THE SOCIALISTS WANT PEACE IN BALKANS

Stockholm, May 24, via London.—The restoration of Belgium, Serbia, Montenegro and Roumania, was demanded by the Bulgarian Socialist delegates in a conference with the Dutch and Scandinavian committees. They also declared themselves in favor of a national pact of Balkanians as a step to give permanent tranquility to the Balkans.

NEW HAVEN RAILROAD AT LOWEST IN HISTORY

New York, May 23.—U. S. Steel sold at the record high price on heavy trading in large blocks and thereafter reacted more than 2 points but showed some tendency to recover towards the close. The Iron Age says inadequate delivery service on the part of the railroads produces unsatisfactory conditions at the mills and that the Steel Corporation are yet without definite information as to the amounts of steel that the government will need except that they will be large. The same journal says that a price for government copper around 24 or 25 cents as now seems to be indicated, points to better prices for the government's purchases of steel than the price fixed on steel plate now being delivered. The New Haven showed some weakness apparently due to lack of progress upon its financial plans, but the other rails were firm though comparatively inactive. New Haven fell to 84 1/2.

The weekly government weather report reflected excellent conditions for the crops practically all over the country last week and good progress made. The war and navy departments are expected to turn over their entire buying staff to the allied purchasing board now being organized which will buy supplies for the United States and all the allies and is expected to distribute orders to the amount of something like \$10,000,000,000 a year. If the organization and legal status of this board are settled in the near future the solution of many problems concerning prices and quantities of war supplies and perhaps also of food-stuffs will probably be expedited.

MARKED PROSPERITY IN LEATHER TRADE LIKELY

New York, May 23.—Specifications for leather contracts now placed with trade interests by the government for its own and allied war accounts are reported to be so large that increasing orders on a big scale is certain. The size of the contracts is reported to have amazed manufacturers. There has been confident buying of RBC and Steel. Even if materially

NOVA SCOTIAN FOUND DEAD IN MONCTON

Special to The Standard. Moncton, May 24.—Nelson Matatall of Nova Scotia who was visiting friends in Moncton, was found dead in bed this morning of heart trouble. Deceased was a brother of Conductor Matatall, running between Moncton and Truro. He was about forty-six years of age.

Several large cliques are credited with having accumulated important lines of copper and steel stocks and are anticipating much higher prices than those already registered judging from the expressions heard in pools. The buying is evidently based on information received from banking circles. Western public buying is reported by prominent wire houses to be steadily increasing. The speculative imagination of the outside element is being fired according to inquiries received. The main bull factor continues to be the idea that the campaign to place the Liberty Loan will furnish ample stimulus.

Soldiers in Tolls. Two members of the 217th, Ptes. Butt and Alexander, were gathered in by the police about one o'clock, this morning charged with being drunk and fighting together on Charlotte street.

PRIEST KILLED, ANOTHER INJURED IN AUTO WRECK

Thomsonville, Conn., May 24.—Rev. Edward Murphy, assistant rector of St. Augustine's Roman Church, Bridgeport, was instantly killed yesterday when his automobile was overturned near Hazardville. Father Lanowski, also of Bridgeport, was seriously injured.

SALISBURY

Salisbury, May 19.—Mrs. O. E. Gowland is visiting her sister, Mrs. Robert Hastings of St. John. Mrs. P. J. Grey and Mrs. R. A. Brown spent a day with friends in Moncton recently. Mr. Robert Drake of Sydney who was visiting his sister, Mrs. G. Allison Trilles, has returned home. Miss A. Louise Trilles returned on Saturday after spending several weeks with friends in Boston and Bangor. Miss Annie MacWilliam (Moncton), spent the week-end with her parents, Mr. and Mrs. Jas. MacWilliam. Mr. Clifford Holman was a visitor to Moncton on Saturday. Mr. William Tait, Misses Annie Tait and Olive Ore of Moncton, spent Sunday the guests of Mrs. Annie Tait. Mr. and Mrs. Fred Bent are receiving congratulations on the birth of a daughter. Mr. Alex. MacDonald spent Thursday in Shediac. Mrs. Douglas Sherwood of Canada is visiting her parents, Mr. and Mrs. Miles Wortman. Mr. and Mrs. Kenneth Campbell were visiting in Moncton last week.

TWO BANKS CLOSED

Chicago, May 23.—The Morgan Park State Bank and Auburn State Bank have closed their doors. The liabilities are \$500,000.

Stomach Troubles Due to Acidity

SO SAYS EMINENT SPECIALIST. So-called stomach troubles, such as indigestion, wind, and stomach-ache are in probably nine cases out of ten simply evidence that fermentation is taking place in the food contents of stomach, causing the formation of gas and acids. Wind distends the stomach and causes that full, oppressive feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the fermenting food. Such fermentation is unnatural, but may involve most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid, and render it bland and harmless, a teaspoonful of burped magnesia, probably the best and most effective corrector of acid stomach known, should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation and neutralizes the acidity in a few moments. Fermentation, wind and acidity are dangerous and unnecessary. Stop or prevent them by the use of a proper antacid, such as burped magnesia, which can be obtained from any drugist and thus enable the stomach to do its work properly without being hindered by poisonous gas and dangerous acids.—M. F. P.

ANOTHER SHIP SUNK

New York, May 24.—The British steamship Telsa, a vessel of about 7,000 tons, built in Belfast for the United Fruit Company, and taken over by the British admiralty at the beginning of the war, before she was completed,

was torpedoed and sunk by a German submarine, May 2, off the English coast, according to twenty members of the crew, who arrived here today on a British passenger ship. None of the crew was injured. The ship was armed. The gun was lifted from its base by the explosion and thrown into the air, coming down amidships and crashing through the deck house.

LONDON STOCK MARKET IS GENERALLY FIRM

London, May 23.—The discount market was slightly harder in view of the fact that \$90,000,000 treasury bonds for tender on Friday are for a larger amount than usual.

A moderate demand for money was easily met today. Discount rates are quiet.

The stock market continued generally firm with French, Russian and Brazilian bonds best in gift-edged section, though the war loan was inclined to harden.

Rubber, Oil and Provisions stocks were increasingly supported at advancing prices. Unmobilized American securities were occasionally bought.

NEARING TRIEST.

The new advance of the Italian brings them appreciably nearer Triest which, from the lower part of the line is less than ten miles away. The ground traversed and yet to be passed over is difficult for military operations, and even with other successful advances, such as the last one, the objective of the Italians will not be attained except by fighting of a most atrocious nature.

PROSPERITY
GOOD TIMES
LOYAL PATRONAGE
OF HOME PRODUCTS

"THE GATEWAY TO PROSPERITY AND GOOD TIMES LIES THROUGH THE LOYAL PATRONAGE OF HOME PRODUCTS."

Our industries depend very largely upon local markets. When you spend your money for home products the manufacturer is able to maintain a full working force. Every dollar that is spent for the necessities or luxuries of life which is spent with a view of its retention in the community in which it is expended, has a direct bearing upon the prosperity of the entire community. Each dollar goes to enhance property values, to reduce taxation, to help pay the wages of its men and women employed in the community who will in turn spend the money they earn for the promotion of the general good of the city.

The various stores of this city, from the humblest grocer to the big stores in the heart of the city have joined in a spirit of hearty co-operation to help make this Home Products campaign all it implies. These merchants who are loyal to their community handle goods made at home as far as possible and sell and suggest merchandise made by local producers.

Remember this—Every dollar spent with Home Industries squares its power in Home prosperity.
