Ottawa 20th October, 1901.

Sir,

I enclose herewith an invoice which has been received from the Palmerston Pork Packing Co of the shipment of 5 sacks containing 800 pounds of bacon for your Agency. This completes the July delivery. Owing to the late delivery of this bacon, and the quantity purchased during the past season it is assumed that the whole of the November delivery will not be required. The contractors have been instructed not to make shipment on account of the November bacon until they are further advised. It will therefore be necessary for you to inform the Department at once ~~what~~ what further quantity of bacon you will require.

Your obedient servant.

  
 Secretary.
