

Frost and Wood No. 2 Climax Cultivator for horse or tractor use.

## Kill the weeds and let the dollars grow—use a Climax!

The farmer who realizes the big benefits of soil cultivation is quick to see the advantages of the special design, the rugged strength, and the one-hundred-per-cent effectiveness of Frost and Wood Climax Cultivators.

The narrow points dig deep into the soil and bring up weeds—roots and all. The wide points, working at varying depths as desired, bring sure death to thistles, mustard, and everything that robs your land of fertility and moisture.

Automatic power lift works by a pull of a cord

—raises and lowers the points as desired. Handy adjustments vary depth of cut. Strength—no end to it! Strong safety springs save breakage of teeth.

Used with a tractor it cleans up your fields in short order—that's the way to get bumper crops. We have a very interesting folder—"Better Cultivation, Less Weeds" explaining these popular implements. Write us for a copy today.
