The men who do daring deeds, are men whose arteries pulsate with the rich, red, vital blood of health. The same is true of the men who win success in the battles of work and business. When a man's liver is sluggish, his digestion impaired, and his stomach weak, his blood soon gets thin and impure. The blood is the stream of life. If it is impure every vital organ in the body is improperly nourished and becomes weak and diseased and fails to perform its proper functions in the economy of life. The victim suffers from loss of appetite and sleep, wind, pain, fulness and swelling of the stomach after meals, bad taste in the mouth, foul breath, imaginary sickness, drowsiness, heavy head and costiveness.

All of these conditions and their causes are promptly cured by the use of Doctor Pierce's Golden Medical Discovery. It brings back the keen edge of appetite, makes the digestion perfect and the liver active. It makes the blood rich, pure and filled with the life-giving elements of the food that build healthy tissues, firm flesh, strong muscles and vibrant nerve fibers. It invigorates and vitalizes the whole body, and imparts mental power and elasticity. It cures 98 per cent. of all cases of constipation, strengthens weak lungs, stops bleeding from lungs, spitting of blood, obstinate lingering coughs and kindred ailments.

Costiveness, constipation and torpidity of the liver are surely, speedily and permanently cured by Dr. Pierce's Pleasant Pellets. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. They stimulate and strengthen the faded organs until a regular habit is formed and may then be discontinued without a return of the trouble. They stimulate, invigorate and regulate the stomach, liver and bowels. Medicine stores sell them, and have no other pills that "are just as good."

DIGBY.

JULY 19.—Digby, one of the prettiest and most attractive watering places in Nova Scotia, is becoming crowded with tourists, some making their first visit, but the majority are people who have summered here or many seasons, and always receive a cordial welcome from the residents. Boating, bathing, fishing, tennis, picnics, and I might say a continual round of impromptu affairs keep the young, as well as those of maturer age ever on pleasure bent.

The brilliant social event, and one which caused much pleasant anticipation for some days previous, was the "At Home" given last week by Mrs. W. D. Bonnell of New York, at her beautiful summer residence on "Marion's Point" in honor of her guest Mrs. William Gomez, of Westfield, N. Y. In every detail it reflected great credit on Mrs. Bonnell who is an ideal hostess, possessing the rare charm of making every one feel at home. The large drawingrooms, library and halls were beautifully decorated with palms, ferns, smilax and quantities of roses and cut flowers. Every available space was filled with bloom, and hundreds of white daisies peeped forth from banks of foliage presenting a decidedly pretty effect. Mrs. Bonnell wore a handsome reception gown of heavy pink brocade satin, court train, trimmed with duchesse lace and pink silk gauze, clasped with handsome jewel ed sprays. Mrs. Gomez's costume was pale blue corded silk, with point lace and gauze trimmings, anythet ornaments. The invited guests were:
