with parsley or cress.

sary to keep their toilet belongings in good condition. The brushes and combs are possibly the most neglected in this line, some being used without cleaning for months, and others so carelessly washed as to be but little improved by the process. All hair brushes should be well washed every week, and the work should be carefully done. A little pearline added to half a bowlful of warm rainwater will make a well cleansing sud. The brush and combs should be worked quickly through the water by dipping the bristles in and out, then rinsed in cold
