EMPIRE THREATENED BY ROMAN CATHOLICS
Rev. J. L. Batty Makes Strong Statements in Lecture Here Yesterday—A Church With Two Faces.

Rev. J. L. Batty, of Moncton, delivered a lecture on Protestantism and the Empire before a large meeting in the Portland Methodist church yesterday afternoon under the auspices of the Portland Y. M. A. He declared the Roman Catholic church was determined to extend its power over Canada, and that the people ought to view with alarm its designs upon their country.

He could not understand, he said, why people wanted to put on their war paint because Father Vaughan said Protestantism was a soulless religion. The Protestants made no bones of saying that Roman Catholicism was idolatry; in fact that view was put into national documents.

Continuing the speaker said that the Roman church taught that the priests were greater than God, as they had the possession of the keys of heaven and of hell, and were appointed guardians of His Son, Jesus Christ. The Roman church not only had a faith—it had a polity. The Protestants should interest themselves in the Roman Catholic polity.

Never Changed. Roman Catholicism never changed, said the speaker. That was its strength and glory—the fact that it was the same yesterday, today and tomorrow. Then he added that Roman Catholicism had two faces—one where it was in the majority and another, its best, where Protestants were in the majority, as in Canada.

TWO SIDES OF NEW ENGLAND
\$100,000 Blaze At Springfield, Mass., Starts With Explosion Of Gasoline—Granite Cutters Out Of Work.

Springfield, Mass., Dec. 18.—Investigation today has revealed the fact that the fire which early this morning did \$100,000 damage to the building of the Granite Power Association, Lyman street, and its contents, originated in that part of the structure occupied by the Union Hat and Cap Company.

TELLS JUST WHAT SOCIALISTS WANT
F. Hyatt Says His Creed Teaches That Every Man Should Own Some Private Property

"What the Socialists want?" was the theme of F. Hyatt's address before the meeting of the Socialists last evening. The Socialists, he said, did not want to abolish private property. The capitalists were doing that; in most capitalist countries the great majority of the people did not own any property. What the Socialists wanted was to give everybody a chance to own some private property and have a stake in their country.

Socialists would suppress the hereditary principle of rule by classes and by organizing industry on a co-operative basis and giving everybody an education and freeing possible inventors from the thralldom of poverty and ignorance, give a new impetus to progress and reduce the socially necessary working hours. After doing their day's work for the commonwealth, men would have leisure time to educate themselves and their children.

Wholesale. Dealings with the question of license Mr. Jackson proved the necessity of it. Some few, about 65 in St. John, were permitted to sell liquor. The rest of the population were prohibited from doing so. If liquor selling was right, why not sell everybody else's? They must sell in certain hours only. If it was wrong to sell rum from 10 to 12 o'clock, why not sell wine from 10 to 12 o'clock? It was a white man as good as an Indian and as much entitled to protection? Speaking of the order which he represented, Mr. Jackson said that since its inception in 1852 it had made rapid and world wide progress. Its present membership of over 650,000 in 22 different languages was evidence of its progress in Canada had been very rapid and proved the efficiency of the order.

SPEAKERS TALK OF STRONG DRINK EVILS
Rev. J. L. Batty Says Rumblers Cannot be Respectable
—J. V. Jackson Proves Contentment by Figures.

Rev. J. L. Batty of Moncton was the speaker at the meeting for men held in the Unique Theatre last evening under the auspices of the Y. M. C. A. W. M. Krob presided and there was a good attendance.

Mr. Batty spoke on temperance. He expatiated the doctrine laid down by some of the members of the St. John Moral Reform Association that a rumbler might be honest and respectable. He said any man who sold liquor to another put his hand into the source of a man's morality and robbed him of his virtue. Speaking of the difficulty of enforcing the laws against the liquor traffic, he said the people were to blame if the laws were not enforced.
