Ottawa, 23rd. June, 1908.

Dear Sir:-

I have to thank you for your communication of 16th. instant relative to the engagement of Indians as attractive features for fairs in the provinces.

I am somewhat surprised to hear that there has been nothing of the sort referred to at the Brandon Exhibition for five years past, but the assurance given you that nothing of the kind will happen in the future seems quite satisfactory, and the Department is grateful to you for the active interest you have taken on its behalf in the matter.

Yours truly

Samuel Reddy
Deputy Superintendent General of Indian Affairs.

Deputy Minister of Agriculture,
