Auditors—A.H. Faber, A. Fehrenbach.  
Property Committee—H. Herchenratter, C. Emmerich Sr., Arno Smith, A.A. Pink, H. Herchenratter.  
Advertising Committee—S.J. Welhouser, A.H. Faber, O.G. Gies, Press Rep.—P. Ringle.

Brantford Bolsheviks. That Brantford has been for some time the headquarters of Bolshevik advocates in Canada that the leaders were very active there and that that city emanated much of the literature which was spread throughout the Dominion is the opinion of the Brantford police, who believe further that the principal agitators have been taken in charge.

Charlie Chaplin at the Star tonight, only 10c and 15c.

## Buried At St. Clements.

The funeral took place this morning at St. Clements of the late Ambrose Querin, brother to Mr. J. Querin Queen Street North.

The late Mr. Querin was a well known figure in this district. St. Clements in particular, it being his native village.

Passed Examinations. Word has been received to the effect that Sister Elizabeth Kimball whose home is on 23 Courtland Ave. has been successful in her examinations papers on First Aid and Home Nursing Course for V.A.D. Work. The work is in connection with the St. John's Ambulance Brigade. Congratulations are being extended to Sister Kimball upon her success.

Mr. Louis Neville, who has a large circle of friends here, is in the city tonight will meet a large number of the young ladies and gentlemen to organize for putting on another of his successful plays. It will be presented early in February and is entitled "Fate of Love" and was written by Mr. Neville in collaboration with another author.

## Clearing House Returns.

Clearing house figures in the city for the week ending today are \$602, 413.53.

## I.H.C. Takes Over Oliver Plant.

The International Harvester Company of Canada, Limited, Hamilton has purchased the Oliver interests in the Oliver Plow Works of Canada Limited located in Hamilton.

The name of the company will be changed. The harvester company assumes immediate control and operation of the property. Beyond making this statement A.C. Dunn superintendent of the Oliver company refused to talk. The Oliver Plow Works Company established in 1910. It is one of Hamilton's most important industries. The buildings occupied several acres of land in the industrial annex close to the great plant of the International company.

The Oliver company is employing over 1,000 hands. Recently it was announced that the company was branching out in new lines to meet of ter-war conditions.

## Card of Thanks.

The undersigned respectfully requests the friends of the late J.W. Woodall to accept his sincere appreciation of their kindness and assistance they showed and tendered during his father's illness and during his bereavement especially the Welfare Department of the Consolidated Rubber System.

J. Woodall.

## Death of a Worthy Resident

MR. L. KLEHN, WATER STREET PASSED AWAY YESTERDAY.

The death occurred yesterday of Mr. Louis N. Klehn at his home 94 Water Street.

Deceased was in his 54th year, was born in Leitzen, Mecklenburg, Schwerin and came to Canada in 1883. He married Miss Augusta Pless in 1889, who survives him, along with three daughters, Mrs. Pat. McNulty, Mrs. J. Albert Smith and Miss Olga residing in this city, three brothers Will and Herman of Buffalo and Fred of Kitchener; two sisters Mrs. Sam. Alexandre of Toronto and Mrs. Henry Kaiser of Doon.

Mr. Klehn was employed with the Chas. A. Ahron Company for twenty-four years. His death was due to pneumonia.

The funeral will take place on Saturday afternoon at 2 o'clock from the family residence, interment at the Mount Hope Cemetery.

Mr. Klehn was a well known and worthy citizen, and his death has caused sincere regret amongst his many associates and friends.

Year by year the microbes of different diseases yield up their secrets to the medical scientists. The first disease germ to be discovered was that which produces anthrax or spleen fever in cattle. This was more than sixty years ago, but it was not until 1876 that it was shown definitely that the disease was actually caused by these microbes.

## MAC'S MEGAPHONE

Candy bars are back to 5c. again.

Thank goodness the price has dropped on one line we sell.

We carry a splendid assortment of them. I remember when we used to buy the five and ten boxes at a time. Now an order for 100 boxes (4,800 bars) from one firm is nothing. Shows how the trade grows when you carry the lines the public want. And some of our best sellers are made right here in Kitchener.

We give the same care and attention to a little side line like this as we do to lines that bring the big business. Do a thing right or don't do it at all.

The proof of the pudding is in the eating. Spend 5c on a good fresh chocolate bar.

## No Scarcity of Wood.

The new mill will be opened to the people of the community free of charge, and to the children afterwards and evenings up to eight o'clock. The mill measures 65 by 140 feet. There is a club house in connection with it to accommodate skaters. The management has been vested in the hands of a committee which will act in conjunction with the Welfare Department. This committee consists of the following persons: F. Hedrich, J. Weichel, E. Rieder, J. Spalinger, E.D. Campbell and B. Schulz.

The kindness and public spirit of Mr. P.Y. Smiley through whose generosity the rink has been established is much appreciated and have set a good example.

Big programme at the Star tonight. (one early and avoid the rush. Only 10c and 15c.

## Literary Course.

A course of Literary Lectures will be given by Mr. B.W.N. Gregg, B.A., at the Young Women's Christian Association during the coming months.

The first lecture of the series will be held in the Association Parlours next Tuesday Evening, Jan. 21, at 8 o'clock. The topic will be "An Introduction to the study of Shakespeare." This course, including 5 lectures will prove both instructive and interesting. Other topics are as follows: "National Hawthorne and his Works," "Everyman"—A Morality play, "The Faerie Queen"—Edmund Spenser, "The Utopia," or the World as it ought to be—Sir Thomas Moore. Dates for these will be announced later. Tickets are \$1.00 for the course, or 25c. a single lecture.

## Mould Have Pupils Punch the Clocks.

If a recommendation made to the Windsor Board of Education by Principal Gavin of the Collegiate Institute, is adopted, time clocks will be installed in the institution and pupils will "punch the clock" when they arrive morning and afternoon for classes.

The suggestion is also made that the janitors at the Collegiate be instructed to use the clock to register their appearances.

## I WAS IN DOUBT

about the value of Zam-Buk until I had proved it!" So says Mrs. A. Lariviere of Fall River, Mass., and when one considers her case there is little room for wonder. She says: "I had suffered for three years with a skin trouble, which doctors, and even a skin specialist, had tried in vain to cure. In fact they told me that the chance of a permanent cure was very remote. One day a friend, pointing to a box of Zam-Buk, said, 'You just try that for that skin trouble of yours and you'll be amazed at the result.' I was sceptical, but agreed to give Zam-Buk a trial. I did so, and at the same time I used only Zam-Buk Soap for bathing. To my delight I soon noticed an improvement. Naturally I persevered, and I am now absolutely cured; notwithstanding all the doctors said about the serious nature of my case. I don't wonder that those who have used Zam-Buk are so enthusiastic about it. It is a wonderful remedy." Zam-Buk is also best for cuts, burns and chapped hands. 50c. box.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the—oh abused and neglected organ in the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and is incorporated and almost tasteless, and any pharmacist will sell you a quarter pound which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.
