CALENDAR, WEATHER ASPECTS, &c.

D

- 1 *St. Philip and St. James.*
- 3 *Low Sunday.*
- 3 Judging from the position of
- 4 the planets, and the time of
- 5 the moon's changes, this week
- 6 will be mild, pleasant,
- 7 spring-like, and a great deal
- 8 of good farm work may be done.
- 8 *2nd Sunday after Easter.*
- 10 *Moon in Perigee, 12 ev.*
- 11 Continues pleasant, but
- 12 clouds are rising, wind
- 13 changing; and therefore it is
- 14 that we look for a good and
- 15 useful rain-storm to-day.
- 8 *3rd Sunday after Easter.*

D

- 17 Full moon between 8 and 10 ev.,
- 18 therefore forecasts rain.
- 19 *St. Dunstan.*
- 20 Quite warm, and, in Quebec,
- 21 work, slow at the start, is now
- 22 progressing rapidly.
- 8 *4th Sunday after Easter.*
- 24 HER MAJESTY'S BIRTHDAY.
- 25 *24th. Moon in Apogee, 12 ev.*
- 26 *St. Augustine.*
- 27 Fair if wind North-west,
- 28 but if S. or S.-west there will
- 29 be rain, but not heavy.
- 8 *Regation Sunday.*
- 31 A splendid, fine day.
