A memorial pulpts and placing candidates before the people is a serious matter, as the salary is small in some cases, and in others no remuneration at all, so that it comes to pass that in large cities civic affairs are left as a rule to a class of citizens who will not meet the ideal of the civic body that appoints them.

"The church as a general rule." Mr. Coulter said, "dare not support personality who is a Christian and not for the sake of friendship."

Amemorial pulpit and brass lectern to the memory of Rev. George Irwin Taylor, M.A., and his wife Alicia Taylor, will be dedicated in St. Bartholomew's Church.
East Dundas street, tomorrow evening, by the Bishop of Toronto. The pulpit is the gift of the congregation and old friends, and the lectern the gift of the family.

Rev. George Irwin Taylor was for 42 years the rector of the church.

The Hi-Y Club of Riverdale Collegiate held their annual social at Broadview Y. M. C. A., when the members entertained their lady friends. The large auditorium was well filled, and J. R. Uren, mathematical master, occupied the chair. President Ted Lye introduced Will Murphy, who presented Rev. W. R. Wilson, pastor East King Street Methodist Church with a fund raised by the members for the community work of his church.

Rev. Mr. Wilson suitably acknowledged the donation and expressed sincere appreciation of the thoughtfulness of the club and extended an invitation to members to interest themselves in some form of service.

A musical program was contributed by Miss Morrison, soloist; George Adams, vocalist, and the Riverdale Hawailan quartet.

Features of the evening were "The Gerrard Street Adyertiser," a revival of the old club newspaper, and a humorous address by Major Watson.

# REQUEST SHELTER

THE TORONTO WORLD

Miss K. Morgan, who has spent seven years as a missionary in Japan, is to deliver an address in the Community Church this evening. It will be oillustrated with views showing the different phases of the work carried on in Japan. Heard regarding the cold, bleak Avenue road and St. Clair ayenue on Friday evening a steady "line-up" was kept up between 9 and 12 o'clock, which extended for blocks. Many complaints were heard regarding the cold, bleak wind, from which there is no shelter at this corner. Altho the St. Clair car service is good, there is a considerable "wait" by those lined up in rush hours and are, therefore, obliged to stand shivering, while two or three cars are being filled.

The lack of shelter at this corner has been continually discussed by the various local associations for many years, but without results. Adverse criticism has been made by the ratepayers regarding the purchasing of parkets at a large expenditure, by the city council, when a shelter at this point is essential to the health of the community and has been persistently ignored by the civic authorities.
