

License Fees

1. Do you recommend all non-residents of the Province being charged a rod-license to fish? If so, how much? At present it is \$2.00.

2. It is pointed out that if a rod-license of \$1.00 or \$2.00 at least, is charged, a large amount of money would be obtained by the Government, and the shipping coupon question would be more easily arranged, besides giving the Government statistics as to the number of persons who came from outside to fish in the Province. If you recommend a license fee, have you any scheme to suggest as to the practical collection of the same?

Sportsmen, Non-Residents of the Province taking Game Fish out of it

1. Have you any suggestions as to a tag being issued by the Government, without which no fish could be taken over the border by visiting sportsmen?

Licensing of Guides

1. Do you suggest the Government licensing all those who make a business of acting as guides to fishermen or hunters? If so, what amount of fee would you recommend?

2. If Guides were licensed by the Government would you make them responsible for parties employing them breaking the regulations, in the event of their not reporting the same? And giving them the same powers as Fishery Overseers and Game Wardens?

3. It has been suggested that, failing the Government licensing Guides, each Branch of the Association, situated at points like Bobcaygeon, where a great many Guides live who are employed for several months in the season, issue recommendations to capable guides and place a list of such guides in the hotels, etc. By this means it has been thought that any guides who glaringly broke the regulations and encouraged others to do the same, could be more or less controlled. What is your opinion as to this?

Cold Storage and Possession of Game and Game Fish

1. Would you recommend the following law being passed: No Game or Game Fish of any description shall remain in any
