

RAPS O.T.A.; DENIES ANY "TOWNRING"

Magistrate Hastings, of Dunnville, Gives His Views at Cayuga

LAW AND ORDER PROBE

Although Total-Abstainer He Would Not Force People to go Dry

CAYUGA, March 11.—Resuming his evidence at the Dunnville law and order inquiry this morning, Magistrate Hastings testified that he knew nothing of any "town ring" and had never favored any group or any individual in discharge of his duties.

He resented the charge that he was an anti-prohibitionist, a term which could be interpreted in many ways. He was not a prohibitionist but was not opposed to the O.T.A., although there are two clauses in the act he considered too drastic.

He favored temperance rather than prohibition, and by temperance he meant self-control. "Although a total abstainer he would not force total abstinence on the people by any law. He thought a better system of the restricted sale of liquor than that now in force could be established. His explanations were in connection with his denials of charges two, three, four, five, six and seven.

The witness said he had taken no part in party politics since he was appointed a magistrate.

Norman Garfield Guilty of Murder

WOODSTOCK, March 10.—Norman Garfield was found guilty last night of the murder of Ben Johnson on January 20. Mr. Justice Kelly will pass sentence today. Denton Garfield found guilty yesterday of manslaughter, will also be sentenced at the same time.

Jury Out Over 2 Hours
The jury in the Norman Garfield case was out about two hours and a half, having retired at 6:12 and returned to the court room at 8:42 with the verdict.

The court room was jammed to the doors, and crowds lined the corridors and entrances, all anxious to get a glimpse of the prisoner. Mr. Justice Kelly entered the court room at 8:30 and at 8:42 the jury filed in. In the court room seated near the prisoner at the time were the young wife of Norman Garfield and a brother, Peter McDonald, Clerk of the Court, asked the jurors if they had agreed on a verdict, and after they had all answered yes, Foreman Wilfrid Cockburn arose and read the verdict.

Jury Wife in Court
The girl is unanimous in the verdict of murder.

A hush fell upon the court room. All eyes were turned toward the prisoner and his girl wife. The former showed no outward appearance of distress as the fatal words were spoken, and soon after smiled when his counsel shook his hand. In the audience many women wept, some went to the young wife and extended their sympathy and some shook the hand of the condemned man.

It was a scene being enacted for the first time in thirty years in Woodstock, the bringing in of a verdict of guilty against a man for murder. Thirty years ago Reginald Birchall had the same verdict returned against him for the murder of young Benwell, an Englishman whom he had induced to come to this country. He was hanged in the yard adjoining the local jail.

The mother of Norman Garfield, who had been in the court room all day was not present when the jury brought in its verdict.

Mobilize Voters in Upper Silesia Like Army Units

BERLIN, March 11.—The mobilization of the men and women thruout Germany entitled to vote in the Upper Silesian plebiscite began yesterday in twenty of the large German cities. Special trains left Berlin for Breslau carrying banners with inscriptions urging Germans to rally to the salvation of Upper Silesia. Bands played patriotic music.

Formal announcement of the dissolution of partnership of the firm of McCrodon & Sills, Milliners, was made today.

False Robbery Tale Remains a Mystery

Police department officials have, during the past twenty-four hours, been continuing their follow-up of clues in the bank robbery rumor which was spread about the city yesterday. They have been able to trace the story to the G.T.R. depot, where several of the police officers and liquor inspectors were seen the night before, but how the banks were linked up with the movements of the police remains unsolved.

FIRE FIRST GUN FOR REFERENDUM

City Hall Holds Audience Favorable to Prohibition of Imports

WOULD CONTROL TRAFFIC Organization Will Get List of Names Here of Those Entitled to Vote.

The first gun in the referendum campaign was fired last evening in the City Hall at a public meeting of those favorable to the passage of legislation prohibiting the importation of liquor.

The close Mr. W. B. Deacon was named chairman of the campaign committee. "It was not a strange thing to roll up a majority of over 400,000 against the return of the bar and club over a year ago, but the issue is now changed," said the chairman of the meeting, Mr. D. V. Sinclair, President of the Dominion Alliance. "If there is any one thing that might bring about the defeat of the referendum it is the apathy and indifference of the right thinking people. It would be a calamity but I don't believe it will happen."

"If it were not for the work of the Dominion Alliance in the past years, we would not be in the position we are in tonight," said Judge Deroche. "And the head of that Alliance is Mr. D. V. Sinclair, Belleville" (applause). Judge Deroche explained the purpose of the referendum soon to be taken. The province under the B.N.A. Act has the regulation of sale of liquor, the Federal Government controlling the manufacture and importation of liquor from one province to another. During war time, the importation of liquor was prohibited. When this restriction was removed, liquor again flowed into Ontario. The Federal Government then enacted legislation to give the provinces the right to take a vote on importation. The referendum is submitted under the Dominion Election Act.

"The thing to do now is to stop importation from Quebec.

"The basis of the voters' list is that used in 1919. The time is short and much work is to be done. In Belleville, Trenton and a few other centres only will there be a revision of the lists in Hastings County.

Mr. Sinclair said that the province was voting for two things, prohibition of the importation of liquor and the absolute control of the liquor traffic. He predicted a dry Dominion of Canada in two years' time.

"The time is gone by to talk of the evils of intemperance," declared Mr. F. E. O'Flynn. "Can any man say the country was better with prohibition since the Dominion Government allowed importation than it was when interprovincial transportation was restricted?"

"The forces against us, are those who are making gain out of the traffic, or those who by long association or habit are favorable to it, or those that seek the worst for Canada. Let people know where you stand.

My O'Flynn touched on the qualifications of the voter. He or she must be—(1) A British subject, (2) At least 21 years of age. (3) Have twelve months' residence in Canada, (4) Have a residence of at least two months in the Province.

Mr. O'Flynn suggested immediate organization of the city to get the names of those entitled to vote on the lists.

The need of stirring up the voters was emphasized by the speaker. At the close a short preliminary organization meeting was held.

U. S. RAILWAY WAGE REDUCTION TO BE COPIED BY CANADIAN ROADS?

CHICAGO, March 11.—Steps to bring about a reduction in wages of skilled employees probably would be taken by many railroads throughout the United States as soon as an adjustment can be made in the way of unskilled workers, according to officials and members of the railway executive general. The move by railroads of the United States to cut war-time wage-scales, long forecasted by railroad officials, appeared to be in full swing today and there were indications that Canadian roads may follow suit. A further statement from lines who have not yet announced cuts were predicted today.

START WORK ON STREETS HERE TODAY

Fine Weather in This District Brings Compensations Locally

SEWER WORK BEGUN

Contractors Resume on Station Street and Other Big Jobs.

Fine weather is bringing its advantages. Public works activities are starting up. Work has been resumed already on the Station street sewer on which Mr. W. Donahue is the contractor.

It is expected that Messrs. T. Manley and Son, contractors, will begin work on East Moira street sewer on Monday next.

Cleaning of the paved streets was resumed this afternoon by Street Foreman Henderson and the clearing of the macadam streets will be started at an early date as feasible.

Must Show Respect For Allied Troops Or Suffer Penalty

DUSSELDORF, March 11.—The Allied forces in Dusseldorf will comprise five thousand men, three thousand of whom will occupy the barracks, the remainder being distributed throughout the town.

A proclamation issued today forbids the overcharging of members of the Allied forces and declares that lack of proper respect will subject citizens to court-martial. All assemblies of a public or private nature are forbidden without special permission; petitions must be submitted three days in advance, giving the name of the organization and the approximate number of persons who are expected to attend. The display of the national colors is also forbidden.

The General said a few congratulatory words to each officer or man and expressed his pleasure at meeting them and said it gave him pleasure to present the medals as indicating long and faithful service.

Although the A. L. I. has had but a few weeks' training during which time well over 100 recruits have been absorbed the inspection was a distinct success. The unit paraded fully half strength, a showing exceedingly good as compared with units in other sections of this military district. The returned soldier was well represented and gave a distinct tone of steadiness in the ranks while the young soldier showed rapid strides in training. All four companies are well advanced in reorganization and this applies also to the "details"—signallers and stretcher-bearers. The brass and bugle bands were minutely inspected and in both turnouts and playing the General found them exceedingly satisfactory.

The battalion addressed 200 strong. Gen. King's Address
Gen. King had the battalion break ranks and form around him while he addressed them. He complimented Col. Vanderwater on the smart appearance of his command and complimented the company officers and other ranks on their steadiness and the obviously hard work they had put in while training.

He said it was always a pleasure to him to inspect troops where there had been zeal and honest hard work, as there had been here. He alluded to the presence of many former 2nd and 21st Battalion men. He was very glad to see them. The returned soldier had come home after serving a lengthy term of real soldiering with the main idea in his head to get out of uniform and to see no more of it. That sentiment was general among all ranks at that time. Now it was changing. It was seen that there must be forces, drilled and ready to take care of any possible trouble from within or from without. Canada had 300,000 or 400,000 trained soldiers when the war ended. But no one could play baseball on last year's averages and it meant training to keep fit and to keep up with the new regulations and changes of one kind or another from time to time.

The United States, which was utterly unprepared for war, not only before they came in but after it, were now spending \$11 per capita on military and naval affairs while Canada was spending only \$2.

He hoped that all ranks would continue to show the same zeal in military affairs not because of any militarist spirit, but because an efficient militia was the best national insurance.

To the young soldier he said, "Watch the old timer, he will help you."

After the inspection the General and his staff were entertained by Col. Vanderwater and the officers of the Argyll in their mess.

ARGYLLS PLEASE GENERAL KING

Smartly Turned-out Unit Passes Inspection by G. O. C., M. D. No. 3

MEDALS PRESENTED Mayor Hanna Gets Long Service Decoration as Bandsman—The Officers

The first battalion of the Argyll Light Infantry was inspected last night in the Armouries by Brig-Gen. W. B. M. King, C.M.G., D.S.O., general officer commanding, M.D. No. 3, Kingston.

Gen. King expressed his satisfaction of the turn out and the work carried on by this unit.

The inspecting officer was accompanied by Lt.-Col. F. O. Hodgins, D.S.O., C.S.O. I, M. D. No. 3, and Lieut. Col. J. F. Faulkes, D.S.O., senior officer pay services, who, after the inspection "mustered" the battalion.

A feature of the event was the presentation of long-service medals—the green ribbon—to Lt.-Col. W. J. Brown, Major S. E. Carman, Lieut. and Bandmaster E. R. Hinchey, Lt. L. F. Green, Lieut. P. W. Geen, Sgt. F. VanNorman, Bandsman C. Hanna, Bandsman R. Blaind and Bandsman W. J. Givens.

The General said a few congratulatory words to each officer or man and expressed his pleasure at meeting them and said it gave him pleasure to present the medals as indicating long and faithful service.

LAD MAIMED IN EXPLOSION TWO UNHURT

Alex. Nicholson, Emily Street, Sister and Brother Were "Playing"

HAD DYNAMITE CAP

Little Fellow Has Both Hands Maimed and Face Disfigured

Alex. Nicholson, eight-year-old son of Mr. and Mrs. Alex. Nicholson, Emily street, is lying in Belleville General Hospital body maimed and perhaps disfigured for life as a result of an explosion of a dynamite cap. Last evening he was resting as easy as might be expected and his recovery is expected.

In some way the little fellow got possession of some dynamite caps and with his little sister and an elder brother, went upstairs into a workshop in which they were accustomed to play. Playing with the caps which, they thought, were electric plugs, the youngsters were startled by an explosion. The brother, Alex, received the full charge of one of the caps, his fingers being badly torn and his face cut. The sister had a narrow escape from losing her eyesight as the flash went off in her face. Fortunately she was not injured. The other brother escaped.

Alex. was rushed to the hospital where it was found necessary to amputate two fingers of the left hand and one of the right, the surgeons finding it impossible to save them. The boy's face required treatment on account of bruises and cuts.

SIX HELD FOR MERSEY FIRES

LIVERPOOL, March 11.—Six men are now under detention following 13 Mersey-side fires on Wednesday night. They are held under Defense of the Realm Act regulations, employed in the recent Sims Pains oil rigges. Two of the men had revolvers and another carried a life-preserver. One of them belonged to a party of three held up by a farmer with a loaded gun. As they refused to surrender he fired and dropped one. The others fled. The wounded man had two revolvers.

Mr. Richard Boyd, of Kingston, is in the city today.

Some time ago the Anglican Church at Milford, Prince Edward County, was destroyed by fire. A fine new church has been erected and it was dedicated yesterday. Ven. Archdeacon Beamish of this city officiated at the service.

The Teen Age Girls of Holloway Street Methodist Church have formed a mission circle known as "The Ida Martin Circle" and named in honor of Miss Martin, president of the West Belleville auxiliary. The girls are very enthusiastic and are wasting no time in beginning their work. Their first enterprise will take the form of a Home-Cooking Sale to be held shortly.

Mr. Bliss Carman left yesterday for Ottawa and will go on from there to Montreal for the authors' convention. After spending a few days in Montreal Mr. Carman will return to New Canada, but his friends in this part of the world have extracted a promise from him to come back to Ontario when it is in leaf and blossom.

TROUSERS CHASE CITIZEN OF SASKATOON OVER EUROPE

Pant After Him From Rome and Go on False Trail to Constantinople—Speed Across Atlantic and Now are Hitting It Out Toward Prairies

TORONTO, March 11.—The Globe left his extra pair in his hotel and promptly forgot all about them. The trousers were shipped at once to Genoa. They arrived in that city a half-hour after their owner had been watted away in the general direction of Venice. Mr. Leddy was long way, but it's a lead-pipe and conspicuous by his absence when his copper-riveted cinch that no pair of trousers ever went quite as far as Canada, and they were sent to Spalato. From this city the trousers were shipped to Constantinople by the K. John J. Leddy of Saskatoon, Sask., after having globe-trotted more than 10,000 miles.

Mr. Leddy, the Canadian member of the Supreme Board of Directors of the Knights of Columbus, mislaid his trousers somewhere in the wilds of Rome when the K. of C. pilgrimage left after its visit to the Pope. This must not be taken as meaning that Mr. Leddy returned to his Saskatchewan home in his bootedoes. Far be it from such. He was lucky. He carried an extra, non-skid pair of trousers in his grip. He merely

After several days' wandering about Paris, all unprotected, the trousers were started for New York, where they landed to-day. They are now safe on their way to Mr. Leddy's home, way up there in Saskatoon.

Bandsman-Mayor To Talk on "Music"

Mayor Hanna will lecture tonight before the Ameliasburgh Community Club at Victoria. Mr. Hanna's theme this evening is not municipal politics nor the growth of Belleville, but is nothing less than "Music." The mayor has prepared an exhaustive paper on the subject. He is qualified to speak, having been a bandsman, playing the French horn since he was able to carry it. Ameliasburgh is interested in music because it has a band of its own.

DEWART MOTION MEETS DEFEAT

No Confidence Motion in Ontario House Called Lost by Speaker

DRURY NOT APOLOGIZING "I Think Our Performance Has Been Most Creditable," Says Premier

TORONTO, March 11.—The Budget debate, which had dragged several weeks of intermittent discussion, wound up in the Ontario Legislature last night with a burst of fireworks. The three Leaders, H. H. Dewart, Hon. G. H. Ferguson and Premier Drury, and Provincial Treasurer Peter Smith, followed in order in afternoon and evening sessions, and before crowded galleries delivered their orations on the subject of Provincial finances.

The Liberal Leader, H. H. Dewart, after charging misapplication of Hydro funds, flotation of loans contrary to constitutional usage, and reckless extravagance, all along the line on the part of the government, moved a want of confidence resolution which was defeated "on division" upon the conclusion of the debate. The Liberal Leader demanded that the House in future be taken more into the confidence of the government in the matter of Provincial finances and urged economy.

Goes After Mr. Rusey
Hon. G. H. Ferguson spent a good portion of his debating time in twitting the Attorney-General with being in a government which lived off the proceeds from the iniquitous race tracks, and off the proceeds from liquor sales.

Premier Drury did not go out of his way to answer the generalization on reckless expenditures, but challenged Opposition critics to name the items of expenditure which constituted the extravagance. "I would rather have had a surplus," he confessed. "But I have no apologies to offer for the work that has been done in the past year. I think our performance has been a mighty creditable one." And he went on and detailed the big items of increased outlay.

Another Toronto Church Workshops in Theatre
TORONTO, March 11.—Riverdale Presbyterian Church has decided to follow the example of Bloor Street Baptist Church and move into a theatre for its evening services. Hurdreds are now turned away every Sunday evening. A new church building is in process of erection, but this will not be completed for some time. The evening services will be held in the Palace Theatre on Danforth avenue, beginning on Sunday next.

SPEEDING HERE ANNOYS THEM

Chamber of Commerce Is Down On Fast Driving in Belleville

TELL POLICE: "STOP IT"

Motorists who "step on it" and let the old boat speed up in or about the city are persons non grata with the Belleville Chamber of Commerce. That body at a meeting last night passed a resolution urging the police to enforce traffic laws with the "utmost strictness and rigor," the said enforcement "to apply not only during the hours of daylight but especially during the night."

The resolution follows:
"Moved by D. V. Sinclair, seconded by W. B. Deacon, That the Belleville Chamber of Commerce, having in view the many narrow escapes, deplorable accidents and avoidable fatalities in our city and elsewhere, due to immoderate and illegal speeding by drivers of motor cars, would respectfully urge upon the police force, and all those connected with enforcement of the traffic regulations, the necessity for the utmost strictness and rigor in the enforcement of the existing law governing the same, said strict enforcement to apply not only during the hours of daylight but especially during the night."

Lady Rachel Cavendish and Lady Margaret Scott will leave for England in April.

Mrs. Meyers Gilbert, who has been visiting Mrs. Robertson, Chicago, has returned home.

His Excellency the Governor-General will pay a visit to Sherbrooke and Lennoxville on March 16.
