

Will It Last?

The Final Test Of Any Roofing

WHY spend a lot of money on an unknown roofing material, one that is not backed by past performances? Whether it is a small job, or an industrial plant covering acres, that is to be roofed—make a lasting job of it by using a roofing that is worthy, one that will stand up to hard wear and changeable weather conditions.

NEPONSET PAROID

gives just this service on every description of roof, from the largest of railroad buildings and factories, down to the humblest of sheds. The base of Neponset Paroid is a high-grade rag felt thoroughly impregnated with asphalt, making it positively waterproof and fire-resisting.

It is further reinforced with a talc surface, grey in color; or with a permanent slate surface, red or green in color. Satisfy yourself when ordering roofing that it is Neponset Paroid. **EASY TO LAY**—With every roll is supplied sufficient nails and cement with full directions.

There is a Neponset dealer in your district. Write us for his name and a copy of our illustrated booklet "Roofing Canada."

GOODISON MONEY MAKERS

GOODISON Threshers are money makers whether you use them for your own threshing or for custom work. They are easy to operate—handle the grain fast and thresh it all. They run steadily—no stops for repairs—no stops for adjustments.

"If it's as good as a Goodison it is a Goodison."

Carefully selected materials and unhurried honest building makes the Goodison Thresher unsurpassable.

We can give you no stronger evidence of Goodison satisfaction than the letters we have received from Goodison owners all over the continent. They are included in our new folder, "Goodison Features and Feathers." Ask for it.
