SAD DISASTER ON THE SOUND—THIRTEEN PERSONS DROWNED.—On Saturday morning at 2 o'clock, a collision took place between the steamer Metropolis, Capt Brown, of the Fall River line, and the propellor J. N. Harris, Capt. Smith, which was on her way from New York to New London. The Metropolis was making her regular trip from Fall River to York. The cutwater of the steamer struck the propellor a little forward of midships, causing her to sink almost instantaneously. The New York Evening Post gives the following particulars:

"The Metropolis received a severe shock, but was not seriously injured. On the propellor were, as nearly as can be ascertained, fourteen passengers, and a crew of eleven persons. Of these, twelve in all were saved, including the captain, first and second engineers, two deck hands and seven passengers.

"The propellor had a miscellaneous load of iron, provisions, fruit, &c. Not an article was saved by any of the crew or passengers, except what they happened to have on. As soon as the accident occurred, the Metropolis was stopped, and a large number of life preservers were thrown over. Boats were also lowered, and cruised about the spot until daylight.

"A subscription for the relief of the survivors and families of the lost was taken up on board the Metropolis, reaching $495."

The Cincinati *Gazette* of the 13th inst., says—John Ellis, late policeman, in the First Ward, and his wife having failed to live harmoniously together, agreed to separate, and did so, some months ago, she going to her friends in Louisville, Ky. Mrs. E., however, like many women who professed to give up the man upon whom they have once fixed their affections, had only done so in name, and has since the separation, been constantly and jealously watching his movements. A girl, Mary Anderson, has been rather intimate with Ellis of late and his recent spouse learning this fact, suspected the pair of an improper connection at once. So she sought this girl, accussed her of wantonness, and compelled her by threats to accompany her to the room of Ellis, yesterday morning. The two women ascended the stairs, neither speaking a word. There Ellis was sitting with his coat off, and the door open, and Mrs. E., coming stealthily behind him, drew a large carving knife from under her mantle, and plunged it some four inches into his back, between the shoulder blades. She then went down the stairs, speaking not a word, and the girl, greatly alarmed, followed her in equal silence. Ellis soon descended to the street and proceeded to the upholstering establishment of his brother, but before he reached there his wife came up again, once more attempted to stab him, and was only prevented by the brother wrenching the knife from her grasp. John Ellis expressed a desire that she should not arrested.

FREE STATE MEN BUYING UP MISSOURI.—The sales of public lands in this district, within the last sixty days, have reached 400,000 acres—entered almost exclusively by persons from the free States—Ohio and Pennsylvania being largely represented among the purchasers. This amount of entries exceeds that of the three previous years at the Springfield office! Our readers will recollect that the land register at Warsaw, published in this paper, some weeks ago, that 500,000 acres had been entered in that district within about the same length of time, and that the office was in consequence closed until further notice. About two thousand acres per day are being entered in the Jackson, district. At Palmyra there are only, we are informed, about 50,000 acres of government land now subject to entry. In the North-western part of the State, emigrants are crowding in from Iowa, where lands have become too high for actual settlers to purchase. They have consequently turned their attention to Missouri, where lands at reduced prices can be had, and a milder climate and a more fertile soil offer great inducements to farmers. The prospect of Missouri becoming a free State is a settled conviction in the minds of the people of the North, and to this significant fact we owe this unparalleled activity in our land market. —*St. Louis Democrat.*

FROM NEWFOUNDLAND.—Considerable uneasiness is felt in consequence of the statements of French Journals that the British government will fulfil the terms of the Fishery convention, notwithstanding the pledge to the Provincial government that nothing would be done without their consent. The *Express*, in an article on the subject, says:—

"We all along anticipated that we would hear more on the subject of that convention, so very unwisely entered into. We hope Her Majesty's Ministers will, before they conclude another Convention, ponder well the first and second of the resolutions passed by the House of Assembly, and the despatch of Mr. Secretary Labouchere in which the fullest sanction is given to these resolutions.—These resolutions affirm the territorial right of the colony in the coastal fisheries of the Island, a right with which the Colonial Legislature alone can constitutionally interfere. And let it be fully understood, both in England and France, that whatever political or other differences may exist between parties in the Legislature and throughout the Colony, there is no differences on this subject. Our rights *must* be maintained intact, as defined by the old treaties."

Notice.—Those of our long winded subscribers who have not heeded us when we have repeatedly called to them to pay up will hear from our Attorney immediately, and this notice will apply to all of two years and upwards standing. There is a large amount of outstanding debts due this office and we have been obliged to adopt this course to collect them in order to carry out the motto—PAY AND BE PAID.

To the Friends and Patrons of the Union Base Ball Club of St. John, and to all our Brother Oarsmen in North America.

GENTLEMEN:—Having concluded previous to our leaving Saint John for the Fort Race that came off with Halifax, that we would retire from the field as Oarsmen, and having on that occasion added an additional honor to our former laurels for New-Brunswick, we now, kind friends, on retiring from our labours beg to tender to you our sincere thanks, and in doing so we feel confident that we leave in the field those that will not allow the honors of St. John, or the Province of New Brunswick, to be tarnished. There is one exception we make:—Should our Brethren of the Oar in Halifax feel a disposition to redeem their lost laurels, in New Brunswick waters, we pledge ourselves to meet them on honorable terms, and give them every satisfaction.
