

WINNIPEG FILLING THE
PLACES OF STRIKERS

Private Firms and Citizens
Offering to Assist in Re-
placing Discharged Electric-
ians and Water-workers.

Winnipeg, May 5.—The city officials have received a large number of offers from private firms and citizens generally to assist in replacing the striking electricians and waterworks men who were dismissed when they failed to report for duty Saturday morning. Men were secured to keep the water works going, and the electricians are being replaced one by one. The strikers show no signs of yielding, and J. L. McBride, for the electricians, states they are willing to trust with the city council when they are approached by the proper authority. The electricians have refused to discuss the strike with the manager of the light and power plant.

Secretary Robinson, of the Winnipeg Trades and Labor council, stated yesterday that trade unionism in Winnipeg would stand by the striking civic employees. The trades and labor council would keep its promise to support the strikers and sympathetic strikes would be called if necessary.

THE EARN AND GIVE CAMPAIGN.

The dates of this campaign are May 2nd to 9th.

Because of Great Suffering Accompanying Digestion—Hospital Doctor Said Operation Necessary—Perfectly Cured by Home Treatment.

New Aberdeen, N. S., March 14.—Once again the doctor tried in claiming that an operation was necessary. Fortunately Mrs. Watkins had a different opinion, and by using Dr. Chase's Kidney-Liver Pills obtained a perfect cure. That was in 1914, so there seems to be no doubt that the cure was both thorough and lasting.

It is well worth your while to read this letter, for if you never have a similar experience you may be able to help others to escape the unnecessary risk and expense of a surgical operation.

Mrs. Annie Watkins, New Aberdeen, N. S., writes: "I think it is time for me to give my experience with your wonderful Kidney-Liver Pills. For seven months I suffered with what the doctor called indigestion; but, whatever it was, I suffered terribly. The pain would start under my left shoulder and pass down my side until it reached the pit of my stomach. It just seemed as if the flesh were being torn from the bone. At times I used to go without food for one morning until the next. I had no energy left for work at all. At last our doctor sent me to the hospital for a month. For four days and nights I never broke my fast except for a drink of water. After four weeks' treatment there I returned home, and was back only four days when the pain came back worse than ever. Then I was told I would have to undergo an operation, but I would not consent to that. At last I read about Dr. Chase's Kidney-Liver Pills, and I started to take them. At first I did not notice much difference, but still I kept on using them, and by the time four boxes were used I was perfectly well again. That was in 1914, so you see I can safely say that I was cured. I shall always be grateful to Dr. Chase's Kidney-Liver Pills, as they have more for me than four doctors."

A CANADIAN FLYING
CORP POSSIBLE SOON

Sir Robert Borden Expects to
Determine Canada's Status
in Air Branch When He
Visits England.

Toronto, May 5.—Col. W. H. Merritt, the honorary secretary of the Canadian aviation fund, has just been notified by the vice-chairman of the war committee of the cabinet that the Canadian government has definitely decided to take no action in the matter of a gift of a unit of aeroplanes to the Royal Air Force through the Canadian Aviation fund, pending the visit of the prime minister to the old country, when it is expected the general question of relations between Canada and the Royal Air Force will be given consideration. This, taken in conjunction with Sir Robert Borden's recent statement in the House that he thought it possible a Canadian flying corps might be formed, shows that serious attention may soon be given to the best form in which Canada can aid "win the war" through air co-operation.
