# BRITISH ARMY SEGURES A WORKABLE AIRSHIP

Breeze Hundreds of Feet Above Ground.

LONDON, Feb. 12.—The British army appears at last to have secured a workable airship after many false starts. Manned by Col. Capper and four assistants, the huge fish-shaped craft was launched from the military balloon factory at Farnborough to-day Ar hour was occupied in a flight over Laffans Plain to Aldershot camp and back to its shed. The airship traveled several hundred feet above the high est points passed over and appeared

to answer its helm perfectly. It seemed to be under thoro control thruout the trip and maintained a good speed even when driven into the teeth of a stiff breeze. The new machine is many times greater in size than its predecessors, being 170 feet in length with pointed ends and having fin-like projections on either side. Framework extends below the body for about threefourths of its length. The

Reorganization of Berna Motors. Editor World: During the last few weeks certain sensational statements have been made by a weekly public tion of this city with regard to the tleman, mentioning amongst other things his connection with Berna Motors and Taxicabs, Limited. as these remarks did not directly attack the company itself, we did not feel called upon to make any com-

ment thereon. It would appear, however, from to- is He was born in the County of Dur-ham, England, and originally was enonly desirous of fulfilling what it bas self-appointed, but that for some uncabs Co. itself, altho the company is

He has been prominently identified and the profits derived from its bust-vith St. Anne's Church in the west end As a part of the scheme of reorgani-Mr. Blacklock was a widower, and \$140,000 of stock, and this publication thereupon publishes in to-day's Issue the extraordinary statement that upon this basis the capitalization would be part cash. This statement dently been made in entire ignorance of the true facts of the case, and without the knowledge that by far the largest part of the reduction in issues shares is obtained by the voluntary surrender of stock which was issued for other than a cash consideration. When the holders of this latter stock the larger portion of their holdings in order to assist in the reorganization unfair that this publication, without knowledge of the circumstances, should between the duke and the duchess, who it has. make the incorrect statements which

It is obvious that one holding a \$3.50 capital of \$140,000 is in a far better position than one holding a \$5 share in a corporation with an issued capital \$390,000, the assets being the same in each case, and if the publication referred to is honestly endeavoring to fulfill a public duty, it would appear more fitting that instead of making reckless misstatements of facts it power, the shareholders in their endeavor to reorganize the company upon a sound business basis.

The only possible effect of the arti-cle complained of would be to block the proposed reorganization and destroy the value of the shareholders'

equity in the company. Berna Motors and Taxicabs, Limited, Per A. G. Randall.
