

THE GRANITE TOWN GREETINGS

LOCAL AND SPECIAL

Dr. E. M. Wilson will be at his office Oct. 20-21-22-23-24.

J. W. Webster arrived here in his auto Friday, from Hampton.

Told and good Government.

Dr. McIntyre will contest Victoria--Madawaska in Conservative interests. Another deposit lost.

A number of the young friends of Miss Jennie Coutts tendered her a linen shower at Drageorgian Hall, Thursday evening last.

Schools of big smelt came in the river last week. A large number of fishing boats followed. Some very large catches of both smelt and herring were reported.

Whitehead, Grand Manan--wharf--\$2,500!

Frankley Bros. big fur sale will be on in a few days. Don't buy until you see the assortment.

The dredge is working at the public wharf making a berth for vessels that are expected here to carry pulp. Work on the new extension is now under way.

James Reid, a well known employee of the New Brunswick Southern, while coupling cars on Monday last, was caught and his arm badly jammed.

Miss Minnie McVicar daughter of the late John McVicar, was buried on Thursday last in the cemetery here. She was sixteen years of age and died of consumption.

County of Charlotte--Goldwin W. Smith of West Isles to be a justice of Peace, John McAllister to be a labor Act Commissioner for the Parish of Clarendon in place of Robert M. Graham, left the Province.--Royal Gazette.

Mr. Hazen who exclaimed so loudly against the Highway Act has not improved it but has made it worse. He is touring the country against the Liberal government.

The high tea and chicken supper held in Drageorgian Hall on Tuesday evening last, by the ladies of the Catholic church, was a decided success and about two hundred and fifty dollars were realized, an excellent supper provided and a dance enjoyed by a large number of the young folks.

It tells the truth.

The dredge came up the river on Thursday last and started at work near the public wharf. The edgings of lumber days are being disturbed after years of soaking under water. In these days of four dollar a cord soft wood, it seems almost criminal to see the proof the water gives up of the lavish waste of the days, when lumber was king on the Magaguadavic.

The canvas being waged by the opposition in some parts of the County, would bring the blush of shame to any honest Conservative.

PERSONAL

Wm. Finnigan and Chas. Blaney arrived home from Quebec on Thursday last.

Miss Helen Lynott left for home on Thursday evening.

Lewis Connors and wife of Blacks Harbor, were in town last week.

Miss May Connors was the guest last week of Mrs. Jas. Southard.

Mr. and Mrs. Warren Cook of Red Beach, attended the Hanson-Cook wedding on Wednesday.

A. H. Hay, former manager of the St. George branch of the Bank of N. S., is here on a visit.

Mrs. Harry Lynch left on Thursday for Northfield, where she will spend the winter with her husband.

Mrs. A. C. Gillmor and young daughter Frances, will leave in a few days for the South, where they will spend the winter.

Mr. Todd should receive the votes of the electors of Charlotte county because the fishery interests demand a representative who will give them more attention than Mr. Ganong has done. Mr. Todd is wanted as a representative in order that fishery harbors should be developed, that they should be better protected with lights and buoys, that a more determined effort should be made to secure the manufacturing of our raw products on our own soil, and that there should be some body at Ottawa to give attention to the many matters that are constantly arising in connection with the prosecution of the fishing industry.

To The Electors of The County of Charlotte

GENTLEMEN:

At the Convention of the Liberal Party of the County of Charlotte lately held, I was chosen the candidate to contest the coming Federal Election in the interest of the present Government.

I feel that I can appeal sincerely and justly to every Elector of this County, and ask his support in giving, through me on October 26th next, a grateful appreciation of the great national work this government has done for Canada, during the last twelve years, through the fiscal and progressive business policies it has inaugurated.

The prosperity at hand, the growth of business and population; the national spirit that now enthuses every Canadian proves the true worth of these policies.

Dark hints of gross corruption and sinister insinuations of slander against the Government administrators, that will not face the open light, by charges on the floors of the House of Commons, cannot I think appeal to the manly spirit that influence every elector of Charlotte.

The electorate of Canada, for their business safety and welfare, and for the effectual working out of plans and policies, that already mean much to Canada's future prosperity, will return the Liberal Government again to power.

Does Charlotte County not deserve at your hands, after thirty years in opposition, to be placed in a position of accord with the Liberal Government, that will give her the many requirements she so much needs and deserves?

If I have the honor to be elected your representative, my efforts and abilities will be devoted constantly to seeking out the many requirements of our County, and using for your interest the greatly increased power that is given to a member who is in accord with the Government.

I am, Dear Sirs,  
Very Sincerely Yours,  
WILLIAM F. TODD.  
St. Stephen, N. B.  
Sept. 28th, 1908.

Will Mr. Hazen explain why every young man has now to pay a poll tax of \$2 on account of road assessment, instead of \$1, although he may not own any property whatever. In the same manner a farmer has his poll tax doubled, and has to pay a larger increase on the property he owns. If a farmer's road tax last year was \$4, this year it will be 7, and if it was \$10 last year it will be \$17 this year. Liberals who voted the last local election for the Hazen Government, on account of the Highway Act, will do well to remember this.

The wholesome, harmless green leaves and tender stems of a young healing mountainous shrub, give to Dr. Shoop's Cough Remedy its curative properties. Tickling or dry bronchial coughs quickly and safely yield to this highly effective Cough medicine. Dr. Shoop assures mothers that they can with safety give it to even very young babies. No opium, no chloroform--absolutely nothing harsh or harmful. It calms the distressing cough, and heals the sensitive membranes. Accept no other. Demand Dr. Shoop's. Sold by All Dealers.

Breakwater Seal Cove, Grand Manan \$5,000.

OBITUARY

GEORGE LUDGATE

George Ludgate, forty years of age, son of the late Mr. Hugh Ludgate, died on Monday morning of Consumption. George was obliged to give up work early in the summer but had been able to be out and about town up until Saturday last.

His death, coming as it did, proved a great shock to the community. George was of a genial disposition, a favorite with everyone, and in his death the town has lost a good citizen.

He was employed for years in the Granite mills here and kept at that business until obliged to give it up. He then found employment on the railroad. The open air work for a time agreed well with him, but the dread disease had gone too far, and his condition early in the summer was such that he was obliged to cease work.

Mr. Ludgate was a member of the Canadian Order of Foresters. Three sisters--Mrs. F. W. Holt of St. John, Miss Ella and Mrs. Thomas Meating, his twin sister, here, and two brothers, Chas. of North Sydney and Morton of Milltown, N.E., are living of his immediate family, and they will have the deep sympathy of the entire community in their loss.

The funeral was held today and a large number of relatives and friends attended.

St. George river needs dredging--St. George needs a new public building. All appropriations for St. George and Charlotte county mean improvements. Can you afford to support Ganong, when he is fighting against this?

AUTUMN IDEAS

"Cold winds sell more Clothing than hot air."
