

## Her Nerves Were So Bad Thought She Would Go Out of Her Mind.

Mrs. Hollas Knox, 45 Harding St., St. John, N.B., writes: "I suffered greatly with my nerves, I could not sleep at night, nor work, and the least little thing worked on my mind and bothered me. Last winter I thought I would go out of my mind, I would screech out, and my mother really thought I was going crazy with my nerves. It was so terrible I would hold my head and cry. I tried two doctors but they did not do me any good. I thought I would tell you that to-day I am perfectly cured by using three boxes of Milburn's Heart and Nerve Pills, and I can recommend them to all sufferers from nervous troubles so you can tell everyone that they are the only thing that did me any good."

Milburn's Heart and Nerve Pills are 50c per box or 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

morning the waterworks were once more in operation.

The greatest task following the flood was the enormous labor of pumping out all of the cellars of houses, schools, churches and other buildings in the flooded district. This the city took in hand, however, and aided by one of the best equipped fire brigades in Western Canada, the work was expeditiously finished.

We are glad to be informed that there was no truth in the story circulated some time ago, to the effect that the Mail Order firm of Christie Grant, Limited, had been obliged to close its doors. Later developments prove that they were only re-organizing, as the firm is now issuing a larger catalog than before, besides adding, together with other lines, a well-stocked Grocery Department.

As its list of stockholders contains the names of many business men who are prominent in financial circles, there can

be no doubt but that the Christie Grant Limited business is here to stay, and that it will, undoubtedly, soon be rated among the largest Mail Order concerns in Canada.

### Had to Get it Done Somehow

A little boy hustled into a grocery one day with a memorandum in his hand.

"Hello, Mr. Smith," he said. "I want thirteen pounds of coffee at 32 cents."

"Very good," said the grocer, and he noted down the sale, and put his clerk to packing the coffee. "Anything else, Charlie?"

"Yes. Twenty-seven pounds of sugar at 9 cents."

"The loaf, eh? And what else?"

"Seven and a half pounds of bacon at 20 cents."

"That will be a good brand. Go on."

"Five pounds of tea at 90 cents; eleven and a half quarts of molasses at 8 cents a

pint; two eight-pound hams at 21½ cent, and five dozen jars of pickled walnuts at 24 cents a jar."

The grocer made out the bill.

"It's a big order," he said. "Did your mother tell you to pay for it?"

"My mother," said the boy, as he pocketed the neat and accurate bill, "has nothing to do with this business. It is my arithmetic lesson and I had to get it done somehow."

### Used Absorbine 20 Years

A liniment that makes good so consistently that it will hold customers year after year must possess an abundance of merit. Absorbine is continually making new friends, but it also holds the old ones because it does everything that is claimed for it in a mild and pleasant manner. F. B. Loomis, 1052 Richard St., B.C., writes May 22, 1912: "I have been using Absorbine ever since 1892. I started using it the season of 1892 with the mare Nellie Mason that I was racing that year, and have stuck to it ever since. I can't say too much for it, and I keep it in the stable all the time."

Absorbine reduces swellings and fatty bunches, strengthens strained ligaments, muscles, heals cuts, bruises, allays pain and inflammation. Does not blister or remove the hair and horse can be used. \$2.00 a bottle at druggists or delivered.

When the flood tide reached the traffic floor of the low level bridge, a point ordinarily 35 feet above the water, a string of specially loaded gravel cars were drawn onto it, the added weight of these no doubt saved the structure. The photo shows the stream slowly receding. Thousands of tons of lumber from broken barns and houses, and logs and trees make up the pile which gathered when the water rose so high as to refuse them passage under the bridge. Shortly after the photo was taken, the water sank low enough to break the jam.

Do not allow worms to sap the vitality of your children. If not attended to, worms may work irreparable harm to the constitution of the infant. The little sufferers cannot voice their ailment, but there are many signs by which mothers are made aware that a dose of Miller's Worm Powder is necessary. These powders act quickly and will expel worms from the system without any inconvenience to the child.

## Every Member of the Family Should Take An Interest In Grain Marketing

WHO HANDLES YOUR GRAIN, AND WHY?

WHO SHOULD HANDLE IT, AND WHY?

Discuss these questions some wet day—or any day. Compare The Grain Growers' Grain Company with other grain concerns. Think of the handicaps that were met in all phases of marketing before this farmer's company was organized in 1906. A Farmer couldn't get a car when he wanted one. He was obliged to take what was offered him in grade and in price. Complaining did him no good. Think of the fact that this pioneer farmer's company was organized by farmers who concluded that the only guarantee of a square deal lay in the handling of their crop by a business organization of their own.

There are now over 16,000 shareholders and the business of the company both in handling grain and in supplying commodities and implements is under the control of the farmers themselves. Cash earned as commissions for handling grain is used to provide avenues through which farmers of the Canadian West can buy to better advantage and otherwise to improve conditions under which they work and conduct their business.

Think of These Things. Discuss Them in Your Home. They Should  
Interest Every Member of the Household. Then See That This Pioneer  
Farmer's Company Handles the Grain From Your Farm This Season

To Saskatchewan Farmers:

Through an arrangement made with the Saskatchewan Grain Growers' Association for the year 1915, the Association will procure through this Company, such supplies as we are handling. Saskatchewan farmers can secure supplies from us by placing their orders through the Central Office of the Association at Moose Jaw. The purpose of this arrangement is to draw the different farmers' organizations closer together and by concentrating their purchasing power give still better service to the farmers of the three Prairie Provinces.
