C. P. R. MEN AND TYPOS ON OUTINGS

Former Go to Loch Lomond and the Latter to Crystal Beach.

The members of the C. P. R. staff are wreathed in smiles today in anticipation of the good time they will have on the spacious grounds at Johnston's Hotel, Loch Lomond, this afternoon and evening when they will have their annual outing. Neither time nor effort has been spared by the committee in charge to make this one of the most successful sporting and social events ever held under their auspices. An elaborate programme of sports has been arranged and judging from the interest being manifested keen competition should result.

It is expected that between 60 and 70 members and friends will participate in the outing. They are due to leave the corner of Germain and King streets at 2 o'clock and will motor to the grounds, returning to the city about 11 o'clock tonight.

Not only will all enjoy the programme of sports, but the committee have arranged with the management of the hotel to prepare a bounteous repast for the occasion.

The following is a list of the events in the Canadian Pacific Olympiad:—

75 yard dash (open); Three legged race; Wheelbarrow race (amateurs); Married men's race (50 yards); Sack race; Officials' race; Tug of war; Running hop, step and jump (three tries each contestant); Fat men's race; Potato race; Inter-department, half mile relay race (four men to each team); Intermission for refreshments; Ball game (married men vs. single men); Quits pitching.

The committee in charge of the events will be as follows: Chairman—W. J. Paisley; Sports committee—D. Gallavan, H. Crowley, J. Doherty, F. Wilson. Ticket committee—H. Day, Jack Fitzmaurice, H. Crowley. Catering committee—G. Metcalf, W. J. Paisley. Transportation committee—D. Gallavan and J. Fitzmaurice. Starters' committee—D. L. MacLaren. Timers' committee—D. H. Ryan, H. L. Lindsay. Scorers' committee—C. D. Strong, J. P. Griffith, W. H. C. MacKay.

Typos' Outing.

When the local newspapers went to press today the members of the mechanical staffs shed their worries, forgot the ever urgent cry of "copy" and hid for home to alick up for the gala event of the afternoon, the annual picnic of the St. John Typographical Union, No. 55. This popular event is to be held at Crystal Beach and all the members, families and some friends are looking forward with keen interest to a good time. No effort has been spared to make this picnic one of the most successful and enjoyable ever held under the auspices of the union and an efficient committee has been working perfecting a programme of sports and entertainments. There will be all kinds of athletic events; races for young and old, fat and thin, running jumps, three legged races, and a feature baseball match in which the married men will vie with their comrades, as yet untrammelled by domestic cares.

It was not known this morning who would perform on the grounds at every player—or would be player—had an ambition to display his wares. The candidates were few and far between, but the outlook was bright for finding a couple of martyrs with nerve to get behind and collect the high ones, the wide ones and the hooks. "Scoters" were in abundance. The merry party of pleasure seekers were scheduled to leave on the steamer Majestic at 1 o'clock and will return home tonight on the steamer D. J. Purdy I.

The committee in charge is composed of E. L. Sage, chairman; F. Quinn, E. Kennedy, R. G. Lees, Frank Stanton, Miss Long and Mrs. Weir.

CRUISER TO MAKE 6 DAY STAY HERE

"Constance," Due on Thursday, was in St. John Harbor Before.

According to advice received by the harbor master, H. M. S. "Constance," which is due to arrive in St. John on Thursday, July 24, will make a stay of six days. This cruiser was here some three or four years ago, but since then she has been refitted and recommissioned with a new ship's company. She is one of the "C" class of protected light cruisers. There are 25 ships of this class in the royal navy, all of which are very efficient, and carry heavy armament for their tonnage. The "Constance" was built by Cammell Laird at Birkenhead. She was launched in 1915 and completed in 1916. Her extreme length is 446 feet, and her length between perpendiculars 420 feet, with a beam of 41.6 feet, and a displacement of 3,750 tons. Engines of 40,000 horsepower drive her at a speed of 29 knots. Her armament consists of four 6-inch guns, two 3-inch high angle anti-aircraft guns, four 3-pounder guns, two 2-pounder pom-poms, one machine gun, and two deck torpedo-tubes. The complement of her crew is 287.

Her officers, as given in the April Navy List, are: Captain James D. Campbell, M. V. O., O. B. E.; Lieutenant-Commanders, Massy Gooden, D. S. C., and Eric V. Lees; Lieutenants, Denis F. O'Callaghan, William R. Slayter, D. S. C., L. J. Goudy, Ronald C. Mackay, Edmund G. Burrows; Engineer-Commander G. D. Campbell, D. S. O.; Lieutenant, Roylton Corrie; Alfred B. GREAT TIME AT OAK POINT CAMP

Y.M.C.A. Boys Send Home News of Glorious Outing.

"War correspondence" from the Oak Point front, where the Y. M. C. A. boys are encamped, has at last filtered through. After the first flush and excitement of arrival and routine has passed the lads are sending home their wonderful time. Even the downpour of Thursday did not dampen their spirits. The camp, which is pitched on the upper side of the lovely point, contains nearly 50 boys. A. M. Gregg, Clarence McCully, Mr. Buckley, general secretary for Canada, and other Y. M. C. A. officials are in charge and larger boys of the classes are captaining the various tents. There are about four or five lads to each group. As usual there is considerable rivalry each day when tent inspection is on. The boys are divided off into "tribes" such as Mimac, Mallicet, Blackfoot and a misnomer in this case in view of three bathing parades daily) and so forth, sort of return to the early days of history on the St. John river. The following is the day's schedule, showing that the boys are kept on the alert all right: 7 a.m.—Pyjama parade on beach for calisthenics, followed by soap and water wash, then dip. 7.45—Breakfast, followed by Bible study for half an hour. 9.00—Practical talks and demonstrations on campcraft. 9.30—Volley ball, followed by swim and play. 12.00—Dinner and general play. 2.15 p.m.—Tent inspectors. 2.30 to 4—Sports, general play, under supervision. 4.15—Another swim, under supervision. 4.45—Supper, followed by baseball league games. After the evening play the boys gather round a campfire and stories are told by the larger boys and officers, whilst the comedians of the party—who are soon discovered—crack jokes and play pranks. There is also a general sing-song. Lights are signalled at a perfectly respectable hour and with prayers the boys tumble in. Each lad is fitted with regulation camp blankets—thick, down—rubber blankets, knife, fork, spoons, etc. and all the accessories of a well-ordered outing party. The closest watchcare is exercised over them while at play and in the water and the officers are assisted by the larger lads, in regulating the individual tent groups. The camp will continue another week or more.

FIFTY CASES OF ALE ARE SEIZED

Capture Made in Raid on Hotel in Rexton, Says Chief.

Fifty cases of Quebec ale were seized in a liquor raid on a hotel at Rexton, N. B., on last Tuesday by Inspectors Saunders and Belliveau, according to Chief Inspector J. B. Hawthorne who is in the city today. A formal charge will be laid against the proprietors. The liquor is being forwarded to Fredericton.

Speaking about his recent slander case, which the Chief Inspector won against Edward McGrath at Newcastle when damages were assessed at \$200 in his favor, Sheriff Hawthorne said: "When the jury would decide the case, when the jury decided entirely in favor of the defendant would withdraw the remarks objected to."

Despite the testimony, Sheriff Hawthorne said the jury stood only 4 to 3 in his favor when they reported to Mr. Justice LeBlanc the first time. They were ordered back but in an hour reported the same standing. His Honor, according to the chief inspector, expressed considerable surprise that the jury could not come to an agreement in view of the defendant's testimony and ordered them back, saying a 5 to 2 standing would decide the case. When the jury came back the third time, the poll stood 5 to 2. Sheriff Hawthorne said he was sorry he had to proceed against McGrath but he was compelled to do so to protect himself. The trial, he said, aroused very little interest in Newcastle. P. J. Hughes, K.C., represented Sheriff Hawthorne, and Hon. Robt. Murray appeared for the defendant.

MAY BE ANOTHER NEW RIVER BOAT

Captain Taylor to Build One to Replace Oconee, is Report.

There has been about Indiantown for some time a report that another new steamer will appear on the St. John River next spring. It is said that Captain C. C. Taylor, manager of the Majestic Steamship Company's steamer Hampton, will have to build a boat for the suburban service, replacing the Oconee, which was withdrawn from service this year.

When Captain Taylor was interviewed by a Times-Star reporter this morning he refused to confirm or deny the report. He said he had nothing to say. Captain Taylor is one of the best known and most popular steamship officials on the river.

As Hiram Sees It

"Hiram" said The Times reporter to Mr. Hiram Hornbeam, "I don't know that I care to waste any time talking to you this morning."
"You don't say?"
"Sure enough," said Hiram. "What was you thinkin' about doin'?"
"My thought," said the reporter, "was to write a powerful article on the thuggishness of the this."
"The what?" exclaimed Hiram.
"The thuggishness of the this," repeated the reporter, "for Sunday reading. Our readers would appreciate it, I am sure—and it would give them moral strength—which they need."
"An' they're gonto git it from you?" queried Hiram.
"Of course," said the reporter.
"Good Lord!" said Hiram.
"Amen," said the reporter.
