THE GERMAN RECALCITRANT, ALLIES TO OCCUPY TERRITORY

CHANGES IN CABINET PROBABLY MADE PUBLIC BY MEIGHEN TOMORROW

Lougheed Likely New Minister of Interior and Calder of Public Works—Expect R. W. Wigmore to be Minister of Customs—Mention Sir Clifford Sifton For London High Commissioner.

Ottawa, July 8.—(Special)—Hon. Arthur Meighen will, it is expected, be able to announce his cabinet on Saturday, when he takes over the leadership from Sir Robert Borden. It is believed there will be even more additions to the cabinet than have been anticipated. It is expected that by-elections will only be required immediately in New Brunswick and Nova Scotia, although within a few months many other changes are expected. As all the old members have agreed to serve under Mr. Meighen he is not under immediate necessity of drastic cabinet reorganization. The old ministers will take over the present portfolios and return to their old positions or other departments within a few days.

New Post for Lougheed. The new prime minister will follow the precedent set by Sir Wilfrid Laurier and Sir Robert Borden and become minister of external affairs and also president of the privy council. These departments were recently administered by Hon. N. W. Rowell. The department of soldiers' civil establishment will shortly be absorbed into the military department and will be administered by Sir James Lougheed for some other important department. He will probably become minister of interior and it is believed that Sir Clifford Sifton and Sir James Lougheed for some other important department. He will probably become minister of interior and it is believed that Sir Clifford Sifton and Sir James Lougheed for some other important department.

COMPEL PULP FIRMS TO REFUND MONEY TO TRIBUNAL RULING AFFECTS FT. FRANCES CO.—BENEFITS WESTERN DAILIES.

Montreal, July 8.—(Canadian Press).—Late this afternoon the paper control tribunal, consisting of Justices White, chairman; Archer and Middleton, gave out a decision that the Fort Francis Pulp and Paper Company must refund to the various newspapers concerned all charges over and above the authorized rates for newsprint, amounting to about \$122,000. At the same time the tribunal allowed the appeal of the Fort Francis Pulp and Paper Company against an order charging \$80 a ton for paper from and after December 31, 1919. While no date was set for the continuance of this order, it was understood that it would mean until the recent advance in prices allotted on July 1. In any event it was intimated by Mr. Heilmuth, K.C., who appears for the company, that a decision of the tribunal would be carried to a higher court, since the company challenged the jurisdiction of the paper control tribunal.

Mostly western journals are involved in the appeal of the newspapers, and the claims cover a period from January, 1919, to December 31, 1919, during which it was alleged the Fort Francis Pulp and Paper Company had charged and collected prices in excess of those allowed by the paper control tribunal. The Fort Francis Pulp and Paper Company's appeal states that the tribunal now states must be refunded.

POISONED WHISKEY FOUND AT DETROIT 1,000 Quarts Were Ready for Distribution in United States.

Windsor, Ont., July 8.—Lives of thousands of thousands of people were saved by a raid conducted by Joseph A. Palm, Detroit secret service agent, the arrest of three men, and confiscation of ten thousand quarts of poisonous liquor, 10,000 empty bottles with corkers, a similar number of counterfeit Canadian government inland revenue stamps, and an equal number of counterfeit labels of Imperial Whisky, manufactured by the Hiram Walker Distillery, Walkerville.

Sojourners, Isadore Lurivitch and Harold Arnold are being held, and the first two on \$5,000 bail, while the last is still in the cells. The case has already been given a hearing before Commissioner J. Stanley Hurd, United States for \$2.75, and so on all down the list. Also decided arrangements to Men's Hair Coats, at Dineen's, 140 Yonge St.

J. H. Burnham, M.P., Peterboro, Resigns His Seat in Parliament

Peterboro, Ont., July 8.—J. H. Burnham, M.P. for West Peterboro, has resigned from the house of commons, his resignation having been forwarded to the Speaker today. In a letter to Hon. Arthur Meighen, the premier-designate, Mr. Burnham declares that the returns to pre-war political conditions have been delayed at Ottawa, "but cannot in honor be longer delayed by me," he adds.

DOHERTY PROMISES STRONGEST SUPPORT FOR O.A.C., GUELPH

At Alumni Banquet Says Government Realizes College Is Leading Force in Agriculture. REYNOLDS REPLIES

Special to The Toronto World. Guelph, July 8.—(Speaking to 150 ex-students on the occasion of the O.A.C. alumni reunion banquet held at Macdonald Hotel in honor of Prof. J. B. Reynolds, who took over the presidency of the Ontario Agricultural College this week, Hon. Manning Doherty, minister of agriculture for Ontario, stated that never in the history of the province had there been a government so solidly behind the college as the Drury administration. He called attention to the fact that the recent salary increases to the teaching staff would aggregate \$25,000 a year, and while he admitted the salaries were not yet adequate, that was the largest amount ever given by any government of the province in increases in any one year.

White in Toronto. Hundreds of messages of congratulations have poured in upon the new leader. They are from members of both parties and from all parts of Canada. Sir Thomas White returned to Toronto today, and, before leaving, assured the new leader of his support both in parliament and country.

Regarding Prof. Reynolds the minister said: "I know he will administer the affairs of the college frankly and fearlessly and without waver, and that is the kind of a man the people of the province want at its head. I can assure him that as long as I hold the position I do it will be my aim to give progressive support, and I can assure him the same support from my colleagues of the cabinet. He will get this support because he is a man of the voice of the people at the polls, he knows perfectly well that the age of the old pass machine is over, and the real problem of the farmer is the land question, and the farmer is determined to have a clean government, irrespective of party leanings. It is a well-known fact that Mr. Borden's government, while in office, were not ready for any emergency.

Regarding the O.A.C. the new premier contended that the functions were teaching, research and extension, and he announced, with permission of Hon. Manning Doherty, that the extension work in agriculture would be removed from Toronto to Guelph.

BELIEVED BODY TO BE SMALL'S Birchcliffe Man Thinks Corpse on Beach Missing Millionaire.

The discovery of the partly decomposed body of a man at the foot of Springbank avenue, Birchcliffe, last evening, at first gave rise to the conjecture that it was that of Ambrose Small, but investigation by Sergeant Tom Sockett of No. 10 police station and County Constable Davidson proved the hypothesis to be without foundation. Carados Rhydwyn, Birchcliffe, who notified the police of the discovery, stated at a time that he had seen the body to be that of Ambrose Small, the missing theatrical magnate. "Accordingly, Sergeant Sockett was immediately despatched to the scene. While the body was so decomposed as to make identity impossible, there was nothing to support the suspicion that it was that of Ambrose Small. Papers found in the coat pocket also substantiated this as there was a collected bill, dated June 10, denoting that it was since that time that death had taken place. The body was washed up on the beach and it is believed that it has been in the water about four weeks.

There's going to be record selling at Dineen's today and tomorrow. The price reductions on Straw and Panama Hats for Men will be quite tempting. All the season's styles from the best makers are included in this sale. You can buy \$3.00 straw hats for \$2.25, \$4.00 straws for \$3.00, \$4.00 panamas for \$2.75, and so on all down the list.

BATHERS BOTHERED BY BABIES' BOTTLES

New York, July 8.—Perversity of infants who insist on tossing their bottles onto the beach, breaking down on stones and cutting bathers' feet, today caused Coney Island bathing house proprietors to place a ban on baby carriages.

MOORE TO DEFENCE OF SIR ADAM BECK

Ottawa, July 8.—Vigorous criticism of Premier Drury for holding up the purchase of the Hydro radial until a special commission investigates the entire situation, and declaring organized labor has fought for public ownership so long to sit quietly by and see the whole proposition blocked and destroyed, Mr. Tom Moore, president of the Trades and Labor Congress of Canada, in a statement issued today, emphatically states that interference will not be quietly tolerated. Scores Dual Commission Idea. If the Ontario government has lost confidence in Sir Adam Beck and the Hydro-Electric Commission it should boldly appoint a new commission, Mr. Moore says. He believes that the creation of the dual commission will not be a step to reduce the high cost of living. He asks why the provincial government should hurry so urgently to have the people from an imaginary

GOVIN HAS RESIGNED QUEBEC PREMIERSHIP TO CALL TASCHEREAU

Latter Likely to Be Handed Reins of Office Today by Lieutenant-Governor. IS NATIVE OF QUEBEC

Quebec, July 8.—(By Canadian Press).—Sir Lomer Govin, at a meeting of the provincial cabinet this morning, resigned as premier of Quebec. While no official announcement has been made, it is understood the lieutenant-governor, Sir Charles Fitzpatrick, will call on Hon. L. A. Taschereau, minister of public works, to succeed Sir Lomer. It is rumored that Mr. L. Letourneau, a prominent industrial man of this city, president of the Quebec Preserving Company and provincial member for East Quebec, will be sworn in today as minister without portfolio.

Statement by Govin. "The official statement of the retiring premier is as follows: 'In 1905, after having been called upon to form a government, I drew up a program which, since that time, has appeared to carry weight and which affected every branch of the administration. 'During fifteen years, I have had the signal honor of enjoying the most complete confidence of our population and, with the co-operation of my colleagues in the cabinet, as also that of my friends in the legislative council and assembly, I have applied myself conscientiously to carrying out this program. 'I have given the best of my energy and of my devotion and (Continued on Page 3, Column 5.)

OIL INDICATIONS THRUOUT NORTH Government Geologist Returns From Survey of Hudson and James Bays.

Oil indications abound in the districts of Hudson bay, James bay and throughout Northern Ontario, is the pleasing intelligence conveyed to the minister of mines by M. Y. Williams, the noted geologist, on a return from a survey of these resources. The oil, says the report, is of fair commercial quality, according to analysis, but whether it is to be easily obtained will remain for a more thorough survey, together with extensive borings, to decide. Mr. Williams is, however, privately optimistic that the amount is considerable.

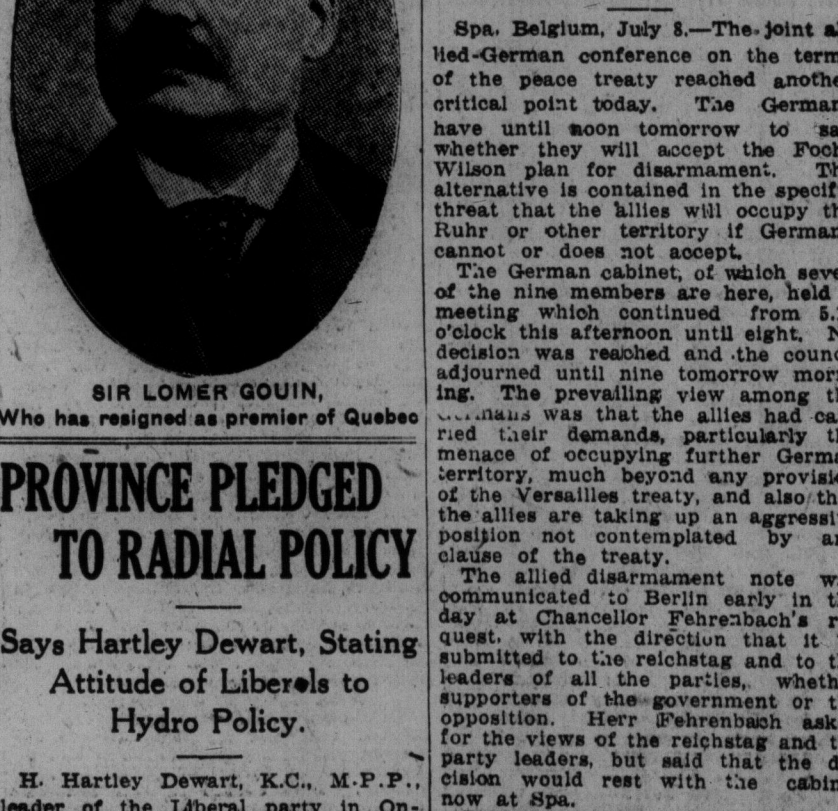

SIR ADAM BECK SCATHINGLY DENOUNCES DRURY'S ACTION TOWARDS HYDRO RADIALS

Hydro Knight Declares Credit of Province Jeopardized Unless Purchase of Line Completed—Has No Intention of Resigning and Faces Judgment of the People Without Fear—Commision a Bolt From the Blue. Notwithstanding that a resolution was carried, amid vociferous applause, that Sir Adam Beck, the chairman of the Hydro-Electric Commission, be urged to accept the nomination for the vacancy in the northeast riding of Toronto, the electric knight, in a strong, vigorous and amful address, which lasted two hours, when he expounded his views on the Hydro situation to delegates who assembled in the council chamber yesterday from nearly all of the one hundred and ninety-eight municipalities served by the commission, said not a word on this important subject. His speech, which held the attention of the numerous delegates, dealt entirely with the Hydro Commission business. He was not alone in his scathing denunciation of the latest move of the Drury government. He said he was more than agreeable to give all information that the government wanted, but he denounced the government's policy of appointing a royal commission. He assured his listeners that he was not a coward and that the work he had been appointed to do by the public of Ontario he would proceed with, and he had no doubt but that a radical system, which he considered of vital importance to the province, municipality-owned, would, in due course, materialize.

At the outset of his peroration, Sir Adam said that he was not discouraged by the prospect of a commission to inquire into the Hydro-Electric Commission. He said he was not discouraged by the prospect of a commission to inquire into the Hydro-Electric Commission. He said he was not discouraged by the prospect of a commission to inquire into the Hydro-Electric Commission.

NOON TODAY THE LIMIT FOR GERMAN DECISION ON DISARMAMENT TERMS

Unless They Are Accepted Allies Will Occupy Ruhr or Some Other Territory—Terms of the Demands—Time Limit for Reduction of Army Is Granted.

PROVINCE PLEDGED TO RADIAL POLICY Says Hartley Dewar, Stating Attitude of Liberals to Hydro Policy.

H. Hartley Dewar, K.C., M.P.P., leader of the Liberal party in Ontario, gave out the following statement today: "The policy of the provincial Liberal party was declared at the convention held in June, 1919, in the following terms: 'The construction of a system of Hydro-radial railways thruout the province, wherever conditions warrant expectation of successful operation. In the construction of these railways there should be co-operation with the directors of the National Railways, so that duplication of services shall be avoided and the Dominion and provincial authorities may work together for the development of province-wide systems of transportation. 'Since that convention was held the taking over by the Dominion government of certain radial railways operating in the province of Ontario and the national railways has rendered it possible to avoid the duplication of services referred to in the resolution. I understood that the Dominion and provincial authorities were working together and that arrangements were being made for the taking over by the province of certain roads: The Toronto Suburban Railway, the Niagara, St. Catharines and Toronto, the Toronto Eastern Railway, Toronto, Galt, Guelph, Elmira Railway—that the taking of those had been practically arranged. 'I think during the session that it was the understanding of all the members (Continued on Page 3, Column 4.)

Dr. Walter Simons, German minister of foreign affairs, replied that the proposal was really a modification of the one-sided treaty. It did not represent an agreement arrived at as a result of a "round the table" discussion, he said. Dr. Simons declared the Germans would make every effort to carry out the conditions, recognizing that if they did not succeed Germany would have to bear the consequences, which would be serious not only for Germany but for the allies also.

Mr. Lloyd George asked to have noted in the minutes formal acceptance by Germany of the conditions given by the allies. Dr. Simons asked for a postponement until noon tomorrow, which was granted. The German Delegates Agitated. Chancellor Fehrenbach, Dr. Simons, the foreign minister, and Herr Gessler, minister of defence, left the conference in an agitated state. They looked grim when they arrived at German headquarters in a little hotel in the pine woods. The chancellor immediately called a meeting of the German cabinet, the members of which have been arriving at Spa one by one, until only two now remain: Berthel-Herr Koch, interior, and Herr Rauber, treasury. Those who sat in the cabinet council, besides Fehrenbach, Simons and Gessler, were: Vice-Chancellor Heinke minister of justice; Herr Wirth, finance; Herrmes, food, and Scholz, economics. General Von Seeckt, chief of staff, with some of the under secretaries, took part in the conference.

Telegraphic communication was opened with Berlin, and the substance of the allied decision communicated to the foreign office, with instructions to have Ministers Koch and Rauber call together some of the leading personalities in German public life and consider the allies' demands, and then later inform the German cabinet here on their point of view. A German official, coming from the Spa, Belgium, July 8.—The joint allied-German conference on the terms of the peace treaty reached another critical point today. The Germans have until noon tomorrow to say whether they will accept the Poch-Wilson plan for disarmament. The alternative is contained in the specific threat that the allies will occupy the Ruhr or other territory if Germany cannot or does not accept. The German cabinet, of which seven of the nine members are here, held a meeting which continued from 5.15 o'clock this afternoon until eight. No decision was reached and the council adjourned until nine tomorrow morning. The prevailing view among the Germans was that the allies had carried their demands, particularly the menace of occupying further German territory, much beyond any provision of the Versailles treaty, and also that the allies are taking up an aggressive position not contemplated by any clause of the treaty. The allied disarmament note was communicated to Berlin early in the day. Chancellor Fehrenbach asked the quest with the direction that it be submitted to the reichstag and to the leaders of all the parties, whether supporters of the government or the opposition. Herr Fehrenbach and the party leaders, but said that the decision would rest with the cabinet now at Spa. Private negotiations are reported to be going on tonight between Premier Lloyd George and Millerand on the one hand and Dr. Simons on the other, but this could not be clearly established. Dr. Simons left the cabinet meeting shortly after midnight. It was said he had gone to meet the allied premiers. Demands of the Allies. The final decision of the allies sets forth: First, Germany must immediately disarm certain of its forces, including the security police. Second—Publish a proclamation asking for the immediate surrender of all weapons and firearms in the hands of the civilian population. Third—Abolish immediately compulsory service. Fourth—Surrender to the allies all arms, guns and cannon which it possesses above the limit fixed by the treaty of Versailles. The allied decision concerning disarmament reads: "If on October 1 the German army is not reduced to 150,000 men, the allies will proceed to occupy German territory in the Ruhr or any other part of German territory, and will not evacuate it until all the conditions of the present agreement have been fulfilled. Premier Lloyd George said that after the three days of discussion the question it must be closed immediately. The treaty had not been executed, he asserted, and instead of 100,000 rifles there were 5,000,000 in Germany and six times as many machine guns as the treaty allowed. Suspicion Awakened. The allies had not shown on strict execution of this clause of the treaty. Mr. Lloyd George continued, because they recognized the difficulties Germany was encountering. The discovery of hidden airplanes and other material, however, had caused suspicion.
