

**Excursion to Forty-mile.**

The first excursion of the season on the Yukon river will be given on Sunday and promises to be a grand success. Messrs Sparks, Chisholm and Edwards have chartered the elegant steamer Bonanza King for the occasion and will carry a crowd of merry makers to Forty-mile and return. The Bonanza King is of the Yukon Flyer line and the reputation of the boat for speed and safety is already well known to citizens of Dawson. She is an ideal excursion craft, having plenty of room for the passengers to enjoy themselves without being over crowded.

The carrying capacity of the steamer is 400 passengers but in order to insure the comfort of their patrons the gentlemen who have chartered the boat will limit the number to 300.

A full-string orchestra and brass band will be carried and the excursionists will be regaled with fine music to their heart's content.

Messrs Sparks, Chisholm and Edwards will spare no expense or pains to make the trip a pleasant one for all. An elegant dinner will be provided free of charge to all purchasers of tickets. The arrival of fresh dainties and provisions from up the river will enable the Bonanza King's crew to furnish a most delectable repast which in itself will be by no means the least among the many pleasures of the occasion.

In order that nothing may occur to mar the enjoyment of anyone it has been decided that no liquors shall be sold or taken aboard by passengers.

The steamer will leave Dawson at 1 o'clock p.m. Sunday, returning at 11 o'clock the same night, giving one hour for sight-seeing and enjoyment at Forty-mile. Tickets for the round trip will be \$5, including dinner on board. Tickets are on sale at the Yukon Flyer office, at the steamer and by the charterers of the steamer.

**A Triumph.**

Have you seen the new Bodega? If you have not, then you have failed to see and appreciate the effect of disaster and loss upon men of strong indomitable energy and courage like Joe Jordan and George Appel. The old Bodega was small, neat and original and was as all knew, a total loss by fire. The new Bodega covers a ground space of 25 x 80 feet, is a most substantial frame structure, is two stories high, and has a thirteen-foot ceiling down-stairs and ten-foot ceiling up-stairs. The numerous fires which have afflicted Dawson have rendered it impossible to quite finish the building upon the ambitious scale designed by the proprietors, which include downstairs a complete finish in Chinese glass and gold. However, there is no scarcity in equipment, which includes electric lights in clusters and branches, electric bells to all parts of the house, electric fan which, at a speed of 1700 revolutions per minute, will dispel all discomfort during the heated term, electric cigar lighter and all the modern conveniences of a first-class Victoria saloon.

Up-stairs is devoted to eleven commodious offices, which from their size and location make them the most desirable in town, led to by a good wide staircase in front, and an equally capacious fire escape at the back. The bay windows of the front office give the building a most stylish appearance from the street, and afford an elegant and unobstructed view of the river.

Among the intended comforts of the new Bodega is a complete steam-heating outfit for the coming winter, a luxury which appeals instinctively to every Klondike who has spent the past winter up the inside.

When one stops to remember that it is but a few short weeks ago that the Bodega was nothing but a black spot on the Dawson townsite, and Jordan and Appel Co.-helpless spectators at a pondering ruin, the cheerful and indomitable energy of the men becomes more and more admirable. Joe and George, here's a hand to you, and may the success which you merit crown your efforts.
