AUTOMATON SEAMSTRESS.

A. B. WILSON'S SEWING MACHINE is now on exhibition at the OTTAWA HOUSE, Great St. James Street, Montreal, and is attracting unusual attention in this community. It is practicable for Tailors, Cap Makers, Shoe Makers, Shirt Makers; in fact, almost all kinds of sewing usually done with the needle, can be done with this Machine. As for cheapness and simplicity, they far excel any ever offered to the public. It will seam curved or straight seams, and any child twelve years old can do the work of several persons. Every family that has much sewing should have one of these Machines, as it is justly a labor-saving Machine. The public are respectfully invited to call and examine the wonderful amount of labor produced by the little Seamstress. Price of Machine, $60.

MONTREAL, 4th June 1851.

DEAR SIR,—In compliance with your request, I do so much pleasure in giving you my opinion of the extraordinary efficacy of the Waters of the Caledonia Springs, as many have been by a great many patients of mine and others, laboring under Rheumatic affections and the different forms of disease to which the human frame is liable, I consider them invaluable. Few persons, except those who have suffered from the dreadful malady, can justly appreciate their wonderful salutary effects. I have often seen persons carried to this disease, myself for one during ten years, which baffled all medical skill, but was at all, were cured by protracted sufferings, and their general health disordered and broken down in every respect, return to their homes free from pain, leaving behind (with unspeakable joy) their crutches, and with health, strength, appetite and activity restored. Striking as such results are, the perfect restored. Striking as such results are, the curative action of these Waters, the Intermittent and Sulphur Springs in particular, have been almost as great in other diseases, such as Lepra, generally called the Scotch Disease, some of the skin, in a variety of forms, Scrofula, Secondary Syphilis, and some of the forms of Cutaneous Disease.
In conclusion, allow me to add, from a personal visit to your Establishment, and independently of the advantages offered by the Waters, the great outlay you have been put to in the improvement of the place, must all tend to the unremitted care and attention which you bestow on the comfort and convenience of your Boarders, justly entitled you to a large share of public patronage and support.
I remain, dear Sir, yours very truly,
GEORGE W. CAMPBELL, A.M., M.D.,
Lecturer on Surgery, Medill College
To the Proprietor of the Caledonia Springs.

MONTREAL, December 8th 1842.

SIR,—I beg to state that I consider the Caledonia Waters efficacious in cases of Dyspepsia, Chronic Rheumatism, where the constitution has been impaired by the injudicious use of Mercury, and Inherited Syphilis in which I can add, in certain Cutaneous Diseases, I have frequently recommended their use in the above complaints, and witnessed their good effects. I hope that the benefits that are derivable from them may not be lost to society by the indiscriminate and almost universal use of other Mineral Waters, but like the fate of many of our other excellent remedies, fall into unmerited disrepute.
I have never visited the Establishment, but I have often heard it most favorably spoken of.
I am Sir, your obedient servant
JAMES CRAWFORD, M.D.
To the Proprietor of the Caledonia Springs.

DPA FRESH SUPPLY of the above WATERS has been received at the Depot, which can be had at the Counter, or sent to order to any address in town or country. Price of the Water very moderate.
