

suggestion for the wisdom  
 of the Department to  
 decide, in the best  
 interests of all parties  
 interested therein. I may  
 here also state, Mr Mills  
 in terms of his former  
 lease of the land, has to  
 build a fence to the  
 south of the lot. This he  
 says he intends doing  
 or paying for, but the  
 making of the fence he  
 says was delayed to  
 see whether he was to  
 get a new lease of the  
 land or not. The fence so  
 far was not a necessity,  
 but we now think it  
 is, and intend to have  
 it. In the application  
 of the son Alford Mills  
 for the land, as given  
 in my letter dated 4th  
 January 1893. I made  
 mention of the fence, so  
 as to make sure of it.  
 The Mills family are  
 one of the best cash  
 rent paying lessees the  
 Department has on  
 the Reserve. Always on  
 time with their money.
