

REPATRIATE ALIEN ENEMIES OVER THE MILITARY AGE

British Gov't Proposes Segregation of Unnaturalized Adult Aliens of Military Age—Viscount Haldane Intimates Some Method Besides Voluntary Enrollment May be Adopted by Government.

London, May 13.—Premier Asquith announced in the House of Commons today that "all adult male enemies of military age will be repatriated." He also said that women and children in suitable cases will be repatriated, "though some might remain."

The government proposes to segregate "all adult male enemies for their own safety and for the safety of the country," Premier Asquith told the House of Commons.

In announcing the alien policy of the government the premier said: "At this moment some 40,000 unnaturalized aliens, of whom 24,000 are men, are at large in this country. The government proposes that all adult males of this class should, for their own safety, and that of the country, be segregated and interned. If over the military age they should be repatriated."

"The government recognizes there may be cases calling for exceptional treatment. Women and children in suitable cases should be repatriated, but there, no doubt, will be many cases in which justice and humanity will require that they be allowed to remain. An official body, judicial in character, will be set up to deal with claims for exemption, and as soon as the military and naval authorities have provided the necessary accommodations, those who have not secured exemption will be interned."

"In the case of naturalized aliens who in law are British subjects, numbering about 8,000, the prima facie presumption should be on the other way, but exceptional cases established to the satisfaction of the advising body will be specially dealt with. There must be powers of internment in cases of proved necessity or danger."

Premier Asquith mentioned incidentally that 19,000 non-naturalized alien enemies already had been interned in Great Britain.

A Bonar Law, the leader of the opposition, said he welcomed the premier's statement, as the country was so roused it was liable to get out of hand. In response to a question Premier defined military age as the period between the ages of 17 and 55.

The general trend of the debate was favorable to the proposal of the government. Ronald McNeill expressed the hope that "Germans in high places who heretofore have partaken of British hospitality, and have had the decency to keep themselves in the background, should now be repatriated."

WELSFORD RESIDENTS
DOING FINE WORK FOR
RED CROSS SOCIETY

Welsford, May 13.—On Saturday afternoon, last the funeral took place of the late Mrs. Barbara Ann Smith of Olinville Road. Deceased was 79 years of age. Interment was made in the Lyons' burial ground, Rev. David Jenkins officiating. The pall-bearers were Matthew and Wilson Gilbreth, James Smith, James Graham, Levi Graham and William Smith.

On Monday morning last James Howe left for Sussex to join the Overseas Draft from the 65th Regiment.

Rev. William Smith of Gagetown passed through on the Boston train on Monday evening en route for Crompton, (N.I.), of which place he has accepted the rectorship.

The many friends of James McAuley of Fowler's Corner will rejoice to know that he is now able to be about again and to do light work about the farm.

Andrew Graham of Olinville Road, who has been so seriously ill with pneumonia is slowly convalescing.

Mr. and Mrs. Percy Howe are receiving congratulations upon the arrival of a baby boy. Both mother and child are doing well.

The inhabitants of Welsford are to be commended upon their good work in connection with the Red Cross movement, as will be seen by the following particulars: For their gifts of home-made cooking, bread, butter, eggs and ice cream, which were left to be sold at Mr. H. W. Woods' store, the proceeds devoted towards Red Cross work: Mrs. H. W. Woods, Mrs. Wm. Howe, Mrs. Lewin, Mrs. Scott, Mrs. P. E. McKendle, Mrs. Barton, Miss Bayard, Mrs. A. H. Jones, Mrs. Brittain, Miss Harrison, Miss A. T. Naeson, Mrs. H. Johnston, Mrs. James Cochran, Mrs. Willie, Mrs. Quigg, Mrs. Gregg, Mrs. Porter, Miss H. McDonald, Miss V. Thompson, Mrs. H. McKendle.

For pecuniary gifts: Rev. J. S. Gregg and Mr. Dan Wark. Also the following children: Ellen Gregg, George Gregg and the five children of Mr. and Mrs. Harry Woods for cake, candy and eggs. Special mention should be made of Jennie Burton who collected four dollars on a lace collar and seven dollars on a cushion top donated by Mrs. William Harding, Sr.

Although the amount needed for the Welsford Red Cross Hospital has been raised, this work will still be continued as the

ground, and follow the excellent example of Prince Louis of Battenberg.

The case of naturalized aliens. In answering points raised during debate Premier Asquith said that the case of naturalized aliens would be met under the government scheme by the provision that where there was suspicion against a man a judicial body would have the same power of internment as in the case of an unnaturalized alien.

What was going on over the country, the premier said, was not the methods of sane and sober people. The people had great provocation, he said, but he deplored the outbursts of vindictive activities, which he told his hearers, were a dishonor to the name of this country.

Commoner Thorne interposing that some newspapers had incited the people, Mr. Asquith replied: "More shame to these papers."

A Form of Conscription Coming. Lord High Chancellor, said in the House of Lords today that the government might yet deem it advisable to resort to some methods of raising troops other than the enrollment of volunteers. In supporting the bill to give the government power to control the sale of liquor in districts in which munitions of war are manufactured, which was before the House of Lords on second reading, Viscount Haldane said:

"We are fighting for our lives." He added that the opinion had been expressed that until the return of normal conditions the volunteer system would be difficult to depart from. "Yet we may find that we have to reconsider the situation in the light of the tremendous necessities with which the nation is confronted. We are not yet face to face with that problem yet. At present the hands of the war office are full with the men they possessed."

Lord Lansdowne said the house heard with great satisfaction the momentous announcement that the government was prepared to reconsider the whole situation in regard to conscription, "in view of the tremendous necessities which confront us." Many members of the house had thought for a long time, he continued, that an announcement of the kind should be made, and they hoped it might be taken as an indication that this very grave problem was engaging the attention of the government.

Red Cross needs are greater now than ever. Miss Mary McDonald was the winner of the cushion top.

RUSSIA'S NEW BEVERAGE. Now that the Russians have abandoned their old national drink, what is more natural than they should turn to tea as the most invigorating, refreshing and healthful beverage, but tea to be good must be fresh and clean.

"SALADA" tea is composed of the finest, freshest young leaves, freed from dust and carefully preserved in the sealed aluminum package.

GERMAN STATEMENT DENIED BY FRENCH. Paris, France.—An official note has been issued in Paris in reply to a German communication published recently in which it was asserted that the cathedral of Paris and Troyes and the principal public buildings such as the national library, the Invalides, the banks and the Louvre, were supplied with searchlights, wireless plant and machine guns.

Nothing could be further from the truth, says the French note, and there are plenty of neutrals in Paris in a position to obtain information on the subject and confirm the falseness of the German statement.

To Make Hairs Vanish From Face, Neck or Arms

Keep a little powdered delatone handy and when hairy growths appear make a paste with some of the powder and a little water, then spread over hairy surface. After 2 or 3 minutes rub off, wash the skin and it will be entirely free from hair or blemish. This simple treatment is unfailing, but care should be exercised to be sure and get genuine delatone, otherwise you may get disappointed.

The village of Carency and the western part of Ablain, which are for the greater part included in the territory held by the French as a result of their occupation of the former trenches between Neuville and Carency, were however, evacuated last night. Battleground in East Resemble A Gigantic Prairie Fire

A line of burning villages result of bombardment—Fierce struggle north of the Vistula approaching final stage—Duke Francis Joseph at head of Austrian army attacking Russian line.

Tarnow, May 11 (by courier to Cracow, and via London, May 12)—The struggle in the region north of the Vistula river and on the borders of the Galicia, which well informed persons here expect and hope will bring a final decision in the battle against the Russian armies, appears to be approaching a conclusive phase.

Terrific engagements were fought today at a position twenty-two miles to the east of Tarnow, in the vicinity of Debica and Milevec, where the Austrian army under Duke Francis Joseph came into fierce conflict with Russian forces which were retreating eastward from the Dunajec river and Tarnow.

Airmen who flew over the battlefield today reported that the entire front was marked by burning villages, most of which had been bombarded.

They say it looks exactly like a prairie fire.

To the north of the Vistula river the Austrian corps commanded by Count Kirchbach, has forced the Nida line, according to information reaching here. Today and yesterday the wind brought it to us as far as Tarnow the incessant roar of gunfire indicating that Count Kirchbach now is trying to advance hand in hand with the troops of Arch Duke Francis Ferdinand and General Mackensen.

Along the Carpathian front the Austrians have made a forward movement, bringing the third Russian army and the remainder of the eighth Russian army in imminent danger of being surrounded and destroyed.

The first train since Tarnow was retaken by the Teuton allies arrived here today.

Frenchmen. A number of prisoners remained in our hands.

French blockhouses on the western slope of Hartmann's Weilerkopf were destroyed by our fire.

"Eastern theatre of war: 'The situation is the same. The battle of Zawile (Russian Poland) is still undecided.'"

Why People Feel Depressed In The Cold Weather

Why is tiredness and languor so prevalent just now? A physician explained that the cold of winter drives blood from the surface of the body to the liver. Normally one-fourth of the whole blood supply is in the liver, and when more blood is accumulated in that organ everything goes wrong.

No better remedy exists than Dr. Hamilton's Pills which are composed of such vegetable extracts as Mandarin and Butternut, and possess wonderful liver stimulating powers. It's a marvel the way Hamilton's Pills clear the blood of the poisonous humors. They put new life into worn out bodies, build up the appetite, bring back a reserve of nerve energy, tide folks over the cold days of winter and the depressing days of spring. For your health and body comfort get a box of Dr. Hamilton's Pills today.

OFFICIAL REPORTS BRITISH

London, May 13.—The following official communication was issued this evening by the War Office:

"The fighting east of Ypres still continues. The Germans today have again subjected our line north of the Menin road to a violent artillery bombardment, which in places destroyed some temporary re-adjustments in the line. The line, however, has since been completely re-established."

"On the remainder of the front there is nothing to report."

RUSSIA

Petrograd, via London, May 13 (11.05 p.m.)—The following official statement from general headquarters was issued tonight:

"On Tuesday night the enemy began an offensive with large forces in the region of Shavli, in an attempt to retain this road centre. During the night we successfully repulsed five attacks, and the following morning, by an energetic stroke, we defeated a German out-flanking column, capturing several hundred prisoners and five guns. The fighting continues."

"On the Dubissa river, on the same day, we captured a hostile position near Jalagola, thirty miles northwest of Kovno. On the left bank of the Niemen there has been a change of front."

"On the right bank of the Orzyo, our trench mortars bombarded the enemy's trenches with great success."

"In Western Galicia the intensity of the fighting decreased on a considerable part of the front during Tuesday and Wednesday."

"Our offensive on the right bank of the Dniester is meeting with continued success. The enemy on Tuesday made several vain counter-attacks to relieve his centre, which was retiring in disorder on the Dniester towards the Oberty-Horodenska line. (These towns are in the extreme east of Galicia.)"

"In this operation the Austrian units which led the offensive were repulsed near Chocimierz, northwest of Oberty, with heavy losses. Our artillery annihilated two battalions, and a third suffered severely."

"Near Horodenska the enemy gave way about seven o'clock in the evening of the same day and began a disorderly retreat. We captured several thousand additional prisoners, a number of guns and about fifty ammunition caissons."

WRECK GERMAN PREMISES IN JOHANNESBURG

Over fifty buildings wrecked and contents burned during Anti-German demonstrations.

Johannesburg, May 13.—There have been a series of violent anti-German demonstrations in Johannesburg, which culminated yesterday in the wrecking of a number of German and Austrian establishments. The police intervened to quell the disturbance, but they were virtually powerless.

Altogether over fifty buildings have been wholly or partly wrecked and their contents either burned or reduced to matchwood. The establishments cleaned out include ten large warehouses, ten saloons, three hotels and over twenty shops.

The mob destroyed the German Dierckman Club and pillaged the offices of the General Mining Corporation. This concern has an international board of directors, including some Germans. The crowd burned all the books, records and papers of the company.

The offices of Sir George Albus, near the Stock Exchange, were raided, and a bonfire was made of the furniture. The crowd also fired the premises of a well known German firm, Gundelinger & Company, general merchants. The damage here alone was not less than \$250,000, and the total losses from the rioting, which continued far into the night, are placed at well over \$1,000,000.

The rioting was resumed this morning, the crowd consigning to the flames the contents of the shops attacked, but forcibly repressing looting. Many German jewelry shops were raided, and their valuable stocks of jewelry and silverware were thrown upon bonfires. From the German dry goods warehouses thousands of rolls of cotton and woollen cloths also were taken out and burned.

Doctor Said Sciatica-- Rheumatism--Lumbago

But He Could Not Help Me, and Endorsed the Use of Dr. Chase's Kidney-Liver Pills.

Mr. Wm. Parker, 105 Cayuga street, Brantford, Ont., tells in the following letter of his remarkable experience with Dr. Chase's Kidney-Liver Pills: "My doctor treated me for some time for Sciatica, Rheumatism, Lumbago, but to no purpose, for I had to lay off work. The visiting officer of Sick Benefit called to see me and advised the use of Dr. Chase's Kidney-Liver Pills, stating that he had been cured of the same trouble by their use. I asked the druggist about them and he recommended them highly. Not being satisfied with this, I went back to my doctor, and when he said they were good I began their use. 'The promptness with which they relieved the action of the kidneys and bowels was wonderful, and it was not long before I was rid of all my trouble.'"

"I was so bad that I could only walk by hanging on to a chair or the wall. My wife had to lace my shoes. Only those who have had this ailment can realize the way I suffered. I am writing this letter to let people who have my trouble know of these pills. You are at liberty to use this letter, and if anyone interested will call or write to me I will give every detail."

Write to Mr. Parker, enclosing stamp for reply, and he will verify this statement. He will do this out of the gratitude he feels for his cure and because he realizes how difficult it is to obtain the cure of these dreadfully painful ailments.

There are so many treatments recommended for rheumatism that you naturally doubt them all. Here is an opportunity for you to verify the cure and put this great medicine to the test. It will only cost you a quarter to try Dr. Chase's Kidney-Liver Pills. They get at the very foundation of rheumatism and by removing the poisons from the system take away the cause of pains and aches.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers, or Edmanston, Bates & Co., Limited, Toronto.
