'BLACK HAND' EXPONENTS ARRESTED IN THE ACT

Detectives Make a Clever Capture—Board of Works Has a $13,000 Surplus.

HAMILTON, Sept. 7.—(Special.)—Fred Johnston, 182 North Hughson-street, a union moulder, was arrested this afternoon on a charge of trespass. He went to Burrow, Stewart & Milnes' foundry, where a strike is on, to get his tools and was accused of trespass.

The board of works has a surplus of $13,000 out of the $125,000 that was raised by debentures for paving James-street and Barton-street. At the meeting of the board to-night Ald. Allan suggested that this money be used for paving a number of other short blocks in the business section, but as it was doubtful whether this could be done without submitting the matter to the people, it was decided to refer the question to the finance committee. In order to know what other road work the committee has ahead of it, a sub-committee was appointed to wait upon the street railway company and learn its plans with reference to the repairing of the roadbed on North James, York and West King-streets. Another committee will draft a bylaw for submission to the ratepayers for the purpose of raising money to cover the cost of improving the roads on these streets. The committee will also get after people whose buildings encroach on the street line. The building of two new street flushers, at a cost of $1500, was authorized.

Capture Black Hand Trio.

The detective department this morning made one of the most important arrests in years, when they landed three alleged black hand desperadoes. The arrest took place on the Dundas-road, about 6.30, while the men were in the act of receiving a fake wad of money, believing it to be $1000, which they had demanded, from Salvatore Sanzone, a North James-sereet fruit dealer. The detectives were in the bottom of Sanzone's wagon as the coup had been all arranged. Sanzone had received several letters demanding the money under pain of death to himself and family. The money was to be paid over on one of his weekly trips to Dundas.

The officers fired their revolvers after the men and caught them after a chase. One of the culprits is supposed to have escaped. The police hope to make further arrests in connection with the case.

The new technical school was opened to-day with 30 students on the roll.

It is expected that the pump at the Beach waterworks, which broke a few weeks ago, will be in operation again to-morrow and the water scarcity will be remedied.

In Police Court.

There were 47 cases in the police court this morning. Thomas Meehan was committed for trial on the charge of stealing about $64 in funds belonging to the International Tobacco Workers' Union. Mrs. Chrysler, who was charged with keeping a shady joint at 75 South Park-street, was sentenced to three months, and Liza Brooks and Annie Weston, frequenters, were given four months each.

A report has been received from the government analyst to the effect that the dog which bit the son of J. McQuillan and several other youngsters, had rabies. McQuillan has been sent to the Pasteur Institute in New York.

While in Toronto call on Authors & Cox, 135 Church-street, makers of Artificial Limbs, Trusses, Deformity Appliances, Supporters, etc. Oldest and most reliable manufacturers in Canada.

Third Harvesters' Excursion.

The third harvesters' excursion and the monthly homesteaders' excursion were combined and sent out from the Union Station at 2 o'clock yesterday afternoon, for Winnipeg and beyond, the party numbering about 1000. Over 700 purchased harvesters' tickets. The train consisted of 23 cars and was the longest passenger train that has left the Union Station in years.

DO NOT BE HUMBUGGED.

MORE THAN EVER

Dishonorable and disreputable pharmaceutical concerns are flooding the market with cheap and worthless preparations designed to be imitations of "DR. FOWLER'S EXTRACT OF WILD STRAWBERRY."

Some of these are even labelled "Extract of Wild Strawberry," "Wild Strawberry Compound," etc., in the hope that the public may be deceived and led to purchase them, thinking they are getting the genuine "DR. FOWLER'S."

Are you willing to risk your health—perhaps your life, to these no name, no reputation, likely dangerous, so-called Strawberry Extracts?

For sixty-five years "DR. FOWLER'S EXTRACT OF WILD STRAWBERRY" has been used in thousands of families for Diarrhœa, Dysentery, Colic, Cramps, Summer Complaint, Cholera Morbus, Cholera Infantum and all Bowel Complaints.

Do not let the dishonest or unscrupulous dealer humbug you into accepting one of these cheap substitutes, to the deteriment of your health and gain to his pocket.

Ask for "DR. FOWLER'S" and insist on getting what you ask for. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont. Price 35 cents

Take Home —A NEW— SUIT CASE

When you leave for home there is very often need of an extra bag or suit case to carry back the city purchases.

We can supply your wants in smart, up-to-date traveling goods at factory prices, from the largest stock in Toronto. Our store is open every evening.

FORMAL OPENING OF SIMPSON'S NEW STORE

Brilliant Floral and Electric Display Viewed by Thousands of Visitors.

A fairy-like dream of Venetian splendor met the gaze of the thousands of eager shoppers who thronged the wide aisles of Simpson's palatial new store on the occasion of the formal opening yesterday.

The decorative scheme was the work of a genuine artist. The effect was one of the prettiest ever seen in Toronto, and would be well worth a special trip down town to see, even if no shopping were contemplated.

As in the ornamental features of all the great expositions the decorative effect of electric lights has been utilized to the full. Every aisle opens up a vista of soft colored radiance in lines which diminish in the distances which so great a store as Simpson's provides.

The most charming effect is obtained from the 200 opalescent antique Dutch lanterns, four of which hang from handsome brass brackets on each of the great pillars, which form the framework of the structure. In addition to these the ceiling is fairly studded with white opal globes, which add their electric brilliance to the scene.

Probably the finest single piece of decoration is to be seen in the book department. It is an absolutely unique and strikingly beautiful electric fountain, wherein scores of miniature colored electric bulbs shine out from amid the luxuriance of ferns and flowering plants.

Any account of the decorations would be hopelessly inadequate without mention of the part which floral display plays in the ensemble. No expense seems to have been spared by those who had the arrangement in charge. Laurel wreathing was brought all the way from Alabama to form the festoons which stretch in unbroken succession from pillar to pillar along all the main aisles of the store.

And flowers—the building is a whole conservatory—asters, azaleas, gladiolis, nasturtiums, hydrangeas, geraniums and ferns and palms seemingly without number.

A unique effect is given to the older portion of the store by the white and gold enameled baskets which hang under each Dutch lantern, fragrant with flowers and the long sweeping fronds of ferns.

In order that eye and ear may both be ravished, the soft strains of an orchestra were heard thruout the day. From noon till 2 o'clock they played in the restaurant on the sixth floor and during the rest of the day in the cloak department on the second floor.

The outstanding feature of the new store is the magnificently spacious restaurant and grill room, which is placed on the top (sixth) floor. The grill room, or palm room, whichever you choose to call it, has accommodation for 600 persons at one time, while 200 are provided for in the luncheon room.

Rest rooms, writing rooms, and toilet rooms, inviting to repose, with their deep Nile green carpets and new mahogany furniture, form a wise provision for relaxation in the strenuous round of shopping.

Eight plunger elevators and as many electric elevators of the most up-to-date, fastest and safest construction, give ample facilities for getting about the great store, which now has a floor space of over 11 acres, 1½ acres on each of the seven floors, whereon over 2000 employes attend to the every need of exacting shoppers.

HIT CARTRIDGE WITH AX

Niagara Falls Boy May Lose Sight of an Eye.

NIAGARA FALLS, Ont., Sept. 7.—(Special).—Playing in a barn this afternoon, Leslie, the 13-year-old son of Edward Mears, found a cartridge and to test it he hammered it with an axe. The cartridge exploded and so severely injured the boy about the eyes, that it is thought he will lose the sight of one eye. He also sustained several wounds on the face and body. He was taken to Buffalo to-night to an eye specialist.

GRIFFIN'S 4 SHOWS DAILY **Agnes St. Theatre** 5c. — VAUDEVILLE — 10c. Six Big Acts and Pictures.

Amusements

"The Gingerbread Man."

Another popular comedy fresh from the musical bakery is "The Gingerbred Man," which will be the offering at the Grand next week with matinees on Wednesday and Saturday. The company includes many prominent musical comedy stars, including Rose Murray, Ross Snow and Emmet O'Connor. The production is said to be even more attractive than when first put on, and the list of song hits has been augmented by a number of new ones. "The Gingerbred Man" has always been a favorite and no doubt will attract large audiences during the week at the Grand.

"Girls From Happyland."

There is every ingredient of gayety and melody mixed in the gigantic production of the "Girls From Happyland," next week's attraction at the Gayety. Billy W. Watson, the uproariously funny German comedian, who has been the most talked about burlesque comedian during the past season, again takes the stellar honors in the offering of the "Girls From Happyland." He is ably assisted by many popular favorites, who have endeared themselves to patrons of burlesque houses for many years.

"The Wolf," touring under the direction of Sam S. and Lee Shubert, Inc., will have its initial presentation in Toronto at the Royal Alexandra next Monday evening.

"The Wolf" is the newest drama from the pen of that highly successful author, Eugene Walter. It comes here with two long runs to its credit, six

"JULES BEAUBIEN"
Hero of Eugene Walter's play, "The Wolf."

months in New York at the Lyric Theatre, and four months at the Garrick Theatre, Chicago, and return engagement in both cities. It is said Mr. Walter has written a powerful story of life in Hudson Bay country.

Hackett at the Majestic.

An unusually attractive and expensive bill will be offered at the Majestic Music Hall next week, when James K. Hackett and his own company will present his famous vaudeville sketch "The Bishop's Candlesticks." It is a melodramatic episode in Victor Hugo's "Les Miserables," and it is claimed by critics that Mr. Hackett has never before given such evidences of force, virility, and histrionic comprehension as in this 30 minute interpretation, revealing the sordid soul of Jean Valjean the convict. A number of English and European vaudeville features will complete a bill that has never been offered in the city at popular prices. The Majestic Music Hall, with its new policy, is bound to meet with public patronage.

Frank Calder's Ducklings at the Star.

Frank Calder's Ducklings, one of the best burlesque organizations on the circuit, will play at the Star Theatre all this week. The house has been crowded at every performance for the last two days, ample evidence to commend to the lovers of this class of entertainment. The burlesque features of the company are of the most laughable character, and present some unique features. With the Ducklings are a quartette of clog dancers that have attracted international attention and have been pronounced the best in the business. The performance is brought to a close with a one act burlesque in "A one night opera," in which a small army of pretty chorus girls are afforded opportunity to demonstrate the musical abilities of this company.

"King Dodo."

John Cort's production of the celebrated Pixley and Luders comedy opera success, "King Dodo," will be the attraction at the Princess Theatre, the first half of the coming week, with a popular matinee Wednesday. The cast are Eleanor Kent, William Friend, Joe Barnett, Osborn Clemson, Laura Millard, William Herman West, Mabel Bunyea, and Charles J. Udell. The sale of seats opens to-morrow.

A STANDARD PIANO.

A standard piano may be classed as a piano of wide reputation, the qualities of which have been tested and not found lacking. Just such a piano is the great "New Scale Williams" which stands to-day without an equal.

In six short years this instrument has come to the front and to-day is recognized as the leader of high grade Canadian makes.

In six short years the output of the factory has grown until it equals the output of any other Canadian factory which only goes to show that the makers of the "New Scale Williams" have accomplished in six years what it has taken other manufacturers forty years to accomplish.

See this great piano at the exhibition or at the warerooms, 143 Yonge-street, and then you will discover what makes it so popular.

Ottawa and Return, $5.40,

via Grand Trunk Railway System, Sept. 14, 16, 17, and $7.70 Sept. 10 to 18 inclusive. Return limit on all tickets, Sept 20. Secure tickets at City Office, northwest corner King and Yonge-streets. Phone Main 4209.

Liberals Meet To-day.

Hon. A. G. MacKay is registered at the Prince George. He is here for the annual meeting of the Ontario Reform Association to-day.

Great Toe Mangled.

Miss Hoard, 76 Pembroke-street, had her great toe caught in the machinery of a gasoline launch on Sunday last, and it was so badly mangled it had to be amputated.

A BROKEN-DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a break-down, as it were, of the vital forces that sustain the system. No matter what may be its causes (for they are almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is *increased vitality*—vigour—

VITAL STRENGTH & ENERGY

to throw off these morbid feelings, and experience proves that as night succeeds the day this may be more certainly secured by a course of

THE NEW FRENCH REMEDY THERAPION No. 3

than by any other known combination. So surely as it is taken in accordance with the directions accompanying it, will the shattered health be restored,

THE EXPIRING LAMP OF LIFE LIGHTED UP AFRESH,

and a new existence imparted in place of what had so lately seemed worn-out, used up, and valueless. This wonderful medicament is suitable for all ages, constitutions and conditions, in either sex; and it is difficult to imagine a case of disease or derangement whose main features are those of debility, that will not be speedily and permanently overcome by this recuperative essence, which is destined to cast into oblivion everything that had preceded it for this wide-spread and numerous class of human ailments.

THERAPION is obtainable of principal Chemists or from The Le Clerc Medicine Co., Haverstock Road, Hampstead, London. Price in England, 2/9. Purchasers should see that word 'THERAPION' appears on British Government Stamp (in white letters on a red ground) affixed to every genuine package.

Therapion is now also obtainable in DRAGEE (TASTELESS) FORM.

Sold by Lyman Bros Co. Ltd, Toronto, & E. Fougera & Co., New York. Price 1 dollar. Postage 4 cts.

PLANS FOR QUEBEC BRIDGE TENDERS FOR TWO TYPES

Decision as to Cantilever or Suspension Will Be Made Later — Specifications Arrived At.

MONTREAL, Sept. 7.—(Special.)—Paul Wolfel of Philadelphia and P. Johnston of Montreal, consulting engineers, met the Quebec bridge committee to-day and decided that tenders should be asked for a cantilever and suspension bridge, the class of structure to be definitely decided upon latr on.

The bridge will be 150 feet above high tide, and 600 feet in length. The main bridge will be 25 feet wide, against 61 feet. The centre span will be reduced from 1800 to 1715 feet, this being made possible by the erection of a main pier 100 feet further from the north shore that the present pier. The old pier will also be reduced and strengthened.

Work will begin at once.
