

ACK.

NOVA-SCOTIA (17) ALMANACK.

Forth fly the tepid airs and unconfin'd,
Unbinding earth, the moving softness strays.
Joyous, th' impatient husbandman perceives
Relenting Nature, and his lusty steers
Drives from their stalls, to where the well-us'd plough
Lies in the furrow, loosened from the frost.

PHASES OF THE MOON FOR APRIL, 1837.

- New Moon 5 day 3h 6' morning.
- ☽ First Quarter 12 day 6h 59' afternoon.
