at the mouth of the pit, which should net a substantial revenue to the province.  
An official prospectus of the condition of the mine, with particulars of its operations and the results achieved, is being prepared by Thos. W. Gibson, deputy minister of mines, after conference with Hon. Frank Cochrane for the guidance of intending purchasers.  
It is understood that the government experts thus set free from actual mining operations will be utilized to make further explorations on the limit.  
Diamond drilling in July on a vein in the provincial mine on the eastern boundary of the property near the Savage claim resulted in a strike of ore to a depth of 25 feet, while a shaft of three other veins were cross cut deeper down. A shaft has been sunk here to a depth of 70 feet.  
There is also another shaft 140 feet deep on another vein, with levels at 65 and 125 feet respectively. On the first level drifts have been run east for 350 feet and west for 150 feet. In addition, drilling has been carried on for 270 feet on the other veins cut. Several cross cuts have been made east of the shaft. A raise has been put through several levels to the surface and some stoping has been done. On the second level drifting has been carried east for 310 feet and cross cuts north and south of the vein have been made to a distance of 125 feet.

GOLD FINDS NEAR MATHESON  
400 Ounces to Ton Reported From Some Claims.

HAILEYBURY, Aug. 5.—(Special.)—We have just received here a number of gold quartz in Whitley Township, 12 miles west of Matheson, or about a hundred miles north of Cobalt. Other finds are said to have been made in Munroe and Guilford Townships.  
Haileybury men are heavily interested in the new finds, and it is reported here that some of the discoveries assay as high as 400 ounces of gold to the ton.  
The Guelph Syndicate property, known as the Munroe mines, have a shaft sunk for 28 feet, disclosing a 12 inch vein, composed of milkwhite quartz with an occasional speck of pyrite.  
"Big Peter" Forah, of New Liskeard and associates have paid \$30,000 for the property, with all the other machinery necessary for the working of the mine. Three cars of ore have been shipped to date, two of cobalt and one of iron, and there is still some ore in stock.

ONTARIO WHEAT YIELD  
Acreage Less, But Crop Will Be Greater Than For Years.

Fall wheat is being threshed in various parts of Ontario and the yields are largely per acre than for several years. The average, tho, is less by several thousand acres in the province. Dawson's Golden Chaff has been the favorite wheat for some years, and it is also good. R. Guthrie & Sons of Whitley Township report 30 bags from one day's threshing. Samples of seed received in Toronto show a wide variation in quality. Price is opening about seven dollars.  
GRAIN PROSPECTS SPLENDID  
Encouraging Reports From the West Received by Imperial Bank.

"Our reports show that the present condition in the west is splendid," said the president of the Imperial Bank of Canada to The World yesterday afternoon.  
Taking the view that the danger point has not yet been passed, Mr. Wilkie added the comment, "No one can tell what a day may bring forth."  
RABIES WILL KILL BOY  
No Hope to Save Three-Year-Old Brantford Victim.
