The following are some of the advantages offered by this Society:

The peculiar Benefits ascured to the Assured by the principle of the LOAN Department.

One hiff of the Premium for the first five years may be paid by the Assured's own Note. These Notes need not be paid, but may remain on Interest, to be deducted from the Policy on the death of the Assured.

of the Assured.

Insurers can at all times demand, as a right, a Loan to the extent of two-thirds the amount of Premium they have paid—upon deposit of their Policy, and guaranteeing it will be kept in force. This important advantage removes the fear so many entertain of being obliged, through pecuniary emberrassment, to let their Policies lapse, and at time such a provision is absolutely needed for their families.

The General Agency for the British North American Colonies being established in Montreat, RISKS will be accepted by the General Agent and Temporary Policics at once granted.

The Local Board meet regularly at the Office, and by them the business of the Colonies conducted, thereby affording to the Assured every facility.

LOANS will be Granted, and LOSSES PAID, at the General Agency, without referring to London.

Pamphlets, Blanks, and all requisite information, may be had on application at the MONT-REAL OFFICE, or to the AGENTS throughout the Province, through whom proposals for Assurance will be transmitted.

TEN YEARS STANDING!

NEW YORK, Jan. 9, 1848.

DR. HALSEY—DEAR SIR:—Having taken your Forest Wine and Pills to remove a disease of the Liver, from which a lave suffered severely for upwards of ten years; and, having adhered ct sely to the directions which accompany the Medicines, I have recovered my health, notwithstanding all who knew me thought my case incurable. Previous to taking the Wine and Pills, I had recourse to the best medical treatment, but continued to grow worse to an alarming degree. Some of my friends spoke despairingly of my case, and tried to persuade me from making use of any advertised remedies; and, I doubt not, but what there are hundre's who are dissuaded from taking your excellent Medicines, in consequence of the deception and inefficiency of many advertised remedies put forth by unprincipled men, in flaming advertised ments. But, what a pity it is that the deception used by others should be the means of dissuading many laboring under disease, from making trial and being cured by your excellent remedies. Humanly speaking, they have faved my life; when I commenced making use of them, I was in a wretched condition, but began to experience thair good effects in less than three days; and, in six weeks from the time I purchased the Medicines, to the great surprise of all my friends, I was entirely cured, and had increased filteen pounds in weight, having taken one box of the Pills and two bottles of the Wine. Would to God that every poor sufferer would avail himself of the same remedies!

Dr. David Marvin, celebrated Practitioner of New York, declared publicly, that one bottle of Halsey's Forest Wine contained more virtues than fifty of the large battles of Sarsaparille. Measrs.

HALBEY:—I believe your Forest Wine and Pills have been the means of saving my life. When I commenced taking them, I land at the point of death, with Bropsy, Piles, and Asthma. My Physicians had given me over as past cure, and my family had lost all hope of my recovery. While in this deadful stustion, your Forest Wine and Pills were procured for me, and before I had finished the first bottle of the Wine, and box of Pills, I experienced great relief; my body and limbs, which were greatly assolten, became sensibly reduced. Hopes of my recovery began now to revive, and after continuing the use of your medicines for about a month, the Piles and Asthma were completely cured. The Dropsy, with which my life was placed in such great danger, was also nearly gone. I have continued the use of your Medicines until the present time, and I now enjoy as perfect health as ever I did in my life, although I am more than sixty years of age. I ascribe my recovery entirely to the use of your excellent Medicines. Several of my neighbors hive also used them with similar success in obstinate complaints, and I can cheerfully recommend them to the public.
