

THE EVENING TIMES-STAR, SAINT JOHN, N. B. WEDNESDAY, OCTOBER 28, 1925

U.N.B. WIN TOMORROW AT ACADIA GIVES THEM WESTERN TITLE

BOTH FIFTEENS ON EDGE FOR ANNUAL TUSSLE

Next Game Is On Nov. 5 Between Acadia and Mount A.

INTER-COLLEGIATE football swings to the forefront of Maritime sport interest tomorrow afternoon at Wolfville when Acadia and the University of New Brunswick clash in what promises to be a bitterly-fought game between two evenly-matched teams. Any delusions entertained by U. N. B. following the Mount Allison debacle were rudely shattered by Acadia's crushing defeat of Dal on Oct. 11. The team's hopes now rest on securing a tie in the final game of the season. The team's last game was a 10-0 victory over the University of New Brunswick at Wolfville. The team's last game was a 10-0 victory over the University of New Brunswick at Wolfville.

TIMOTHY TO REFERENCE
Referee Timothy, of Halifax, is expected to handle the game; he had been agreed upon by the management of the two teams prior to U. N. B.'s departure this morning. The only question was as to Timothy's ability to get away from Halifax for the game.

U. N. B. supporters believe that the Red and Black is sending the strongest team which the college has ever sent into the Acadia camp for an intercollegiate battle. The following will be U. N. B.'s line-up with the numbers of the individual players:
Fullback—Hickson (1); halves—Seery (2), Steel (9), Fraser (8), McCaffrey (10); quarters—Keene (6), Currie (7), Babbitt (4); forwards—Woods (11), McEneaney (14), Macaulay (11), Dailard (12), Odell (13), McPhail (9), Donohue (10).
Acadia—Fullback, O. Noble; three-quarters, Hamilton, J. Wilson, Barreux, Blair, Eldering; halves, Davidson, McLatchey, J. Eldering; forwards, Creelman, Miller, A. Noble, Estey, Shaganer, Kierstead and Lane; spares, Morse, White, Crossman and Woodworth.

MASKED MARVEL WON

NEWMARKET, England, Oct. 28.—Masked Marvel, by McKinley, out of Maskara, and owned by A. K. Macomber, won the Cambridgehire stakes carrying 21,000 with extras at nine furlongs here today. A Lowry's Pons Ansonium was second, and Sir William Cook's Blue Petal third in the field of 14.

NEWMARKET, Oct. 28.—Masked Marvel won by a length, half length separating second, the Caesar. The betting was 100 to 8 against for each.

Through Masked Marvel's win, Mr. Macomber wins £20,000 from a commission company. He made a bet of £11 at 800 to 1 that another of his horses, Forest, would win the Caesar. The betting was 100 to 8 against for each.

FLOWERS IN DRAW

CHICAGO, Oct. 28.—Chuck Wiggins, Indianapolis, the "Tiger" of the last heavyweight, boxing champion from Atlanta, to a draw in a ten round fight at East Chicago, according to the majority of newspapermen. A few gave Wiggins a shade over Flowers who had been the favorite.

MANAGER NOT INVOLVED

BUFFALO, Oct. 27.—President Sam Robertson, of the Buffalo International League Baseball Club, today denied published reports that Harry Hooper had been offered the post of manager of the Buffalo Club. He also denied that Webb, third baseman and acting manager of the Buffalo Club, was involved in any negotiations.

Toronto's Curiosity

Many people of both sexes carry canes in cosmopolitan Montreal, but a visitor to Toronto thinks that the use of a walking stick there is a rarity. Jean Larocque of Paris writes to the Toronto Telegram: "In one respect only have I been disappointed in Toronto. Because I carry a cane, which is quite the thing for young men in other parts of the world, I am everywhere in the tramways, theatres, etc., an object of curiosity. When I do not carry my cane no one pays any attention to me. Apparently, Torontoans think it most gentlemanly to have their hands in their pockets. However, this will not mar my pleasant impressions, and it is with regret that I am leaving your fair city so soon."

"Pie" Traynor Expects To Visit Saint John Following Christmas

Along The Sport Trail

By JOHN A. DUNLOP.

THIS WEEK promises to be a busy one in football circles here. On Thursday, Election Day, Trojans play host to the team from Moncton and in view of the closeness of the score of the first game at the railway centre last Saturday when the locals won by 8 to 0, the margin of excitement here should be rather wide. On Saturday, Trojans entertain U. N. B. for their last clash of the season while U. N. B. is returning from Wolfville. That Thursday game at Wolfville has the boys talking in bunches with some enthusiastic U. N. B. rooters declaring that not only will U. N. B. be the Acadia but will win the decision. Breaking a hoodoo that has existed for time immemorial is about as easy as selling silk hose to an Eskimo and there seems little comfort for this view in the light of Dal's unexpected defeat at the hands of Acadia in Halifax last Saturday. There was not much room for argument over that one and if U. N. B. needed anything to get over any feeling of superiority resulting from the Mount A. game it was that dispatch from Halifax. If Acadia can do that on its enemy's territory, what can she do on her own ground. And yet, Dal beat Acadia on its home grounds only a few weeks ago. The life of an expert chooser these days is not patterned on millionaire style. The worst part of such a life is that no one remembers the right ones and some are always digging up the wrong guesses.

MAX CAREY is in the hospital now as a result of a collision in the fifth game. We knew there was something wrong with Max in the sixth and seventh contests. The poor old fellow could only sock out three doubles and a single in six times up.

MR. WRIGLEY, owner of the Chicago Cubs, soon after the appointment of Joe McCarthy as manager, said he was ready to shoot a million to bring the pennant to Chicago. But that is one of the things that money cannot buy inside a year and owner Wrigley should know, as he has been a liberal spender, that to have a pennant already packed, wrapped and labelled for delivery means more than a million. Somehow in this cruel, harsh world it is necessary to guide the postman, or whoever carries it, past the murderous bats and keen-eyed hurriers of seven different other clubs. Money, of course, will play a large share but John McGraw found out this year that money could not get him his fifth consecutive pennant in a row. The greenbacks will get good players but it takes time to mold a team into a winning combination. It took Pittsburgh 16 years to turn the trick. Look how long it has taken Connie Mack.

JOE PAGE, at Quebec recently, said he has hopes that Montreal will be included in the International League next year. The matter of grounds seems to be the entire question. The matter should be decided in a fortnight or so, Joe says.

ENORMOUS CROWDS are attending the week-end football games in the United States this year. Three-quarters of the finances for athletics at the various colleges comes from the revenue derived from the football games and if it were not for this source, sports in its other branches would lag. The ticket demand for the Yale-Army game at New Haven this Saturday rivals that for the big three games with 70,000 people expected. 68,000 saw the game between Michigan and Illinois last Saturday and when "Red" Grange leads his Illinois team against Pennsylvania this Saturday, as big a crowd is expected. Other big games this Saturday include Columbia vs. Cornell; Navy vs. Michigan; Dartmouth vs. Brown; Notre Dame vs. George Tech, and others.

JUNIOR BASKETBALL LEAGUE IS FORMED

Games Are Expected to Commence About Middle of November.

The meeting called at the Y. M. C. A. last night for the purpose of forming a junior basketball league was attended by 45 representatives and all were enthusiastic over the organization. The league will open about the middle of November, and will follow the A. A. U. of C. rules, which is, that any member of any team must be a member of an organization, church or club before he can join a team. All clubs wishing to compete must signify the same in writing to the secretary their intentions of entering, and which section they wish to be in by November 2.

It was decided that the time of play would be twelve minute periods for the lower section, and 15 minutes for the higher. Each team will be allowed five regular players and three spares, and the age limit will be considered as of the time when names of players are handed in to the secretary two days previous to the opening of the league.

The following officers were elected: President, H. T. C. Hutton; vice-president, W. E. Stirling; secretary-treasurer, Robert Kelley. It is expected that as many as thirty teams will be entered.

PETITCODIAC FIRE LOSS OVER \$40,000

Blaze Brings Last Two Years Total Damage to Nearly Half Million.

Canadian Press. PETITCODIAC, N. B., Oct. 28.—Fire, which for the fourth time in the last three or four years, swept through one end of the business section of this village, did damage estimated at more than \$40,000. Five stores and three houses were destroyed and several other buildings, including a hotel and two more stores, were scorched.

The following officers were elected: President, H. T. C. Hutton; vice-president, W. E. Stirling; secretary-treasurer, Robert Kelley. It is expected that as many as thirty teams will be entered.

British Tennis

LONDON, Oct. 27.—The council of the British Lawn Tennis Association decided today to instruct its delegates to the International Federation to vote for Germany's re-admission to the body when Germany becomes a member of the League of Nations.

MEMORIAL TO "MATTY"

NEW YORK, Oct. 28.—New York baseball fans are talking about two memorials to Christy Mathewson. One group seeks to erect a field house and gym at Bucknell College. The other is anxious to have a monument at the Polo grounds.

KEYS' STABLE HOME AFTER A FINE SEASON

String Raced Through Entire Harness Meet Without Mishap

THE KEYS stable arrived home covered with glory and blue ribbons, says the St. Croix Courier. The horses were tucked up a little from the effects of the long ship home but they are all in the pink of condition and the appearance of the whole outfit is a credit to any man. Anxiety is looking great and shows the care that has been put on her this season. Trainer Egan says she is the best trotter he ever took care of, and War Dance, the "smooth bird" is the best pacer Doc Haslay has Myra Harvester, the pride of the stable, looking elegant. She has grown a lot and her feet and legs look great. "Billy" is very enthusiastic over Ella Watts. He says she is in the pink of condition and can beat 210 three times on a fair track. She must be a pretty fair trotter. The stable raced down through the season without a horse taking a lame step and not a wheel or a strap being broken. Must have been a pretty cool head and a good pair of hands around there some place.

ROY MITCHELL TO BOX WARD HERE

Arena Management Has Clinched Big Bout For Monday Night Next.

Manager Fred Finley, of the Arena, announced last night that the final arrangements were made for a ten round battle to be staged here on next Monday night between the Halifax sensation heavy Roy Mitchell, and Jack Ward, the game fighter who stood the Canadian champion Jack Remault off at Montreal recently for twelve rounds. With the exception of one fight in which Mitchell lost on fouling Robson of Malden, Mass., the Halifax scrapper has been winning all his fights by the knockout route. He is considered one of the best in his class that was ever produced on a rosin floor in the Eastern Provinces. While he has won from some very tough and expert artists from the States, this coming bout will undoubtedly be looked on as a real start towards bigger game.

Writers Object

CHICAGO, Oct. 27.—Baseball writers here today went on record as being opposed to major league stars lending their names to articles on the world's series. They urged President Heydler, of the National League; Ban Johnson, president of the American League; and Commissioner Landis to prohibit the practice.

NO ACTION TAKEN

JERSEY CITY, N. J., Oct. 28.—No action will be taken by the New Jersey boxing commission on the Willis Johnson fight, which ended abruptly in the first round when one of Johnson's handlers tossed a towel of defeat into the ring. Both fighters were paid.

RITOLA AFTER RECORDS

NEW YORK, Oct. 28.—Willie Ritola, crowned ten mile champion in Canada and war at New York Saturday, has decided to go after some of the indoor records set last winter by his compatriot, Paavo Nurmi. Ritola and Nurmi's marks were two miles up.

BOY USES BELT AS TOURNIQUET; SAVES LIFE OF HUNTING CHUM

PATCHOGUE, Oct. 28.—The presence of mind of an eighteen-year-old youth in improvising a tourniquet with his leather waist belt saved the life of William C. Dodge, Jr., 18 years old, of the Central Fire House, when he was shot by the accidental discharge of his shotgun while both were duck hunting on the waters of Great South Bay. Dodge and Paul Bartelme went out to shoot ducks from a small rowboat. As he was changing his position in the boat the trigger of Dodge's shotgun caught in the gunwale and the weapon was discharged. The charge took effect in the lad's left hand, almost severing it. Bartelme loosened his waist belt and wound it around his companion's lower arm, fastening it tightly with a piece of wood from the bottom of the boat. Then he rowed to shore, obtained an automobile and took Dodge to Ugly's Hospital, where the hand was amputated. Physicians at the hospital said that if it had not been for the presence of mind of Bartelme, Dodge would have died to death before he reached the hospital.

BOY RINGS FALSE ALARM; NOW HE SHINES APPARATUS BRASS

BLOOMFIELD, N. J., Oct. 28.—Catherine Wallace, 11 years old, has always wanted to get close to a fire engine. Saturday morning he got very close to the apparatus in the Central Fire House and for the next two Saturday mornings he will have the same experience—while the rest of the "gang" the Yale Juniors and the Young Princetonians. On Oct. 13 the Bloomfield firemen raced two and a half miles to the Brookdale section on a false alarm. Two days later they again dashed out, and after this Fire Chief George Coeber and Police Chief George Huddy got together on the mystery. A watch was begun and several days ago a school boy gave them a clue. Chief Huddy himself went to interview young Wallace, a pupil in the "university class" of the grammar school. The boy admitted that he had sent in the alarm in order to "see the engine." He told his story to Judge William Rawson. "Oh," said the Judge, "you wanted to get close to the engine? Well, I'm going to give you a chance." He turned to Chief Coeber: "How'd the brass on the engine, Chief? Need anybody to polish it up?" Coeber thought a little rubbing wouldn't be amiss, and so young Wallace was sentenced to put in his Saturday morning polishing the engine and the hook and ladder. The boy appeared at 8.45 a.m. the first day, fifteen minutes late. Assistant Chief Archie Heath cautioned him about reporting on time and indicated he might be asked to tackle the firehouse stairs with a cake of soap and a

Two Local Bowlers Have Scored 382

IN CONNECTION with the late Vincent Kelley's Maritime record of 380 for three strings, Harry Black, veteran local bowler, said yesterday that this mark has been exceeded here twice, but that these marks were not looked on as records, as they were not made in competition. Both "Chip" Olive and Clarence Lunney have chalked up 382 several years ago. Referring to Martell's mark of 361, which is claimed in Halifax as a record, Mr. Black says that that mark alone was exceeded several times here last year.

STRICT RULES FOR BENEFIT SHOWS

Fifty Per Cent. of Gross Receipts Must be Handed to Commission.

NEW YORK, Oct. 27.—Fifty per cent of the gross receipts of all benefit boxing shows in New York hereafter must be deposited with the State Athletic Commission to insure the money going to the organization or interests to be benefited, according to a decision reached by the commission today. This action was understood to have been prompted by the fact that a number of charitable institutions advertised as beneficiaries of several boxing shows here in the last few months actually received only a small percentage of the gate receipts.

"Bob" Shawkey Bags Fine Big Moose

FREDERICTON, N. B., Oct. 27.—Bob Shawkey, New York Yankee veteran pitcher, who organized the party of major league baseball players now hunting big game in New Brunswick, shot a moose with antlers spreading 35 inches and having 28 points, according to word received here today. Shawkey shot his moose the first day the party spent in the woods, according to another party of hunters who passed their camp at Nepisiquit Lakes that afternoon and arrived at Nictaux on the Upper Tobique River today. The word was telephoned here this afternoon.

MONCTON OUTFIT HERE TOMORROW

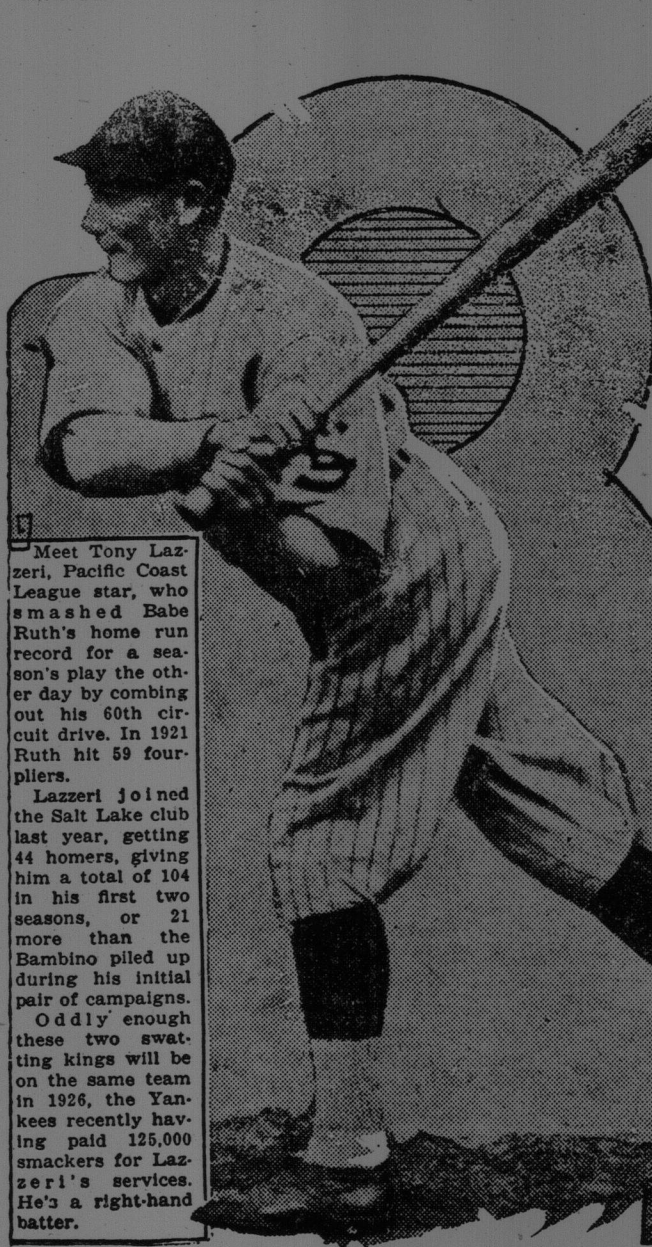

Railway Centre Pigskin Chasers to Clash With Trojans at 3.30 O'clock.

Trojans and the Moncton City Rugby teams are the football attraction for the Allison grounds tomorrow afternoon, commencing at 3.30 o'clock. A rugby game in Election Day is rather unusual hereabouts and a good-sized crowd is expected to witness the return encounter between these two teams. In their first meeting at the Allison grounds, the Trojans scored their first win of the season by a narrow margin, Chown's touchdown that was not converted being the only score of the game. Both teams are evenly matched and the Moncton boys are coming down to even matters up. On Saturday, U. N. B. plays its third game of the year against Trojans.

HAGEN VS. JONES

CHICAGO, Oct. 28.—Walter Hagen, pro golf champion, today announced that arrangements would soon be made, he hoped, for a 72 hole contest with Bobby Jones, of Atlanta, United States national amateur champion. The former British and United States open title holder, has just returned from a hunting trip in the Canadian Northwest, where he had close to pay off the duck ponds by bagging fifty ducks with 106 shells.

New Home Run King

Meet Tony Lazzeri, Pacific Coast League star, who smashed Babe Ruth's home run record for a season's play the other day by coming out with his 6th circuit drive. In 1921 Ruth hit 59 four-pollers.

Lazzeri joined the Salt Lake club last year, getting 44 homers, giving him a total of 104 in his first two seasons, or 21 more than the Bambino piled up during his initial part of campaigns. O'd'ly enough these two swatting kings will be on the same team in 1926, the Yankees recently having paid 125,000 snappers for Lazzeri's services. He's a right-hand batter.

N. S. TECH WINS FROM ST. FRANCIS

Antigonish Team Lost by Bad Passing at Halifax Yesterday.

HALIFAX, Oct. 27.—The Nova Scotia Technical College rugby squad defeated St. Francis Xavier University, Antigonish, 7 to 3, in an intercollegiate fixture played on the Wanderers ground here this afternoon. The Antigonish collegians did not play as good football as the teams which formerly represented the university. The Tech team, on the other hand, was an improvement over former teams and under the coaching of Norman Ralston had settled down to the game.

The scrums were almost on a parity, but Tech made better use of the ball when it was heeled out to them, as their quarters got away for gains. St. F. X. lost by bad passing and holding the pigskin too long, which enabled the Tech boys to tackle them. After pressing hard on the St. F. X.'s line for a long while, Hewat got the ball from a scrimmage on the 25-yard line and the oval sailed from his boot over the bar for a field goal and four points.

After the opening of the second period the Antigonish squad had the better of the play, and Tech worked hard to prevent the Saints from going on. One of the attacks at last proved successful, and Philan registered a try, making the score 4 to 3. The try was at the far corner of the field and Hogan failed to convert from a difficult angle.

Towards the end of the game, Tech again took the upper hand and forced the play to the Saints, where Anderson tried a try for Tech, but it was not converted.

Western Section N. B. Hockey League

The annual meeting of the western section of the New Brunswick Hockey League has been called for Tuesday afternoon, Nov. 3, at the Victoria Hotel, when election of officers and an all business in connection with this year's hockey will take place.

Canada's Individuality

(Christian Science Monitor.) "Those were brave words which Canon Scott of Quebec, chaplain-in-chief of the Canadian forces in France during the World War, uttered at the Canadian Club of Boston the other night, when he urged that so long as the American and the British flags stand united, the world is safe. And yet he was fully justified in his further statement that 'it is important that we Canadians keep our own individuality as a nation, for it is in that way that our union with our sister empire, the United States, will be most strongly cemented.' Unity, the world is finding out, does not mean the obliteration of individuality. The very term, 'United States,' should serve to point this conclusion. When the world is also 'united' in bonds of fellowship and kindly feeling, there will be a sense of individuality in evidence on every hand beyond anything that has been known before."

The present timber stand of the United States is estimated at 465,000,000 acres.

LOUIS GREEN'S FOR PIPES SAVE THE COUPONS

PIRATES' THIRD BASEMAN WILL HAVE OPERATION

Operation Expected to Help Considerably Somerville Boy

"PIE" TRAYNOR, noted third baseman of the Pittsburgh Pirates, plans on coming down to Saint John following Christmas, according to a telegram received here by his uncle, S. C. Matthews, yesterday. A good deal of interest was aroused in the report that the great third sacker of the world's champions would visit this city right after the big series along with Emil Yde, pitcher, and "Stuffy" McInnis, first baseman, but it now transpires that Traynor will undergo an operation for his nose and as he desires to spend Christmas with his mother and father, he will postpone his visit until the first of the year. It is known that the Water Department, Maritime baseball champions, had purposely postponed their banquet in the hope that they might have Traynor as guest of honor at the function, but now that word has been received, it is expected that arrangements for the banquet now will be completed. This operation is an important one for Traynor as it is hoped it will clear away headaches he has been experiencing throughout the year and which has been affecting his eyesight. Traynor has been forbidden to do any reading and has not been to a movie show for a year. The operation is expected to remove this slight disability. Traynor's hitting and fielding in the big series was a feature of the Pirates' win, but close friends and relatives knew of the disadvantage under which he labored and marvelled at the wonderful game he put up at the hot corner.
