SETTLEMENT OF MINE DISPUTE IN SIGHT

DEADLOCK MAY COME TO END IN FEW HOURS

Great Pressure Being Exerted Upon All Concerned MEETING SOON

Premier Baldwin Expected to Take Hand in Affairs If Negotiations Fail

Canadian Press Despatch. LONDON, July 21.—The dispute between the miners and mine owners, centering on wages and working hours, appears to be on the way to settlement, some going so far as to say that the deadlock may end today.

Great pressure is being exerted upon the miners and mine owners to induce them to get together for a discussion of their differences and to negotiate a new agreement. Hugh P. Macmillan, chairman of the government inquiry board, is among those who have done their utmost in this direction.

Baldwin to Try

It is stated unofficially that if these efforts are shown today to have failed, Premier Baldwin intends to take a hand personally to try the effect of persuasion on the leaders of both sides. The main barrier to a meeting of the rival parties, is said to hinge upon interpretation of the word "abandonment." The miners insist that the owners withdraw their proposals for a new agreement and the miners interpret the word "abandonment" as meaning "abandonment of the strike."

The miners say this is impossible. On the other hand, the secretary of the mine owners says "abandonment" means neither withdrawal nor abandonment, adding: "If the owners withdraw their proposals the miners will meet them immediately, and once some form of agreement is reached, they could take any step they see fit at any time."

Miners Unsettled. Meantime there is some uneasiness among the miners owing to the report that the government is arranging for awarding in special constables, this giving the impression that some form of coercion is intended.

The question is to be raised in the House of Commons today, when, if the fact is as reported, it is expected the government will explain that the step is to be taken merely in the interest of the public with a view to assuring the food supply, and the necessary public services in event of a strike.

Such a measure may have been partly instigated by the declaration of George Goring, president of the Transport Workers Union, that the Transport Worker would stand by the miners.

Former Convict, in His Confession, Says He Discovers She Was Untrue.

Kosmowski collapsed after saying he had hauled the dying girl out into the country after shooting her at Elm and Eagle streets as she rode alongside him in his automobile.

DID NOT APPROVE BUILDING PLAN

Hon. P. C. Larkin Not Favorable to Scheme For New York Consulate.

By H. BAILEY. British United Press. LONDON, July 21.—A peculiar situation has arisen over the announcement in the press that Alfred Bossom, an American architect was proposing to build a skyscraper in New York to house all the consulates of the Dominion and Colonies of the British Empire and that the scheme had been approved by Hon. P. C. Larkin and the other Dominion high commissioners in London.

SAW THE PLANS. Mr. Larkin denies that he approved any such proposition saying that though he had seen the plan he did not agree with it.

It seems that Sir Mark Sheridan brought Mr. Bossom to see Mr. Larkin who saw the pictures and plans and expressed interest but nothing more. Meanwhile Lord Beaverbrook's Express is featuring the story on its front page and it would appear that someone is pushing a publicity drive at the expense of the Dominion High Commissioners in London.

World Peace is Objective Of Educational Program

Canadian Press. EDINBURGH, July 21.—An attempt to develop national educational programs that will bring about international understanding and lead to permanent world peace, is being made by educators from many countries, who are delegates to the World's Federation of Education Associations, which is holding sessions at its first biennial meeting here yesterday.

Thomas, of the United States, president of the Federation, delivered the opening address in which he declared it was up to the educators of the world to lay the basis now for future peace and prosperity. He suggested a new constitution should be drawn up incorporating all the institutions represented at the meeting.

King George has sent the conference the following message: "I follow with interest the sympathy the great work of the Federation in fostering, through the medium of education, all that may conduce towards peace and the happiness of the nations of the world."

MOVEMENT IS PROBABLE IN FRENCH AREA

Situation Along Battle Front Is Reported Calm

OFFENSIVE SOON

Reinforcements for French Are Arriving in Morocco; Propaganda Among Tribes

Canadian Press Despatch. FEZ, July 21.—The situation is calm along the battlefield, where the French troops are facing the rebellious Riffian tribesmen. It may be the calm before the storm, in the opinion of military observers, for the moment is probably more favorable to a Riffian offensive than it ever will be, now that French reinforcements are arriving.

An air scout report a movement by part, at least, of the troops being held by Abd El Krim for a mass maneuver. These troops are said to be moving in a northward direction, which, it is considered, may result in a short distance off shore, and the West Coast of Morocco, where the war is still in progress.

PROPAGANDA. Abd-El-Krim is keeping up the propaganda designed to win over to his cause those tribes which remain loyal to the Sultan of Morocco. His forces are raiding the French lines of communication, a proceeding more in keeping with the Riffian method of warfare than an attack in force, especially against troops equipped and commanded as are the French.

Much use is being made by the French of the aerial branch of their force. Notwithstanding the heavy fighting which they called forth from the tribesmen, the French planes set out every day to bomb the enemy positions and to bring supplies to posts besieged by the Riffians.

More Reinforcements. ARAISHI, SPANISH MOROCCO, July 21.—Advices reaching here on July 21—Advices reaching here on July 19, there was in Morocco 120,000 soldiers, while at the end of the month it is expected there will be 200,000 fighting units in the French army.
