**IRISH SEVENTHMENT
FAVORS DOMINION
HOME RULE PLAN**
Nationalists Hitherto Opposed
Now Have Come Round
to Support It.
SINN FEIN OBDDURATE

Dublin, July 28.—Renewed activity is apparent in Irish political circles favoring dominion home rule as a satisfactory settlement. In addition to Sir Horace Plunkett's Dominion League, which makes a new appeal for funds, many Irishmen of all parties are prompted by Mr. Lloyd George's recent announcements to press for a plan different from the Dominion League's plan by agreeing to allow the Ulster counties to vote themselves out.

Nationalists hitherto violently opposed to this course, as being a partition of Ireland, have come round to favor it and have the support of Freeman's Journal, which in recent months under a new proprietorship could not be distinguished from the Sinn Fein organs.

In agreeing to waive the republican claim and to accept county option for Ulster, important groups have met both of the premier's indispensable conditions. The crux of the whole situation is the attitude of the Sinn Fein leaders, who in the press and on the platform continue to repudiate all compromises.

**GENERAL HOSPITAL
WARMLY CENSURED**
Coroner's Jury Directs Govern-
ment's Attention to
Emergency Department.

"Joe Wing came to his death on July 10 at the Toronto General Hospital of hemorrhage of the brain caused by a poisoned condition of the system and partly by the water-logging of the lungs. We are also unanimous in saying that the conditions of the emergency department of the General Hospital are anything but satisfactory and we further say that the attorney-general's department or the proper authorities should see to the reorganization of the same, so that the general public may get prompt and proper attention."

Such was the verdict at last night's inquest into the death of the Chinese laundryman, whose repeated visits to the General Hospital and other places of extraordinary conduct has already been reported upon. Two nurses and an orderly appeared as witnesses last night, their presence having been requested by the jury at the previous sitting. They stated that about 10 or 15 minutes might have elapsed between the time when the man was admitted to the hospital and when he received treatment, although they agreed that it did not take more than five minutes to get him to the accident ward from the automobile. Dr. Gray, assistant supervisor of the department, stated that there were standing instructions that a doctor must always be in the emergency ward, but apparently they had not been carried out in this case. Coroner Graham pointed out to the jury in summing up that although there might have been a slight delay in this particular case, there is nothing to show that death could have been prevented by prompt treatment.

**Bars All U. S. Military Men
From Political Campaigns**
Washington, July 28.—United States Secretary of War Baker today issued instructions prohibiting any person in the military service from taking any active part in political campaigns or using his official position to influence the result of an election.

DRURY GOVERNMENT IS WARMLY ATTACKED FOR HYDRO RADIAL POLICY

Big Conservative Picnic Passes Resolution Calling for Continuation of Sir Adam Beck's Program—Also Asks for Additional Recognition of Services of Returned Men.

"Thank God the Drury faction did not arrive in time to stop the Hydro movement at its inception," said John R. Robinson to a huge gathering at the Liberal-Conservative picnic and rally held in the Exhibition grounds last evening. In an address Mr. Robinson told why he was within the Conservative ranks today. He scored the Drury government for its antagonistic policy towards the Hydro, and bitterly attacked Messrs. Drury, Raney and Doherty, whom he classed as puppet figureheads. He said they were three incurable Tories. He said the hardest work was to farm their affluent fathers for an education of which they had not made much use. Mr. Raney, he believed, was also born on a farm, which supplied him with an education to equip him as a lawyer. He said there was no difference between a Drury Liberal and a Dewar Liberal. They were like the links of a sausage, "a bit of the same dough." He declared that Drury's free trade utterances had done incalculable harm. Mr. Robinson said that so long as Conservatives were true to their principles and Canada's, "I have no use for the man who goes to bed at night a protectionist and rises in the morning a free trader." He said Conservatives stood for loyalty to protection and loyalty to public rights. They stood for principles that would find employment for the soldiers who fought for Canada and righteousness; they stood for the growth of a greater Ontario and for the growth of a greater Canada.

Mayor Church received a great ovation when he rose to address the gathering. He extended a warm welcome to all Conservatives. He said that Britain just now had many enemies to cope with, including Sinn Fein, socialists, Bolsheviks. He denounced Cardinal Mannix for his anti-British utterances and said the people could trust Lloyd George to deal with him in a proper manner if he attempted to set foot on English soil.

**ARMENIAN CITY IS
CAPTURED BY REDS**
In Baku Bolsheviks Are Train-
ing Armenian Army to
Overthrow Republic.

Constantinople, July 28.—The Bolshevik army advancing from Baku through Armenia took Coucha, 264 miles southwest of Baku, virtually unopposed, as well as Gerousy, 24 miles southwest of Coucha, the next important town on the wagon route to the Tabriz railway. In Baku the Bolsheviks are training a large Armenian communist army to assist in the overthrow of the Armenian republic. British warships have seized a Russian ship from Nikolaiav at Trebizond, carrying Bolshevik arms and ammunition for the Nationalists. Many rumors are in circulation in Constantinople with regard to a possible Greek movement thru Samsun toward Angora, for the purpose of cutting Nationalist communications with the Caucasus Bolsheviks.

C. N. R. WILL SPEND MILLIONS ON FLEET FOR PACIFIC COAST

Were in Negotiation for Passenger Steamers for Sum of \$85,000,000, But Deal Fell Thru, Says Hanna.

Vancouver, B.C., July 28.—President D. B. Hanna stated here today that the Canadian National Railways intended to inaugurate a Victoria-Vancouver-Seattle boat service. Passenger boats will be put into operation between Vancouver and oriental ports as soon as they are available. The company had been in negotiation for the purchase of a fleet of passenger steamers involving an expenditure of eighty-five millions, but the deal had fallen thru, and it was impossible to say how soon ships could be obtained, he explained.

STIR IN MONTREAL OVER FAILURE OF BROKERAGE HOUSE

Thornton Davidson & Company Carried Heavy Line of Stock "Specialties."

Montreal, July 28.—(Canadian Press)—A stir was caused in financial circles this afternoon by the announcement on the floor of the stock exchange today that the brokerage firm of Thornton Davidson & Company had gone into voluntary liquidation.

The firm was established by Thornton Davidson, who was drowned on the Titanic. The announcement of suspension followed a somewhat protracted period of reports of difficulties in connection with the firm, the development occasioning little surprise in market circles, although the actual suspension of the firm's floor members caused some considerable degree of excitement in the financial district.

BANK BIG CREDITORS
The involved house for several weeks past had not been prominent in the market activity, but when the upswing of 1919 and early 1920 was in progress was highly conspicuous among the brokerage corps here. Efforts have been made recently to work the firm out of its difficulties and some progress was made, but matters culminated today when it was found in liquidation.

**GREECE MAY REFUSE
TO SIGN TURK PACT**
Controversy With Italy Over
Islands of the Do-
dcanese.

Paris, July 28.—If the Turkish delegates are not detained on their journey from Constantinople and arrive in time it is probable that the peace treaty with Turkey will be signed at Sevres tomorrow as planned. There is a possibility, however, that Greece may withhold her signature from the treaty for the present because of a controversy between the Greeks and Italians over the islands of the Dodecanese in the Aegean.

The Greeks are understood to have declared that unless they received a favorable reply from the Italians presently they would not sign the treaty. Premier Venizelos, Greece, is returning to Paris tomorrow, however, and the belief was expressed in French official circles today that the Italo-Greek controversy would be settled in time for the signing.

A Slow But Promising Harvest.
Still cold weather, the coldest July for years also the greenest, but good for taking in the balance of the hay crop, for starting the cutting of the wheat, and for rapidly ripening the rest of the grains and the roots. The wheat fields have added five bushels to the acre in the last ten days.

EARLY WHEAT CUTTING.
Brandon, July 28.—R. F. Marpolouth, who farms the southeast of this city, commenced cutting Marquis wheat on July 24. This crop was seeded April 10, and although growing on a hillside, will average about 10 bushel per acre.

**FEDERAL GOVERNMENT MOVING
TO SUPPORT OF SIR ADAM BECK**
Sir Adam Beck was in Ottawa over a week ago, and while there had a talk with Hon. Arthur Meighen, the new prime minister of Canada. Since that interview The World has heard reports to the effect that some kind of an understanding was reached between the two; that Mr. Meighen, on behalf of the Dominion government, was to facilitate the acquisition by the Hydro Radial Commission of some of the roads owned by the Canadian National Railways, from the Canadian Northern and the Grand Trunk, to be made a part of the Hydro radial system in Ontario.

Three of the papers of yesterday made announcements to this effect, but of more or less indefinite character. Here is the way The Toronto Star puts the situation: The Star learns on good authority that Premier Meighen has given assurances that the Dominion government will not insist that the province of Ontario must guarantee the bonds to be given in payment of a portion of the Canadian National Railway System, which Sir Adam Beck proposes to acquire as part of the Hydro radial system for Ontario.

JAP POLICY WATCHED BY BRITAIN AND U. S. CONFERENCES HELD

**BY-ELECTION DATES
NOT YET ANNOUNCED**

Ottawa, July 28.—(By Canadian Press)—Dates for the by-elections made necessary by entry of new ministers in Premier Meighen's cabinet, and to fill other vacancies due to resignations and death, will not be announced for a day or two, it was stated today. The delay is due to the printing of the new act and regulations. Present indications are that the chief interest will centre in the contests in Colchester, N.S., and East Elgin. In Colchester the farmers will oppose Hon. F. D. McCurdy, minister of public works. In East Elgin also, the chief opposition to the government candidate will come from the representative of the agrarian interests.

**DONEGAL HUNGRY,
MAKES VAIN PLEA
TO LONDONDERRY**
Cannot Supply Food, as
Crews Refuse to Move
Military Trains.

Belfast, July 28.—Donegal this morning was making frantic telephone appeals to Londonderry for food supplies. These, however, could not be delivered because train crews refused to move trains with military on board and the military insisted on occupying the trains.

MAIL TRAIN IS ROBBED
The train which was stopped at Letterkenny Monday by Sinn Feiners because it was transporting troops was still there today with the military guarding it.

**MAKING BIG THEFT
OF GRAIN ALCOHOL**
Bootleggers Get Precious
Liquid Worth Nearly Fifty
Thousand Dollars.

Windsor, Ont., July 28.—Bootleggers whose identity remains a mystery are richer today to the extent of approximately \$48,000, current market value, of a big shipment of 65 gallons of grain alcohol shipped from Hiram Walker's distillery, Walkerville, to the Heintz Canning Company, Leamington, and robbed in transit. The first three is entertained for its recovery.

**SOVIET FACTIONS
DIVIDED ON TERMS**
Lenine Favors Reasonable
Conditions to Poles; Trotsky
Would Humiliate Them.

London, July 28.—The success or failure of the proposal to hold a conference in London between representatives of the Poles, probably on Saturday, in the opinion of officials here, intimations have reached official quarters in London that the Russians themselves are not finding it easy to decide on terms. One faction led by Lenine, is reported to be in favor of terms that it would be reasonable to suppose the Poles would accept, while Trotsky and some of his intimates are represented as insisting upon terms so humiliating that the Poles would be forced to continue fighting, or overthrow their government if the terms were accepted. Should the latter contingency arise, it would be useless to attempt to hold a conference.

**BOLSHEVIST RISING
IN RUMANIA FEARED**
Constantinople, July 28.—Refugees from Buzina and Kistendje, in eastern Rumania, are arriving here in large numbers, fleeing from the Bolshevik menace. They report conditions to be highly unsettled in Rumania, and that a Bolshevik movement is feared.

POWERSMAN SHOT DEAD.
Cork, July 28.—Constable Murray was shot dead in the main street of Clonsilla last night.

BARGAINS FOR LADIES.
Don't miss Dineen's advertisement in this paper. Bargains that have not been equalled for many years and may never be repeated. Come and see in view of the premier's statement that pending the work of the commission of inquiry all radial action would be stayed.

"You are only making trouble."
