Seminary Dies in Winnipeg.

The sad intelligence was received in town yesterday of the death in Winnipeg on Monday of Rev. Ernie Beckman, a graduate of the Lutheran Seminary, Rev. Beckman of graduating accepted a charge at Galt but on account of failing health he was obliged to resign. He was advised to go west and he accepted a pastorate in Winnipeg and the change promised to be beneficial to his health.

He only preached one sermon however and while the best of medical care and skill was secured he passed away to join the silent majority in the great beyond. Rev. Beckman as a student was well thought of by the faculty and student body and as a minister of the gospel he was beloved by his congregation who will learn with regret of his sad death. The remains will be brought to Hamilton for interment.

LETTERS TO THE RECORD

SHORTAGE IN SOME BREAD-WEIGHTS ALLEGED

To the Editor:

Hope you can spare a small space in your paper to publish the following for the benefit of the public. Since the strike of bakers started in this city, I hear the master bakers have been given every opportunity to terminate this unfortunate state of affairs but are being held up by one big firm in Kitchener. To-day it was brought to my notice that some bread being made and delivered to citizens of the Twin City is from 1 to 2 ozs. short of the Government standard weight, 14 lbs. It seems to me some of the master bakers are not only treating their workers disgracefully but are actually robbing the public.

"I hope the official who is responsible will look into this at once." Fairplay.

CITY NEWSLETS

SOME CAME, OTHERS DIDN'T.

The usual calls by the bread deliverers were missing at hundreds of homes to-day. In others there was more luck and housewives were able to have bread brought to the door as heretofore.

The kernel of the bakers' strike is that a settlement has not yet been arrived at. Quite a number of the deliverers, in fact, have gone out too in support of the bakers. Owners of bakeries and helpers must still juggle their canoe and apparently are trying very hard to do so.

CHRISTMAS BOXES GOING

Christmas parcels are beginning to leave the city in large numbers.

SIR ADAM HERE TO-NIGHT.

royal reception and a most delightful time also had the pleasure of meeting and forming the acquaintance of about 150 members of the U.F.O. Club in Dresden, a pleasing and busy town, in a prosperous community. Many of the farmers around this vicinity are extensive growers of corn and clover seed.

Mr. Shantz and Mr. Strickle were elected to the executive of the association.

A fuller account will appear in the next issue.

AUGUST KIMMEL OF ROCHESTER

There passed away at Rochester, N.Y., Saturday evening a former resident of this city, Mr. August Kimmel, aged 76 years.

Mr. Kimmel was a member of the well-known Kimmel family of this community which was among the early settlers of the city. A further reference will appear in the next issue.

INDOOR HEAT WRINKLES

THE SKIN—THE REMEDY
As the skin tends to expand in a warm atmosphere, cheeks and chin sag and wrinkles to form, a good astringent lotion should be used by the woman who keeps pretty much indoors these days. Dissolve one ounce of pure powdered azoxolite in one-half pint of witch hazel, rub the face in this daily—particularly before receiving guests, or before going out for theatre, dance or other social affair.

The lotion, which of course is perfectly harmless, gives almost immediate results, erasing wrinkles and smoothing out the flabby skin most remarkably. The face is wonderfully refreshed and rejuvenated in appearance. Be sure to ask the druggist for the powdered azoxolite.

RAPS GOVERNMENT

Exportations of Milk.

Commerce Commissioners Say Human Asset is Being Allowed to Depreciate While Dollars Multipl.

Winnipeg, Dec. 9.—The following statement was issued this morning by the Board of Commerce Commissioners: "Thousands of children in Canada are being starved for want of milk. Invalids of the poorer class suffer likewise. The human asset is depreciating, and, in fact, poorer centres are being stunted. All this in order that the foreign butter, cheese and condensed milk demand may be taken advantage of to make as much money as possible for the Canadian producer and trader. The milk that should nourish the Canadian infant and weakling is being shipped out in the form of butter, etc. Even the butter is not allowed to stay here if it can be sold abroad. This policy of the Government is to encourage this thoughtless procedure. Every department of agriculture in Canada, both Dominion and provincial, is busy reporting week by week the high prices that Canadian produce will demand abroad, and Canadian agriculture and trade departments are encouraging this export to the utmost. All this is done with a total disregard for the preservation of the human asset."

Some Can Get Ice Cream

"The question of milk production and distribution has been before the Board of Commerce from various cities in the Dominion. The board's observations led it to make strong statements in the matter. Unless there is a change of policy, and milk and milk products are made plentiful and brought within the reach of the poorest people, there is bound to be a heavy infant mortality and a general depreciation of the physical well-being of practically the whole Canadian population. This can never be made up in the mere dollars and cents brought into Canada to consider whether we should let children starve merely in order that Canadian dollars may make more dollars. There is a further consideration to be taken to heart. Most privileged people have ice cream

COUNT FIFTY! NO RHEUMATIC PAIN

Don't suffer! Instant relief follows a rubbing with old "St. Jacobs Liniment."

Stop "dosing" rheumatism. It's pain only; not one case in fifty requires "internal" treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Liniment" conquers pain! It is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia and reduces swelling.

Lumber up! Get a small trial bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.
