Van Hoose is Coming to St. John in December.

F. G. Spencer has just completed arrangements whereby St. John will hear one of the most famous tenors in the world, Ellisson Van Hoose, of New York, the star attraction of the Maine Festival. Mr. Spencer has been negotiating with Henry Wolfsohn, the artist's manager, for some weeks, but so great a demand is made upon Van Hoose's time, that a definite actusion was not arrived at until too. This will be one of the greatest quiscal events we have ever had, and the most auspicious ever held under the management of Mr. Spencer. Further particulars will be announced later. #### A HAPPY EVENT

A HAPPY EVENT.

A happy event took place at the residence of William Hamilton, Oak Point on Wednesday evening, at half-past six o'clock, when his eldest daughter Clara Maplet, was united in marriage to Jas. B. Johnson, of Jerusalem, Queens Co. The ceremony was performed by Rev. David Long, pastor of Victoria street Free Baptist church, in the presence of a large number of relatives and friends. The bride was attended by Miss Ella Johnson; sister of the groom, and the groom was assisted by Forrest A. Hamilton, brother of the bride. The bride was a very highly esteemed young lady and will be much missed as she was an active worker in the church circles. The large number of presents received by the bride show the esteem in which she was held.

UNION COAL CHEAPEST.

Mr. Sharkey, who is in charge of the coal which is being sold by the Union Teamsiters, wishes to state that the union is selling soft coal at a rate lower than it can be bought elsewhere. At the same time, he points out, the union does not desire to be ropresented as entering into competition with any coal dealers.

"The union is now selling Broad Cove coal at \$3.40 per load of 1,400 pounds delivered. This is equal to \$3.10 at the cars, and Mr. Sharkey has proof that the same coal was yesterday sold for \$3.50 per 1,400 pounds delivered, by a local coal dealer, or forty cents a load more than is being charged by the union.

The many friends of Miss Daisy Mc-Adam will be pleased to hear that she will be able to leave the hospital in a few days.—Fredericton Gleaner.

POLICE COURT:

Margaret Sullivan Gives Her Opinion on Things in General.

Magistrate Henderson is all right. This, at least, is the pronounced cpinion of Margaret Sullivan. Mag had been away from Sheffield street for so long, in jail and elsewhere, that she had almost forgotten the old familiar faces. So when an opportunity arriv ed she decided to visit again the old haunts, and went down to see her friends. They were pleased to see her friends. They were pleased to see her and refreshments were well in evidence. As a result Maggie was put in the Lower Core lockup. She was fined six dellars or thirty days and announced in gourt today that Mr. Henderson was all right—If Bob had been there he would have given her six months.

John Donnelly persisted in lying in the pavement on Church street is eleraday afternoon in the midst of the show and rain. Failing to, find bis vay home Officer Thorne secured a sloven and took him to the central station. Donnelly was also fined six dollars or thirty days.

THE VACANT APPRAISERSHIP.

THE VACANT APPRAISERSHIP.

The vacancy in the appraiser's office is still unfilled. Some weeks have passed since the first applications for the position went in, and apparently the matter is not much nearer settlement now. Since Mr. Tarte's place has been filled the whole cabinet can now turn its attention towards helping out Col. Tucker. It appears that gentleman's candidate was not satisfactory to Mr. Blair, so the colonel went up to Ottawa to see the minister. The conference did not result in any settlement, and the vacancy still exists. It was believed that the contest was between Messrs. Daley, Robertson and Keltie, but an outsider may be picked on, who will be the second choice of all hands.

THE WINTER FAIR.

THE WINTER FAIR.

The building at Amherst in which the winter fair will be held is almost completed. A couple more weeks' work will put it in shape for the convention. Prof. J. W. Robertson, dominion commissioner of agriculture and dairying will be present and speak and a number of other prominent men are expected to attend. The fair opens on the 16th of December. On account of engagements requiring the absence from the province of W. W. Hubbard, secretary of the Maritime Stock Breeders' Association the office of the Maritime Winter Fair has been transferred to Amherst where E. B. Elderkin, president of the association, will supervise all the work for the coming show. All communications regarding the winter fair and entries of exhibits should be addressed to E. B. Elderkin, Amherst.

AFTERNOON TEA.

these hours a musical programme will be rendered.

The committee in charge of the affair is composed of Mrs. C. E. Macmichael, Mrs. Frank Godsoe, Mrs. C. H. Peters, Mrs. F. C. Godsoe, Miss Hea, Miss McLauchlan, Miss Troop, Miss Thomas and Miss Laura McLauchlin. A number of young ladies from the church will assist in serving. Upwards of four hundred tickets for the tea were sold in advance and the proceeds will be devoted to the work of the circle.

#### HARD COAL COMING.

The schr. Rewa, Capt. McLean, is at New York, loaded with hard coal for J. S. Glbon & Co. Capt. McLean is known as the "commodore" because of his fast trips along the coast, and this cargo of 250 tons ought to be here very soon. It could not be got at circular rates, so the firm took it at the rate offered. The price therefore will not be much lower than at present. The firm have today secured a cargo of pea coal, which will be brought down in the schooner Otts Miller. These will be the first Errivals of hard coal since the strike put an end to shipments.

HARRISS FESTIVAL.

The board of management for the Harriss festival has been formed and invitations to join the chorus have been sent to many of the singers of St. John. From present indications it seems probable that the local chorus will be a good one. One hundred voices are required and these will in all probability be secured without difficulty.

TO ENCOURAGE TRADE.

Superintendent Oborse, of the Candian Pacific railway, appeared before the government at Fredericton yesterdey, and asked their co-operation in developing a trade with the west in young cattle, which he seemed to think could be profitably carried on. He suggested that a capable man be appointed to act as colonization agent, whose duty it would be to work up a trade with the west along this and other lines. The government promised to take the matter into consideration.
