**TESTIMONIAL.**

Ingersoll, Mar. 19, 1891.  
John S. Pearce & Co.  
Dear Sir, I received the Baby No. 2 Separator Wednesday evening. Mr. Drummond set it up the next morning, and separated about 100 pounds of milk, and he thinks the machine an extra good one, even better than the one he used in the Scottish Dairy School. He thinks it turns easier. I have tried it twice myself since, and find no trouble in working it, and think it just about perfection. I would not think of running my little creamery now with out it, as I am fully satisfied we will save enough this summer in time and extra cream to pay for it. I will test it for another week and then call and pay for it, probably next Saturday.

Yours truly, GEO. GRAVES.
