

IDEAL Woven Wire FENCE
Best Hog Fence Made.

HERE ARE SOME OF THE REASONS:
It is eight wires high and every one of these wires is No. 9, hard steel. It is strong enough and close enough and twisted out of place. It will fit perfectly all level or hilly ground. The wires are spaced from 3 to 7 inches apart, fencing in the little ones as well as the big ones. You can have the same style fence a couple wires higher, making the best all-purpose fence made. While you are buying fence, why not buy for good? Why not buy a good, heavy, permanent fence like the ideal, and end your fence troubles? We would like to tell you more about this ideal fence. We have prepared a little book to send out. It shows a style for every purpose. If you are interested in fencing, it will pay you to get it. Write for it to-day.

GOSSIP.

Messrs. Smith & Richardson, Columbus, Ont., importers and breeders of Clydesdale horses, write: "We have sold Lucky Ronald to Messrs. Greenlees & Davidson, Durham Co., Ont.; Baron Black to a small company at Ethel, Ont., for \$3,000; Democrat to Wm. Gunn, Cobocok, Ont., and Baron Gartley to Alex. Graham, Oro Station, Simcoe Co., Ont., for \$2,800."

Located in the center of one of the richest agricultural sections of the North American continent, says the Chicago Live-stock World, Toronto ought to command a more conspicuous position in the circle of live-stock markets. There is a suggestion that the Ontario farmer is selling too much grain, and as a result impoverishing his land.

Toronto territory ought to raise half a million hogs annually, instead of 192,043 marketed there in 1905, while the number of cattle was only 207,429, and of sheep only 140,431. That it is not doing better, indicates that the Ontario farmer is missing an opportunity.

ARTHUR JOHNSTON'S SHORTHORNS.

Few men in Canada are better known in connection with the importing and breeding of high-class Shorthorn cattle than Mr. Arthur Johnston, of Greenwood, Ont. Throughout the length and breadth of this continent, wherever Shorthorn cattle are found, his name is well and favorably known as one of the oldest importers, as well as one of the most critical judges. His importations have been numerous, and he has been ever willing and ready to risk his money in the enterprise of bringing from the Old Country fresh blood for the upbuilding of Canadian cattle, and no man in the list of Canadian breeders has been more highly honored than he, having graced every position of preference within the gift of the Dominion Shorthorn Breeders' Association, and though, like the rest of us, the flight of time and years are leaving their mark upon him, yet his interest in all that tends to the advancement of Shorthorn lore is quite as keen as ever, and his greatest pleasure is in looking after the comfort of his splendid herd of 50 head of imported and Canadian-bred cattle, representing Scotland's most noted families, notably the Miss Ramsdens, Duchess of Glosters, Lavenders, Minas, Mayflowers, Princess Royals, Fortunas, Marr Beautys, Rosemarys, Lady Annes, and Rosalinds, the get of such noted sires as Pride of Morning, Sittyton Yet, Maximus, Denmark, Craibstone, Merryman, Luxury, Cornerstone, Merryman, Scotland's Heir and Clan Campbell, truly a grand aggregation from the breeder's standpoint, while their individuality leaves little to be desired—thick, heavy-fleshed, many of them weighing up to 1,800 lbs., and full of quality. The present stock bull is Imp. Royal Bruce, a Bruce Mayflower, sired by Winning Hope, dam Sunshade, by Sittyton Yet, grandam by Statesman. As might be expected from such breeding, Royal Bruce is an ideal, up-to-date specimen of the breed, and cannot fail to do signal service in the herd. In younger bulls, there are nine ranging from eight to twelve months, two of which are red twins, sired by Imp. Cy-lone, and out of Imp. Carnation Queen. These are a pair of rare good ones, one, particularly, giving every promise of developing into a show bull of high order. One of the others is by the same sire, and out of Imp. Duchess Anne 11th. Another is the get of Imp. Choice Koral, and out of Imp. Duchess Annie 12th. Another is the get of Imp. Lord Kintore, dam the Florence-bred cow, Florence Fanny, a daughter of Imp. Merryman. Another is sired by the Crimson Flower-bred bull, Royal Signet, a bull since exported to Japan, dam Duchess of Gloster 51st. Another is by Imp. Cyclone, and out of Clara C. 2nd, a Clara-bred cow, and a daughter of Imp. Count Douglass. The others are the get of Imp. Derby and Orange Victor. Taken all around, this is an exceptionally nice lot of young bulls that from their rich breeding and low, thick type will make ideal herd headers. In young females, there is a chance here to pick out some extra choice heifers—a few that would be very hard to turn down in any company. Parties in search of choice show heifers can pretty nearly get what they want in this lot. The herd is in the pink of condition, and, with one or two exceptions, are all young and breeding regularly.
